UnitedHealthcare Connected® for MyCareOhio (Medicare-Medicaid Plan) 2025 *List of Covered Drugs (Drug List or Formulary)*

Introduction

This document is called the *List of Covered Drugs* (also known as the *Drug List*). It tells you which prescription drugs and over-the-counter (OTC) drugs are covered by UnitedHealthcare Connected for MyCareOhio. The *Drug List* also tells you if there are any special rules or restrictions on any drugs covered by UnitedHealthcare Connected for MyCareOhio. Key terms and their definitions appear in the last chapter of the *Member Handbook*.

A. Disclaimers

This is a list of drugs that members can get in UnitedHealthcare Connected for MyCareOhio.

- ❖ UnitedHealthcare Connected® for MyCareOhio (Medicare-Medicaid Plan) is a health plan that contracts with both Medicare and Ohio Medicaid to provide benefits of both programs to enrollees.
- ❖ The *List of Covered Drugs* and/or pharmacy and provider networks may change throughout the year. We will send you a notice before we make a change that affects you.
- ❖ Benefits and/or copays may change on January 1 of each year.
- ❖ You can always check UnitedHealthcare Connected for MyCareOhio's up-to-date *List of Covered Drugs* online at **UHC.com/CommunityPlan**.
- ❖ Copays for prescription drugs may vary based on the level of Extra Help you get. Please contact the plan for more details.
- ❖ We have free interpreter services to answer any questions that you may have about our health or drug plan. To get an interpreter, just call us at **1-877-542-9236**, TTY **711**, 8 a.m.-8 p.m. local time, Monday-Friday (voicemail available 24 hours a day, 7 days a week). Someone who speaks a language other than English can help you. This is a free service.
- ❖ Contamos con servicios gratuitos de interpretación para responder cualquier pregunta que pudiera tener sobre nuestro plan de salud o de medicamentos. Para obtener un intérprete, simplemente llámenos al **1-877-542-9236**, TTY **711**, de 8 a.m. a 8 p.m., hora local, de lunes a viernes (correo de voz disponible las 24 horas del día, los 7 días de la semana). Una persona que hable un idioma distinto del inglés puede ayudarle. Este servicio es gratuito.
- ❖ 我們提供免費口譯服務，回答您對我們的健康或配藥計劃的任何問題。若您需要口譯員，請撥打 **1-877-542-9236**，聽力語言殘障服務專線 (TTY) **711**，週一至週五，當地時間上午 8 時至晚上 8 時 (每週 7 天，每天 24 小時均可使用語音信箱)。除了中文以外，會說其他語言的人可協助您。這是一項免費服務。
- ❖ You can get this document for free in other formats, such as large print, braille, or audio. Call **1-877-542-9236**, TTY **711**, 8 a.m.-8 p.m. local time, Monday-Friday (voicemail available 24 hours a day, 7 days a week). The call is free.
- ❖ You can call Member Services and ask us to make a note in our system that you would like materials in Spanish, large print, braille or audio now and in the future.
- ❖ UnitedHealthcare Insurance Company complies with applicable Federal civil rights laws, and does not discriminate on the basis of race, color, national origin, sex, age, or disability in health programs and activities.

If you have questions, or need to speak with your care manager please call UnitedHealthcare Connected for MyCareOhio at **1-877-542-9236**, TTY **711**, 8 a.m.-8 p.m. local time, Monday-Friday (voicemail available 24 hours a day, 7 days a week). If your need is urgent, you may call the Nurse Hotline at **1-800-542-8630**, 24 hours a day/7 days a week. These calls are free. **For more information**, visit **UHC.com/CommunityPlan**.

B. Frequently Asked Questions (FAQ)

Find answers here to questions you have about this *List of Covered Drugs*. You can read all of the FAQ to learn more, or look for a question and answer.

B1. What prescription drugs are on the *List of Covered Drugs*? (We call the *List of Covered Drugs* the “*Drug List*” for short.)

The drugs on the *List of Covered Drugs* that starts in section C are the drugs covered by UnitedHealthcare Connected for MyCareOhio. These drugs are available at pharmacies within our network. A pharmacy is in our network if we have an agreement with them to work with us and provide you services. We refer to these pharmacies as “network pharmacies.”

- UnitedHealthcare Connected for MyCareOhio will cover all medically necessary drugs on the *Drug List* if:
 - your doctor or other prescriber says you need them to get better or stay healthy, **and**
 - you fill the prescription at a UnitedHealthcare Connected for MyCareOhio network pharmacy.
- UnitedHealthcare Connected for MyCareOhio may have additional steps to access certain drugs (refer to question B4 below).

You can also refer to the up-to-date list of drugs that we cover on our website at **UHC.com/CommunityPlan** or call Member Services at **1-877-542-9236**, TTY **711**.

B2. Does the *Drug List* ever change?

Yes, and UnitedHealthcare Connected for MyCareOhio must follow Medicare and Medicaid rules when making changes. We may add or remove drugs on the *Drug List* during the year.

We may also change our rules about drugs. For example, we could:

- Decide to require or not require prior authorization (PA) or approval for a drug. (PA is permission from UnitedHealthcare Connected for MyCareOhio before you can get a drug.)
- Add or change the amount of a drug you can get (called quantity limits).
- Add or change step therapy restrictions on a drug. (Step therapy means you must try one drug before we will cover another drug.)

For more information on these drug rules, refer to question B4.

This section is continued on the next page.

If you have questions, or need to speak with your care manager please call UnitedHealthcare Connected for MyCareOhio at **1-877-542-9236**, TTY **711**, 8 a.m.-8 p.m. local time, Monday-Friday (voicemail available 24 hours a day, 7 days a week). If your need is urgent, you may call the Nurse Hotline at **1-800-542-8630**, 24 hours a day/7 days a week. These calls are free. **For more information**, visit **UHC.com/CommunityPlan**.

Last updated August 1, 2025

If you are taking a drug that was covered at the **beginning** of the year, we will generally not remove or change coverage of that drug **during the rest of the year** unless:

- a new, cheaper drug comes on the market that works as well as a drug on the *Drug List* now, **or**
- we learn that a drug is not safe, **or**
- a drug is removed from the market.

Questions B3 and B6 below have more information on what happens when the *Drug List* changes.

- You can always check UnitedHealthcare Connected for MyCareOhio's up-to-date *Drug List* online at **UHC.com/CommunityPlan**. Updates to the *Drug List* are posted on the website monthly.
- You can also call Member Services to check the current *Drug List* at **1-877-542-9236**, TTY **711**.

B3. What happens when there is a change to the *Drug List*?

Some changes to the *Drug List* will happen **immediately**. For example:

- **Substitutions of certain new version of drugs.** We may immediately remove the drugs from the *Drug List* if we replace them with certain new versions of that drug but your cost for the new drug will stay the same. When we add the new generic drug, we may also decide to keep the brand name drug or original biological product on the list but change its coverage rules or limits.
 - We may not tell you before we make this change, but we will send you information about the specific change we made once it happens.
 - We can make these changes only if the drug we are adding:
 - Is a new generic version of a brand name drug, **or**
 - Is a certain new biosimilar version of original biological products on the *Drug List* (for example, adding an interchangeable biosimilar that can be substituted for an original biological product without a new prescription).
 - Some of these drug types may be new to you. For more information, refer to Section B14.
 - You or your provider can ask for an exception from these changes. We will send you a notice with the steps you can take to ask for an exception. Please refer to questions B10 - B12 for more information on exceptions.
- **A drug is taken off the market.** If the Food and Drug Administration (FDA) says a drug you are taking is not safe or effective or the drug's manufacturer takes a drug off

This section is continued on the next page.

If you have questions, or need to speak with your care manager please call UnitedHealthcare Connected for MyCareOhio at **1-877-542-9236**, TTY **711**, 8 a.m.-8 p.m. local time, Monday-Friday (voicemail available 24 hours a day, 7 days a week). If your need is urgent, you may call the Nurse Hotline at **1-800-542-8630**, 24 hours a day/7 days a week. These calls are free. **For more information**, visit **UHC.com/CommunityPlan**.

Last updated August 1, 2025

the market, we may immediately take it off the *Drug List*. If you are taking the drug, we will send you a notice after we make the change. Contact your doctor or other prescriber and ask about your other options.

We may make other changes that affect the drugs you take. We will tell you in advance about these other changes to the *Drug List*. These changes might happen if:

- The FDA provides new guidance or there are new clinical guidelines about a drug.
- We remove a brand name drug from the *Drug List* when adding a generic drug that is not new to the market, **or**
- we remove an original biological product when adding a biosimilar, **or**
- we change the coverage rules or limits for the brand name drug.

When these changes happen, we will:

- tell you at least 30 days before we make the change to the *Drug List* **or**
- let you know and give you a 30-day supply of the drug after you ask for a refill.

This will give you time to talk to your doctor or other prescriber. They can help you decide:

- if there is a similar drug on the *Drug List* you can take instead **or**
- whether to ask for an exception from these changes. To learn more about exceptions, refer to questions B10 – B12.

B4. Are there any restrictions or limits on drug coverage or any required actions to take to get certain drugs?

Yes, some drugs have coverage rules or have limits on the amount you can get. In some cases you or your doctor or other prescriber must do something before you can get the drug. For example:

- **Prior authorization (PA) or approval:** For some drugs, you or your doctor or other prescriber must get PA from UnitedHealthcare Connected for MyCareOhio before you fill your prescription. UnitedHealthcare Connected for MyCareOhio may not cover the drug if you do not get approval.
- **Quantity limits:** Sometimes UnitedHealthcare Connected for MyCareOhio limits the amount of a drug you can get.
- **Step therapy:** Sometimes UnitedHealthcare Connected for MyCareOhio requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor or other prescriber thinks the first drug doesn't work for you, then we will cover the second.

This section is continued on the next page.

If you have questions, or need to speak with your care manager please call UnitedHealthcare Connected for MyCareOhio at **1-877-542-9236**, TTY **711**, 8 a.m.-8 p.m. local time, Monday-Friday (voicemail available 24 hours a day, 7 days a week). If your need is urgent, you may call the Nurse Hotline at **1-800-542-8630**, 24 hours a day/7 days a week. These calls are free. **For more information**, visit **UHC.com/CommunityPlan**.

Last updated August 1, 2025

You can find out if your drug has any additional requirements or limits by looking in the tables in section C. You can also get more information by visiting our website at **UHC.com/CommunityPlan**. We have posted online documents that explain our PA and step therapy restrictions. You may also ask us to send you a copy.

You can ask for an exception from these limits. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception. Please refer to questions B10 - B12 for more information about exceptions.

B5. How will I know if the drug I want has limits or if there are required actions to take to get the drug?

The table of drugs in section C has a column labeled “Necessary actions, restrictions, or limits on use.”

B6. What happens if UnitedHealthcare Connected for MyCareOhio changes their rules about some drugs (for example, PA or approval, quantity limits, and/or step therapy restrictions)?

In some cases, we tell you in advance if we add or change PA, quantity limits, and/or step therapy restrictions on a drug. Refer to question B3 for more information about this advance notice and situations where we may not be able to tell you in advance when our rules about drugs on the *Drug List* change.

B7. How can I find a drug on the *Drug List*?

There are two ways to find a drug:

- You can search alphabetically by the drug’s name, **or**
- You can search by medical condition.

To search **alphabetically**, refer to the Index of Covered Drugs section. You can find it in section D. Look in the Index and find your drug. Next to your drug, you will see the page number where you can find coverage information.

To search **by medical condition**, find the section labeled “Drugs Grouped by Medical Condition” in section C. The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should

This section is continued on the next page.

If you have questions, or need to speak with your care manager please call UnitedHealthcare Connected for MyCareOhio at **1-877-542-9236**, TTY **711**, 8 a.m.-8 p.m. local time, Monday-Friday (voicemail available 24 hours a day, 7 days a week). If your need is urgent, you may call the Nurse Hotline at **1-800-542-8630**, 24 hours a day/7 days a week. These calls are free. **For more information**, visit **UHC.com/CommunityPlan**.

Last updated August 1, 2025

look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

B8. What if the drug I want to take is not on the *Drug List*?

If you don't find your drug on the *Drug List*, call Member Services at **1-877-542-9236**, TTY **711** and ask about it. If you learn that UnitedHealthcare Connected for MyCareOhio will not cover the drug, you can do one of these things:

- Ask Member Services for a list of drugs like the one you want to take. Then show the list to your doctor or other prescriber. They can prescribe a drug on the *Drug List* that is like the one you want to take. **Or**
- You can ask the health plan to make an exception to cover your drug. Please refer to questions B10 – B12 for more information about exceptions.

B9. What if I am a new UnitedHealthcare Connected for MyCareOhio member and can't find my drug on the *Drug List* or have a problem getting my drug?

We can help. We may cover a temporary 30-day supply of your drug during the first 90 days you are a member of UnitedHealthcare Connected for MyCareOhio. This will give you time to talk to your doctor or other prescriber. They can help you decide if there is a similar drug on the *Drug List* you can take instead or whether to ask for an exception.

If your prescription is written for fewer days, we will allow multiple refills to provide up to a maximum of 30 days of medication.

We will cover a 30-day supply of your drug if:

- you are taking a drug that is not on our *Drug List*, **or**
- health plan rules do not let you get the amount ordered by your prescriber, **or**
- the drug requires PA by UnitedHealthcare Connected for MyCareOhio, **or**
- you are taking a drug that is part of a step therapy restriction.

If you are in a nursing home or other long-term care facility and need a drug that is not on the *Drug List* or if you cannot easily get the drug you need, we can help. If you have been in the plan for more than 90 days, live in a long-term care facility, and need a supply right away:

- We will cover one 31-day supply of the drug you need (unless you have a prescription for fewer days), whether or not you are a new UnitedHealthcare Connected for MyCareOhio member.
- This is in addition to the temporary supply during the first 90 days you are a member of UnitedHealthcare Connected for MyCareOhio.

This section is continued on the next page.

If you have questions, or need to speak with your care manager please call UnitedHealthcare Connected for MyCareOhio at **1-877-542-9236**, TTY **711**, 8 a.m.-8 p.m. local time, Monday-Friday (voicemail available 24 hours a day, 7 days a week). If your need is urgent, you may call the Nurse Hotline at **1-800-542-8630**, 24 hours a day/7 days a week. These calls are free. **For more information**, visit **UHC.com/CommunityPlan**.

Last updated August 1, 2025

If you are going through a change in your level of care, such as being transferred from a hospital to a long-term care facility, any time during the year, we may cover a temporary 31-day supply of the Part D drug you need. This will give you time to talk to your doctor or other prescriber about other treatment options or to try to get an exception. Please refer to questions B10 - B12 for more information about exceptions.

We will not pay for more of your drug after you get a temporary supply unless you receive authorization from UnitedHealthcare Connected for MyCareOhio.

B10. Can I ask for an exception to cover my drug?

Yes. You can ask UnitedHealthcare Connected for MyCareOhio to make an exception to cover a drug that is not on the *Drug List*.

You can also ask us to change the rules on your drug.

- For example, UnitedHealthcare Connected for MyCareOhio may limit the amount of a drug we will cover. If your drug has a limit, you can ask us to change the limit and cover more.
- Other examples: You can ask us to drop step therapy restrictions or PA requirements.

B11. How can I ask for an exception?

To ask for an exception, call Member Services. A Member Services representative will work with you and your provider to help you ask for an exception. You can also read Chapter 9 of the *Member Handbook* to learn more about exceptions.

B12. How long does it take to get an exception?

After we get a statement from your prescriber supporting your request for an exception, we will give you a decision within 72 hours. Your doctor or other prescriber can fax or mail the statement to us. Or your doctor or other prescriber can tell us on the phone, and then fax or mail a statement. If you have questions, please call Member Services at **1-877-542-9236**, TTY **711**.

If you or your prescriber think your health may be harmed if you have to wait 72 hours for a decision, you can ask for an expedited exception. This is a faster decision. If your prescriber supports your request, we will give you a decision within 24 hours of getting your prescriber's supporting statement.

B13. What are generic drugs?

This section is continued on the next page.

If you have questions, or need to speak with your care manager please call UnitedHealthcare Connected for MyCareOhio at **1-877-542-9236**, TTY **711**, 8 a.m.-8 p.m. local time, Monday-Friday (voicemail available 24 hours a day, 7 days a week). If your need is urgent, you may call the Nurse Hotline at **1-800-542-8630**, 24 hours a day/7 days a week. These calls are free. **For more information**, visit **UHC.com/CommunityPlan**.

Last updated August 1, 2025

Generic drugs are made up of the same active ingredients as brand name drugs. They usually cost less than the brand name drug and generally work just as well. They usually don't have well-known names. Generic drugs are approved by the Food and Drug Administration (FDA). There are generic drugs available for many brand name drugs. Generic drugs usually can be substituted for brand name drugs at the pharmacy without a new prescription – depending on state laws.

UnitedHealthcare Connected for MyCareOhio covers both brand name drugs and generic drugs.

B14. What are original biological products and how are they related to biosimilars?

When we refer to drugs, this could mean a drug or a biological product. Biological products are drugs that are more complex than typical drugs. Since biological products are more complex than typical drugs, instead of having a generic form, they have forms that are called biosimilars. Generally, biosimilars work just as well as the original biological product and may cost less. There are biosimilars alternatives for some original biological products. Some biosimilars are interchangeable biosimilars and, depending on state laws, may be substituted for the original biological product at the pharmacy without needing a new prescription, just like generic drugs can be substituted for brand name drugs.

For more information on drug types, refer to Chapter 5 of the Member Handbook.

B15. What are OTC drugs?

OTC stands for “over-the-counter.” UnitedHealthcare Connected for MyCareOhio covers some OTC drugs when they are written as prescriptions by your provider.

You can read the UnitedHealthcare Connected for MyCareOhio *Drug List* to find which OTC drugs are covered.

B16. Does UnitedHealthcare Connected for MyCareOhio cover non-drug OTC products?

Yes. UnitedHealthcare Connected for MyCareOhio covers some non-drug OTC products when they are written as prescriptions by your provider.

You can read the UnitedHealthcare Connected for MyCareOhio *Drug List* to find which non-drug OTC products are covered.

B17. What is my copay?

This section is continued on the next page.

If you have questions, or need to speak with your care manager please call UnitedHealthcare Connected for MyCareOhio at **1-877-542-9236**, TTY **711**, 8 a.m.-8 p.m. local time, Monday-Friday (voicemail available 24 hours a day, 7 days a week). If your need is urgent, you may call the Nurse Hotline at **1-800-542-8630**, 24 hours a day/7 days a week. These calls are free. **For more information**, visit **UHC.com/CommunityPlan**.

Last updated August 1, 2025

You can read the UnitedHealthcare Connected for MyCareOhio *Drug List* to learn about the copay for each drug. UnitedHealthcare Connected for MyCareOhio members living in nursing homes or other long-term care facilities will have no copays. Some members getting long-term care in the community will also have no copays.

Copays are listed by tiers. Tiers are groups of drugs with the same copay.

- Tier 1 drugs have the lowest copay. They are generic drugs. The copay is from \$0 to \$4.90, depending on your income.
- Tier 2 drugs have a higher copay. They are brand name drugs. The copay is from \$0 to \$12.15, depending on your income.
- Tier 3 drugs have \$0 copay. They are OTC drugs.

If you have questions, or need to speak with your care manager please call UnitedHealthcare Connected for MyCareOhio at **1-877-542-9236**, TTY **711**, 8 a.m.-8 p.m. local time, Monday-Friday (voicemail available 24 hours a day, 7 days a week). If your need is urgent, you may call the Nurse Hotline at **1-800-542-8630**, 24 hours a day/7 days a week. These calls are free. **For more information**, visit **[UHC.com/CommunityPlan](https://www.uhc.com/CommunityPlan)**.

Last updated August 1, 2025

C. Drugs Grouped by Medical Condition

The drugs in this section are grouped into categories depending on the type of medical conditions they are used to treat. For example, if you have a heart condition, you should look in the category, Cardiovascular Agents. That is where you will find drugs that treat heart conditions.

The following list of covered drugs gives you information about the drugs covered by UnitedHealthcare Connected for MyCareOhio. If you have trouble finding your drug in the list, turn to the Index of Covered Drugs that begins in section D. The index alphabetically lists all drugs covered by UnitedHealthcare Connected for MyCareOhio.

The first column of the table lists the name of the drug. Brand name drugs are capitalized (e.g., HUMALOG) and generic drugs are listed in lower-case italics (e.g., *simvastatin*).

The information in the “Necessary actions, restrictions, or limits on use” column tells you if UnitedHealthcare Connected for MyCareOhio has any rules for covering your drug.

Meanings of the codes used in the “Necessary actions, restrictions, or limits on use” column:

PA – Prior authorization (approval)

For some drugs, you or your doctor or other prescriber must get approval from UnitedHealthcare Connected for MyCareOhio before you fill your prescription. UnitedHealthcare Connected for MyCareOhio may not cover the drug if you do not get approval.

QL - Quantity limits

Sometimes UnitedHealthcare Connected for MyCareOhio limits the amount of a drug you can get.

ST - Step therapy

Sometimes UnitedHealthcare Connected for MyCareOhio requires you to do step therapy. This means you will have to try drugs in a certain order for your medical condition. You might have to try one drug before we will cover another drug. If your doctor or other prescriber thinks the first drug doesn't work for you, then we will cover the second.

Meanings of the codes used for other special coverage rules:

B/D - Medicare Part B or Part D

Depending on how this drug is used, it may be covered by either Medicare Part B (doctor and outpatient health care) or Medicare Part D (prescription drugs). Your doctor or prescriber may need to provide the plan with more information about how this drug will be used to make sure it's correctly covered by Medicare.

LA - Limited access

Drugs are considered “limited access” if the FDA says the drug can only be given out by certain facilities, doctors or prescribers. These drugs may require extra handling, provider coordination or patient education that can't be done at a network pharmacy.

MME - Morphine milligram equivalent

Additional quantity limits may apply to all opioid drugs used to treat pain. This additional limit is called a cumulative Morphine Milligram Equivalent (MME). It's designed to monitor safe dosing levels of opioids for people who may be taking more than 1 opioid drug for pain management. If

This section is continued on the next page.

your doctor or prescriber prescribes more than this amount or thinks the limit is not right for your situation, you or your doctor or prescriber can ask the plan to cover the additional quantity.

7D - 7-day limit

An opioid drug used to treat pain may be limited to a 7-day supply if you don't have a recent history of using opioids. This limit helps minimize long-term opioid use. If you are new to the plan and have a recent history of using opioids, the pharmacy may override the limit when appropriate.

DL - Dispensing limit

Dispensing limits apply to this drug. This drug is limited to a 1-month supply per prescription.

Note: The asterisk (*) next to a drug means the drug is not a "Part D drug." The amount you pay when you fill a prescription for this drug does not count towards your total drug costs (that is, the amount you pay does not help you qualify for catastrophic coverage).

- In addition, if you are getting Extra Help to pay for your prescriptions, you will not get any Extra Help to pay for these drugs. For more information on Extra Help, please refer to the call-out box below.
- These drugs also have different rules for appeals. An appeal is a formal way of asking us to review a coverage decision and to change it if you think we made a mistake. For example, we might decide that a drug that you want is not covered or is no longer covered by Medicare or Medicaid.
- If you or your prescriber disagrees with our decision, you can appeal. To ask for instructions on how to appeal, call Member Services at **1-877-542-9236**, TTY **711**. You can also read Chapter 9, of the *Member Handbook* to learn how to appeal a decision.

Extra Help

Extra Help is a Medicare program that helps people with limited incomes and resources reduce Medicare Part D prescription drug costs, such as premiums, deductibles, and copays. Extra Help is also called the "Low-Income Subsidy," or "LIS."

Name of Drug	What the drug will cost you (tier level)	Necessary actions, restrictions or limits on use
