

Are You Insured by KanCare?

Increase your odds and quit tobacco for good!

Quitting tobacco is hard. Expanded benefits from KanCare give you a better chance to succeed.

For the first time, KanCare is combining two programs with no copays:

- **Tobacco cessation medications**, including the nicotine patch, gum, lozenge, inhaler, nasal spray, Chantix or Zyban
- **Counseling services**, from your health care provider, to support you while you try to quit.

This means if you don't succeed the first time, it doesn't end there!

Still looking for a reason to quit? Try these:

- Your health and appearance will improve
- More money and time to do the things you want to do
- Your loved ones

Ask your health care provider today!
