

2026 Preventive Medication list for consumer-driven health plans (CDH)

This is a list of **Preventive Medications** that may be covered under your plan. If your plan covers these Preventive Medications, your insurance benefit is applied before you meet your deductible.

This list has most of the medications in each therapeutic class. Some of them may not be covered by your plan. To find out if a drug is covered or if utilization management programs, such as prior authorization and/or step therapy (referred to as First Start in New Jersey) programs apply, please check your health plan's member website or call the toll-free phone number on your member ID card. This may not be a full list. Brand and generic drugs may not always be available due to market changes.

CDH preventive drug lists may also be used with non-CDH plans

Effective January 1, 2026
