**Prescription drug  
list changes**

**Effective October 1, 2025**

Dear Valued Plan Participant:

We want to alert you about upcoming changes to the Prescription Drug List (PDL) for your plan.

These changes include copay costs or coverage requirements. Review the list of changes to learn if any of your medications will be impacted.

To help outline changes in cost or coverage, prescription drugs are grouped by tiers. A tier indicates the amount you pay when you fill a prescription. Please reference this chart as you review the changes to the PDL for your plan.

**Tier 1**

Lowest-cost medications

**Tier 2**

Mid-range cost

**Tier 3**

Highest-cost

**Prescription drugs with limited coverage<sup>1,2</sup>**

We review prescription drugs based on their total value. This includes how a drug works and how much it costs. When more than one drug works in the same way, we may choose to limit coverage of the higher-cost option. In some cases, you may need to get a prior authorization or try another covered drug first.
