## Wellness programs and more

- **UnitedHealthcare Rewards (UHC Rewards)** is a program where employees and their spouses can earn rewards for reaching program goals and completing one-time activities. Participants can personalize their experience by selecting activities that are right for them – and choosing ways to spend earnings. Participants may immediately start earning rewards by activating UHC Rewards from the UnitedHealthcare app and their **myuhc.com** account.
- **Care Cash**® helps employees pay toward cost-sharing for certain eligible network health care expenses and encourages them to use quality care. This preloaded debit card can be used for UnitedHealth Premium® provider visits as well as network primary care provider visits, 24/7 Virtual Visits, urgent care visits and outpatient behavioral health visits. Care Cash is only available with select plans. Program availability excludes health account deposits (HRA, HSA). Speak with your plan representative to confirm availability with your health plan option.
- **Vital Medication Program** may provide no out-of-pocket costs for certain medications such as insulin (rapid, short- and long-acting), epinephrine (allergic reactions), glucagon (hypoglycemia/low blood sugar), naloxone (opioid overdose) and albuterol (asthma).
- **Real Appeal**® takes an evidence-based approach to support weight loss to help people make small changes necessary for larger long-term health results. Real Appeal uses a highly interactive internet show, videos and live online coaching to drive small behavior changes.
  - Group coaching with other participants
  - Coaches guide employees through the program, customizing goals to help fit their needs
