

# Updates to your prescription benefits

Effective May 1, 2026

## Traditional 3-Tier PDL update summary

Within the Prescription Drug List (PDL), prescription drugs are grouped by tier. The tier indicates the cost and coverage level of a drug. Please reference the chart below as you review the following updates to the PDL.

**Tier 1**  
Lowest-cost medications

**Tier 2**  
Mid-range cost

**Tier 3**  
Highest-cost

## Prescription drugs excluded from benefit coverage<sup>1,2</sup>

We evaluate prescription drugs based on their total value, including how a drug works, its safety, and how much it costs. When several drugs work in the same way, we may choose to exclude the higher-cost option. Effective **May 1, 2026**, the drugs listed below may be excluded from coverage or you may need to get a prior authorization. Sign into your online account to check if there are any actions you need to take.

| Therapeutic use | Medication name                                                                     | Alternative treatment option(s)                                                                                                                               |
|-----------------|-------------------------------------------------------------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------|
| Asthma          | Fluticasone Furoate<br>Ellipta (Arnuity Ellipta<br>authorized generic) <sup>3</sup> | Arnuity Ellipta, Qvar RediHaler                                                                                                                               |
| Cancer          | Nilotinib tartrate <sup>3,4</sup>                                                   | nilotinib hydrochloride (generic Tasigna) <sup>5</sup>                                                                                                        |

| Pain & inflammation        | ibuprofen 300 mg <sup>3</sup>                        | ibuprofen (generic Motrin), naproxen tablets (generic Naprosyn, generic Anaprox DS), OTC ibuprofen (Advil/Motrin), OTC naproxen (Aleve) |
| Pain & inflammation        | Indocin rectal suppository (brand only) <sup>4</sup> | indomethacin rectal suppository (generic Indocin) <sup>5</sup>                                                                          |
| Pain & inflammation        | Indocin suspension (brand only) <sup>4</sup>         | indomethacin oral suspension (generic Indocin) <sup>5</sup>                                                                             |
| Pulmonary hypertension     | Tracleer tablet (brand only) <sup>4</sup>            | bosentan (generic Tracleer) <sup>5</sup>                                                                                                |
| Pulmonary hypertension     | Yutrepia <sup>3,4</sup>                              | Tyvaso <sup>5</sup>                                                                                                                     |
| Skin conditions            | Ala-Scalp                                            | hydrocortisone 2.5% topical lotion (generic Hytone)                                                                                     |
| Skin conditions            | hydrocortisone 2% lotion                             | hydrocortisone 2.5% topical lotion (generic Hytone)                                                                                     |
| Ulcers, heartburn & reflux | Nexium packet (brand only) <sup>4</sup>              | esomeprazole suspension (generic Nexium) <sup>5</sup>                                                                                   |

<sup>1</sup> Medication is typically excluded from coverage.

<sup>2</sup> Exclusion includes brand, generic and authorized generic products unless otherwise noted.

<sup>3</sup> Newly released medication which was excluded from coverage at the time of launch and will continue to be excluded from our pharmacy benefit.

<sup>4</sup> For plans that do not exclude these medications, step therapy or prior authorization may be required prior to coverage.

<sup>5</sup> Step therapy or prior authorization may be required prior to coverage.

# Traditional 3-Tier PDL clinical programs update summary

Some prescription drugs may have programs or limits that apply. Below are the changes that will be effective **May 1, 2026**.

## **MN** New medical necessity

Medical necessity is a type of prior authorization that evaluates the clinical appropriateness of a medication, such as condition being treated, type of medication, frequency of use, and duration of therapy. The following medications will now require medical necessity for coverage.

| Therapeutic use          | Medication name      |
|--------------------------|----------------------|
| Testosterone replacement | Jatenzo <sup>6</sup> |

## **QL** New quantity limits

Quantity limits establish the maximum quantity of a drug that is covered per copay or in a specified time frame. The drugs below will now be part of the quantity limits program.

| Therapeutic use         | Medication name                                                 | Revised quantity limit     |
|-------------------------|-----------------------------------------------------------------|----------------------------|
| Inflammatory conditions | Adalimumab-adaz<br>80 mg/0.8 mL <sup>7</sup>                    | 2 auto-injectors per month |
| Inflammatory conditions | Yuflyma CD/UC/HS<br>Starter Kit 80 mg/<br>0.8 mL <sup>6,8</sup> | 3 auto-injectors per year  |

## **ST** New step therapy

The medications below have a new or revised step therapy program. You must try one or more other medications before the medication below may be covered.

| Therapeutic use | Medication name                          | Step 1 medication |
|-----------------|------------------------------------------|-------------------|
| Diabetes        | Novolin N Flexpen<br>Relion <sup>6</sup> | Humulin N         |
| Diabetes        | Novolin R Flexpen<br>Relion <sup>6</sup> | Humulin R         |

<sup>6</sup> Medication is typically excluded from coverage.

<sup>7</sup> Step therapy or prior authorization may be required prior to coverage.

<sup>8</sup> For plans that do not exclude these medications, step therapy or prior authorization may be required prior to coverage.

**ማሳሰቢያ፡- አማርኛ (Amharic)** የሚናገሩ ከሆኑ፣ ነፃ የቋንቋ እገዛ አገልግሎቶች እና ነፃ ተግባቦቶች እንደ ትልቅ እትም ባሉ ሌሎች ቅርፀቶች ለእርስዎ ይገኛሉ። በአባልነት መታወቂያ ካርድዎ ላይ ያለውን ነፃ የስልክ ቁጥር ይደውሉ።
