Specialty Medication Cost Share drug list by therapeutic class

This is the Specialty Medication Cost Share (SMCS) drug list. It includes most specialty medications for each therapeutic class. Some medications on the list may not be covered by your plan or may require prior authorization and/or step therapy (referred to as First Start in New Jersey). This list is updated 3 times per year. Medications on this list may have a higher cost-share than non-specialty medications.

Questions about your pharmacy benefit or how to obtain coverage for a medication?

Please call the toll-free phone number on your health plan ID card. Or sign in to **myuhc.com®** to learn more.

Therapeutic class	Drug name
Anemia	**Aranesp**
	Epogen
	Jesduvroq

This list is intended to be general and is subject to variation due to applicable state laws. Not all plans cover all listed medications. Exclusions and utilization management programs, such as Prior Authorization-Notification, Prior Authorization - Medical Necessity and/or Step Therapy programs may apply. Medications may also require sourcing through a Designated Specialty Pharmacy. Drugs may be added or removed from this list. Please refer to your benefit plan documents to understand your specific coverage. Where differences are noted between this list and your benefit plan documents, the benefit plan documents will govern. Please refer to myuhc.com for specific coverage information or call the member phone number listed on your health plan ID card.

† Coverage is set by the consumer's prescription drug benefit plan. Please consult plan documents regarding benefit coverage and cost-share. Prior authorization (sometimes referred to as precertification) may be required.
