What's inside

Our Member Services team is here to help you. See Page 2 for a story about how we helped a member get her medication.

Health + Wellness

What is WIC?

Support for feeding your family

The Women, Infants and Children (WIC) program is for women who are pregnant or have just given birth. It is also for nursing mothers, infants and children up to age 5. It provides a check, voucher or card each month to buy healthy food options. Foods include milk, cheese, eggs, whole grains and peanut butter. You can also get beans, fruits, vegetables, juice and more. Visit health.ny.gov/prevention/nutrition/wic to learn more and see if you or your children are eligible.

Everyday Life

Over-the-counter benefits

Save money at the pharmacy

Prices are getting higher for many of the things you need. Do you purchase over-the-counter (OTC) medications? These are items you can buy without a prescription. They include:

- Sinus and allergy medicine
- Pain relievers such as Tylenol, Advil or aspirin
- Vitamins
- Cough medicine
- Heartburn medicine
- First-aid cream
- Contraceptives
- Products to help you quit smoking

Your health plan may be able to save you money. You may have benefits that reduce the cost of OTC medications.

istock.com/kwangmozaa

Save today. Call Member Services toll-free at the phone number on Page 4 to learn how to use your OTC medication benefits.

Member Experience

A helping hand

When you have issues with your health coverage, we're here to help. A member with diabetes was having trouble getting medication for her insulin pump. So, she called Member Services.

Member Services worked with the doctor's office and pharmacy. They got the information needed to approve the request. The member was able to get her medicine.

The member was very thankful for the help. She now knows she can contact the case manager for any future needs. This kind of help from Member Services is available to all members.

Support when you need it. Call Member Services toll-free at the phone number on Page 4. We're here to help.

Did you know?

Starting Sept. 1, 2022, you must use a prescriber who is enrolled with Medicaid Fee for Service. If your prescriber is not

enrolled with Medicaid Fee for Service, the prescriptions and supplies they prescribed will not be covered. If you have any questions, call Member Services toll-free at the phone number on Page 4.

Covered Care

Are you due for care?

Screenings and vaccines keep your family healthy

Preventive care is important. It helps you and your family stay healthy. Preventive care includes routine screenings and vaccines. Here are some your family may be due for.

Cervical cancer screening

Women between the ages of 21 and 29 should get a Pap smear every 3 years. Then Pap and HPV tests every 5 years between ages 30 and 65. Testing can end at age 65 for women with a history of normal Pap results.

Developmental and behavioral screenings

These screenings make sure your child is developing properly. They look at your child's movement, language, emotions, behavior and thinking. They should be done when your child is 9 months old, 18 months old, and 24 or 30 months old. They can also be done anytime you have a concern.

Childhood vaccines

Vaccines are one of the best ways you can protect your child from serious diseases. The Centers for Disease Control and Prevention (CDC) has a list of recommended vaccines. They also have a schedule of when your child should get them. For more information, visit [cdc.gov/vaccines](https://www.cdc.gov/vaccines).

Influenza (flu) vaccine

Everyone 6 months and older should get a flu shot every year. It is available in the fall and winter months. It's not too late to get one this flu season.

COVID-19 vaccine

The CDC recommends everyone stay up to date with their COVID-19 vaccines. Everyone 6 months and older should get all primary series doses. Everyone ages 5 and older should also get a booster dose. Updated booster shots are available. They protect from more recent variants of the virus. Before you get one, you should wait at least 2 months after your last COVID-19 vaccine. Or wait 3 months after the last time you had COVID-19.

Check it out. Checklists to help you prepare for your visit are available. Visit adultwellnessvisit.myuhc.com and childwellnessvisit.myuhc.com.
