Individual Exchange Medical Policy

Agreement and Consideration

We will pay Benefits as set forth in this Policy. This Policy is issued in exchange for and on the basis of the statements made on your application and payment of the first Premium. It takes effect on the effective date shown above. Coverage will remain in force until the first Premium due date, and for such further periods for which Premium payment is received by us when due, subject to the renewal provision below. Coverage will begin at 12:01 a.m. and end at 12:00 midnight in the time zone where you live.

Guaranteed Renewable Subject to Listed Conditions

You may keep coverage in force by timely payment of the required Premiums under this Policy, except that your coverage may end for events as described in *Section 4: When Coverage Ends*, under *Events Ending Your Coverage* and *Other Events Ending Your Coverage*.

This Policy will renew on January 1 of each calendar year. On January 1st, we may make modifications in coverage if such modifications are made on a uniform basis for all individuals with the same product. In addition, we may make modifications at any time if the modification is directly related to a State or Federal requirement and the modification is made within a reasonable time period after the State or Federal requirement is imposed or modified.

On January 1 of each calendar year, we may change the rate table used for this Policy form. Each Premium will be based on the rate table in effect on that Premium's due date. Some of the factors used in determining your Premium rates are the Policy plan, tobacco use status of Covered Persons, type and level of Benefits and place of residence on the Premium due date and age of Covered Persons as of the effective date or renewal date of coverage. Premium rates are expected to increase over time.

At least 60 days' notice of any plan to take an action or make a change permitted by this clause will be mailed to you at your last address as shown in our records.

Nothing in this section requires us to renew or continue coverage for which your continued eligibility would otherwise be prohibited under applicable law.

10-Day Right to Examine and Return this Policy

Please read this Policy. If you are not satisfied, you may notify us within 10 days after you received it. Any Premium paid will be refunded, less claims paid. This Policy will then be void from its start.

This Policy is signed for us as of the effective date as shown above.

How Do You Access Benefits?

Selecting a Network Primary Care Physician

You must select a Network Primary Care Physician, who is in the Network Area and accepting new patients, in order to obtain Benefits. In general health care terminology, a Primary Care Physician may also be referred to as a *PCP*. A Network Primary Care Physician will be able to coordinate all Covered Health Care Services and submit electronic referrals online to UnitedHealthcare for services from Network Physicians. The electronic referral must be received by UnitedHealthcare before the services are rendered. If you see a Network Physician without an electronic referral from your Primary Care Physician, you will be responsible for all charges and no Benefits will be paid, regardless of the place of service. This includes responsibility for charges for all related services and facility charges received from the Network Physician without the required referral. You should confirm what referrals have been submitted for you and the number of remaining visits on each referral by going to www.myuhc.com/exchange. You do not need a referral to see a Network obstetrician/gynecologist or to receive services through the Mental Health/Substance-Related and Addictive Disorders Delegate.

You can get a list of Network Primary Care Physicians, Network obstetricians and gynecologists and other Network providers through www.myuhc.com/exchange or the telephone number on your ID card.

You may change your Network Primary Care Physician by calling the telephone number shown on your ID card or by going to www.myuhc.com/exchange.

If you are the custodial parent of an Enrolled Dependent child, you must select a Network Primary Care Physician who is in the Network Area, for that child. You may designate a Network Physician who specializes in pediatrics (including pediatric subspecialties, based on the scope of that Provider's license under applicable state law) as the Network Primary Care Physician for an Enrolled Dependent child. If you do not select a Network Primary Care Physician for yourself or your Enrolled Dependent child, one will be assigned.

Network and Out-of-Network Benefits

To obtain Benefits, you must receive Covered Health Care Services from a UnitedHealthcare Individual Exchange Network provider. You can confirm that your provider is a UnitedHealthcare Individual Exchange Network provider through the telephone number on your ID card or you can access a directory of providers at www.myuhc.com/exchange. You should confirm that your provider is a UnitedHealthcare Individual Exchange Network provider including when receiving Covered Health Care Services for which you received a referral from your Primary Care Physician.

Except as specifically described in this *Schedule of Benefits*, Benefits are not available for services provided by out-of-Network providers. This Benefit plan does not provide an out-of-Network level of Benefits.

Benefits apply to Covered Health Care Services that are provided by a Network Physician or other Network provider within the Network Area.

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Covered Health Care Services provided at certain Network facilities by an out-of-Network Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. For these Covered Health Care Services, "certain Network facility" is limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center as described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

Ground and Air Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you, this *Schedule of Benefits* will control.

Care Management

There may be additional services that are available to you, such as disease management programs, discharge planning, health education, and patient advocacy. When you seek prior authorization for a Covered Health Care Service as required or are otherwise identified as meeting eligibility requirements for a care management program, we will work with you to engage in the care management process and to provide you with information about these additional services.

Does Prior Authorization Apply

We require prior authorization for certain Covered Health Care Services. Your Primary Care Physician and other Network providers are responsible for obtaining prior authorization before they provide these services to you.

Please note that prior authorization is required even if you have an electronic referral submitted online to UnitedHealthcare by your Primary Care Physician to seek care from another Network Physician.

We recommend that you confirm with us that all Covered Health Care Services have been prior authorized as required. Before receiving these services from a Network provider, you may want to call us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call us at the telephone number on your ID card.

What Will You Pay for Covered Health Care Services?

Benefits for Covered Health Care Services are described in the tables below.

Payment Information

Annual Deductibles are calculated on a calendar year basis.

Out-of-Pocket Limits are calculated on a calendar year basis.

Benefit limits are calculated on a calendar year basis unless otherwise specifically stated.

NOTE: When Covered Health Care Services are provided by an Indian Health Service provider, your cost share may be reduced.

Payment Term And Description	Amounts
Annual Deductible	
The amount you pay for Covered Health Care Services per year before you are eligible to receive Benefits. This plan does not have a medical Annual Deductible but may have an Annual Drug Deductible. See the <i>Outpatient Prescription Drugs</i> section.	No Annual Deductible.

Payment Term And Description	Amounts
Amounts paid toward the Annual Deductible for Covered Health Care Services that are subject to a visit or day limit will also be calculated against that maximum Benefit limit. As a result, the limited Benefit will be reduced by the number of days/visits used toward meeting the Annual Deductible. The amount that is applied to the Annual Deductible is calculated on the basis of the Allowed Amount or the Recognized Amount when applicable. The Annual Deductible does not include any amount that exceeds the Allowed Amount. Details about the way in which Allowed Amounts are determined appear at the end of the <i>Schedule of Benefits</i> table.	
Out-of-Pocket Limit The maximum you pay per year for the Annual Deductible, Co-payments or Co-insurance. Once you reach the Out-of-Pocket Limit, Benefits are payable at 100% of Allowed Amounts during the rest of that year. The Out-of-Pocket Limit applies to Covered Health Care Services under the Policy as indicated in this <i>Schedule of Benefits</i> including Covered Health Care Services provided under the <i>Outpatient Prescription Drugs</i> section. The Out-of-Pocket Limit applies to Covered Health Care Services under the Policy as indicated in this <i>Schedule of Benefits</i> including the <i>Pediatric Dental Care Services</i> section and the <i>Pediatric Vision Care Services</i> section. Details about the way in which Allowed Amounts are determined appear at the end of the <i>Schedule of Benefits</i> table. The Out-of-Pocket Limit does not include any of the following and, once the Out-of-Pocket Limit has been reached, you still will be required to pay the following: • Any charges for non-Covered Health Care Services. • Charges that exceed Allowed Amounts, when applicable.	\$10,600 per Covered Person, not to exceed \$21,200 for all Covered Persons in a family.
Co-payment	
Co-payment is the amount you pay (calculated as a set dollar amount) each time you receive certain Covered Health Care Services. When Co-payments apply, the amount is listed on the following pages next to the description for each Covered Health Care Service. Please note that for Covered Health Care Services, you are responsible for paying the lesser of: • The applicable Co-payment. • The Allowed Amount or the Recognized Amount when applicable. Details about the way in which Allowed Amounts are determined appear at the end of the <i>Schedule of Benefits</i> table.	
Co-insurance	
Co-insurance is the amount you pay (calculated as a percentage of the Allowed Amount or the Recognized Amount when applicable) each time you receive certain Covered Health Care Services. Details about the way in which Allowed Amounts are determined appear at the end of the <i>Schedule of Benefits</i> table.

Allowed Amounts

Allowed Amounts are the amount we determine that we will pay for Benefits.

- For Network Benefits for Covered Health Care Services provided by a Network provider, except for your cost sharing obligations, you are not responsible for any difference between Allowed Amounts and the amount the provider bills.
- For Covered Health Care Services that are ***Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Co-payment, Co-insurance or deductible which is based on the Recognized Amount as defined in this *Policy*.

Allowed Amounts are determined in accordance with our reimbursement policy guidelines or as required by law, as described in this *Policy*.

For Network Benefits, Allowed Amounts are based on the following:

- When Covered Health Care Services are received from a Network provider, Allowed Amounts are our contracted fee(s) with that provider.
- When Covered Health Care Services are received from an out-of-Network provider as arranged by us, including when there is no Network provider who is reasonably accessible or available to provide Covered Health Care Services, Allowed Amounts are an amount negotiated by us or an amount permitted by law. Please contact us if you are billed for amounts in excess of your applicable Co-insurance, Co-payment or any deductible. We will not pay excessive charges or amounts you are not legally obligated to pay.

When Covered Health Care Services are received from an out-of-Network provider as described below, Allowed Amounts are determined as follows:

IMPORTANT NOTICE: Out-of-Network providers may not bill you for any difference between the provider's billed charges and the Allowed Amount described here.

Provider Network

We arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to choose your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting us at www.myuhc.com/exchange or the telephone number on your ID card to request a copy. If you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through a database, provider directory, or in a response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing (Co-payment, Co-insurance and applicable deductible) that would be no greater than if the service had been provided from a Network provider.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Benefits. However, if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with us to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for help.

Designated Providers

If you have a medical condition that we believe needs special services, we may direct you to a Designated Provider chosen by us. If you require certain complex Covered Health Care Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Care Services from a Designated Provider, we may reimburse certain travel expenses.

In both cases, Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or morbid obesity surgery) that might warrant referral to a Designated Provider. If you do not notify us in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Benefits will not be paid.

Health Care Services from Out-of-Network Providers

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through an out-of-Network provider. If you receive a Covered Health Care Service from an out-of-Network provider as a result of an Emergency or if we refer you to an out-of-Network provider, we will reimburse you for any out-of-Network cost you incurred that you would not have otherwise incurred if you had received the Covered Health Care Service from a Network provider. This means if the out-of-Network provider bills and seeks to collect from you amounts in excess of our payment, please call the telephone number on your health insurance identification card, and we will commence negotiation with the out-of-Network provider. We will not pay excessive charges or amounts that you are not legally obligated to pay. A Network exception does not include Benefits if you decide to go out-of-Network for Covered Health Care Services. Network exceptions must be arranged by us.

Outpatient Prescription Drugs Schedule of Benefits

When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products at a Network Pharmacy and are subject to Co-payments and/or Co-insurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change. Therefore, your Co-payment and/or Co-insurance may change or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Co-payment and/or Co-insurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed. Supply limits are subject, from time to time, to our review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed to you, your Physician is required to obtain prior authorization from us or our designee. The reason for obtaining prior authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or unproven service.

We may also require your Physician to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist.

If your Physician does not obtain prior authorization from us before the Prescription Drug Product is dispensed, you will be responsible for paying all charges and no Benefits will be paid. The Prescription Drug Products requiring prior authorization are subject, from time to time, to our review and change. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

If your Physician does not obtain prior authorization from us before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. You may seek reimbursement from us as described in the Policy in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because your Physician did not obtain prior authorization from us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Co-insurance and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or unproven service.

We may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements related to such programs by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

Does Step Therapy Apply?

Certain Prescription Drug Products for which Benefits are described under the *Outpatient Prescription Drugs* section of the Policy are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

You may find out whether a Prescription Drug Product is subject to step therapy requirements by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

Your Right to Request an Exception When a Medication is Not Listed on the Prescription Drug List (PDL)

When a Prescription Drug Product is not listed on the PDL, you or your representative may request an exception to gain access to the excluded Prescription Drug Product. To make a request, contact us in writing or call the toll-free number on your ID card. We will notify you of our determination within 72 hours.

Please note, if your request for an exception is approved by us, you may be responsible for paying the applicable Co-payment and/or Co-insurance based on the Prescription Drug Product tier placement, or at the second highest tier. For example, if you have a 5-tier plan, then the 4th tier would be considered the second highest tier. Benefits for contraceptives and PrEP are covered at no cost to you.

We may, from time to time, change the placement of a Prescription Drug Product among the tiers. In the event that a Prescription Drug Product that you are currently taking moves to a higher tier or is removed from the PDL, we will notify you and your prescribing health care provider no less than 60 days prior to the change. This notice will include instructions for your provider to notify us if you should continue using the current drug for the remainder of your plan year. If your provider submits written or electronic notice that you should remain on your current medication, we will not change your coverage of that drug during the current plan year. Your provider may need to request a formulary exception for continued coverage of the drug at the time of your plan renewal.

If you are renewing the existing Health Plan coverage and have previously received approval for a Prescription Drug Product that is no longer on the PDL, you or your Physician may request an exception for continued access to the excluded Prescription Drug Product. We will approve the request if your Physician uses the exception process and submits clinical documentation showing all of the following:

- You have previously tried a Prescription Drug Product that was covered at the time and considered clinically appropriate, and it was not effective or caused a harmful or adverse reaction, specified by your Physician; and
- You have experienced a positive therapeutic outcome on the Prescription Drug Product for which you're requesting an exception for more than 90 days; and
- The available alternatives on the Prescription Drug List are contraindicated or are likely to cause a serious adverse reaction.

If your request for a formulary exception is approved, coverage for the Prescription Drug Product will remain in effect through the end of your current plan year, unless the drug is indicated for short-term use or a shorter duration is clinically appropriate. You and your prescribing Physician will receive written confirmation of the approval, including the duration of coverage. If you do not qualify for a formulary exception under the criteria outlined above, you may still request an appeal using our standard appeal process.

If we approve an exception for a Brand-name drug that is not on the Prescription Drug List but has a Generic equivalent, you will also be responsible for the difference in cost between the Brand-name drug and the Generic equivalent.

Urgent Requests

If your request requires immediate action and a delay could significantly increase the risk to your life, health, or ability to regain maximum function or when you are undergoing a current course of treatment using a Prescription Drug Product not listed on the PDL, call us as soon as possible. We will provide a written or electronic determination within 24 hours.

External Review

If you are not satisfied with our determination of your exception request, you may be entitled to request an external review. You or your representative may request an external review by sending a written request to us to the address set out in the determination letter or by calling the toll-free number on your ID card. The *Independent Review Organization (IRO)* will notify you of our determination within 72 hours.

Expedited External Review

If you are not satisfied with our determination of your exception request and it involves an urgent situation, you or your representative may request an expedited external review by calling the toll-free number on your ID card or by sending a written request to the address set out in the determination letter. The *IRO* will notify you of our determination within 24 hours.

This Policy will remain in effect as long as the Premium is paid when due, subject to the renewal and termination provisions of this Policy.

We are delivering this Policy in Arizona. This Policy is governed by Arizona law.

Introduction to Your Policy

This Policy describes your Benefits, as well as your rights and responsibilities, under this Policy.

What Are Defined Terms?

Certain capitalized words have special meanings. We have defined these words in *Section 8: Defined Terms*.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare of Arizona, Inc..

When we use the words "you" and "your," we are referring to people who are Covered Persons, as that term is defined in *Section 8: Defined Terms*.

How Do You Use This Document?

Read your entire Policy and any attached Amendments. You may not have all of the information you need by reading just one section. Keep your *Policy* and *Schedule of Benefits* and any attachments in a safe place for your future reference. You can also get this Policy at www.myuhc.com/exchange.

Review the Benefit limitations of this Policy by reading the attached *Schedule of Benefits* along with *Section 1: Covered Health Care Services* and *Section 2: Exclusions and Limitations*. Read *Section 7: General Legal Provisions* to understand how this Policy and your Benefits work. Call us if you have questions about the limits of the coverage available to you.

If there is a conflict between this *Policy* and any summaries provided to you, this *Policy* controls.

Please be aware that your Physician is not responsible for knowing or communicating your Benefits.

How Do You Contact Us?

Call the telephone number listed on your ID card. Throughout the document you will find statements that encourage you to contact us for more information.

Your Responsibilities

Enrollment and Required Premiums

Benefits are available to you if you are enrolled for coverage under this Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins and Premiums*. To be enrolled and receive Benefits, all of the following apply:

- Your enrollment must be in accordance with the requirements of this Policy, including the eligibility requirements.
- You must qualify as a Policyholder or a Dependent as those terms are defined in *Section 8: Defined Terms*.
- You must pay Premium as required.

Be Aware the Policy Does Not Pay for All Health Care Services

This Policy does not pay for all health care services. Benefits are limited to Covered Health Care Services provided by Network providers. You may contact us for assistance in obtaining timely Covered Health Care Services when you or your Physician cannot find a Network provider who is timely accessible or available. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

Decide What Services You Should Receive

Care decisions are between you and your Physician. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. For more information on prior authorization, please refer to the *Schedule of Benefits*.

A prior authorization request, once granted or deemed granted, is binding on us, may be relied on by you and the Physician and may not be rescinded or modified by us or our utilization review agent after the Physician renders the authorized health care services in good faith and pursuant to the authorization unless there is evidence of fraud or misrepresentation by the provider.

Pay Your Share

You must meet any applicable deductible and pay a Co-payment and/or Co-insurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable deductible, Co-payment and Co-insurance amounts are listed in the *Schedule of Benefits*.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with this Policy's exclusions.

Show Your ID Card

You should show your ID card every time you request health care services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered.

File Claims with Complete and Accurate Information

The Allowed Amount due to a Provider will be paid directly to the Provider except when you paid an out-of-Network provider directly for Covered Health Care Services. If you receive a Covered Health Care Service from an out-of-Network provider as a result of an Emergency or if we refer you to an out-of-Network provider, we will reimburse the out-of-Network provider for any out-of-Network cost you incurred that you would not have otherwise incurred if you had received the Covered Health Care Service from a Network provider, as described in the *Schedule of Benefits*. In order to request payment from us, the claim must be filed in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability, Benefits for that particular condition or disability are subject to your previous carrier's obligation under state law or contract.

Our Responsibilities

Determine Benefits

We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We will determine the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this Policy, the *Schedule of Benefits* and any Amendments.
- Make factual determinations relating to Benefits.

We may assign this authority to other persons or entities that may provide administrative services for this Policy, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time as we determine. In order to receive Benefits, you must cooperate with those service providers.

Pay for Our Portion of the Cost of Covered Health Care Services

We pay Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by this Policy.

Pay Network Providers

As described in *Section 5: How to File a Claim*, it is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Care Services from Network providers, you do not have to submit a claim to us.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We adjudicate claims consistent with industry standards. We develop our reimbursement policy guidelines generally in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. Out-of-Network providers may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. However, if you receive a Covered Health Care Service from an out-of-Network provider, as a result of an Emergency or if we authorize services from an out-of-Network provider, we will reimburse the out-of-Network provider for any out-of-Network cost you incurred that you would not have otherwise incurred if you had received the Covered Health Care Service from a Network provider, as described in the *Schedule of Benefits*. You may get copies of our reimbursement policies for yourself or to share with your out-of-Network Physician or provider at the telephone number on your ID card.

We may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on CMS coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, we will use a comparable methodology(ies). We and *OptumInsight* are related companies through common ownership by

UnitedHealth Group. Refer to our website at www.myuhc.com/exchange for information regarding the vendor that provides the applicable methodology.

Offer Health Education Services to You

We may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but we recommend that you discuss them with your Physician.

Section 1: Covered Health Care Services

When Are Benefits Available for Covered Health Care Services?

Benefits are available only when all of the following are true:

- The health care service, including supplies or Pharmaceutical Products, is only a Covered Health Care Service if it is Medically Necessary. (See definitions of Medically Necessary and Covered Health Care Service in *Section 8: Defined Terms*.)
- You receive Covered Health Care Services while this Policy is in effect.
- You receive Covered Health Care Services prior to the date that any of the individual termination conditions listed in *Section 4: When Coverage Ends* occurs.
- The person who receives Covered Health Care Services is a Covered Person and meets all eligibility requirements.

The fact that a Physician or other provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a Sickness, Injury, Mental Illness, Substance-Related and Addictive Disorders, disease or its symptoms does not mean that the procedure or treatment is a Covered Health Care Service under this Policy.

This section describes Covered Health Care Services for which Benefits are available. Please refer to the attached *Schedule of Benefits* for details about:

- The amount you must pay for these Covered Health Care Services (including any Annual Deductible, Co-payment and/or Co-insurance).
- Any limit that applies to these Covered Health Care Services (including visit, day and dollar limits on services).
- Any limit that applies to the portion of the Allowed Amount or the Recognized Amount when applicable, you are required to pay in a year (Out-of-Pocket Limit).
- Any responsibility you have for obtaining prior authorization or notifying us.

Please note that in listing services or examples, when we say "this includes," it is not our intent to limit the description to that specific list. When we do intend to limit a list of services or examples, we state specifically that the list "is limited to."

Ambulance Services

Emergency ambulance transportation by a licensed ambulance service (either ground or Air Ambulance) to the nearest Hospital where the required Emergency Health Care Services can be performed.

Non-Emergency ambulance transportation by a licensed ambulance service (either ground or Air Ambulance, as we determine appropriate) between facilities only when the transport meets one of the following (prior authorization is required):

- To the closest Network Hospital that provides the required Covered Health Care Services that were not available at the original Hospital.

- "Sub-acute facility" means a facility that provides intermediate care on short-term or long-term basis.

Routine costs for clinical trials do not include:

- The Experimental or Investigational Service(s) or item. The only exceptions to this are:
 - Certain *Category B* devices. A *Category B* device is known to be safe and effective due to *Food and Drug Administration* premarket approval for that device type.
 - Certain promising interventions for patients with Terminal Illnesses.
 - Other items and services that meet specified criteria in accordance with our medical and drug policies.
- Items and services provided solely to meet data collection and analysis needs and that are not used in the direct clinical management of the patient.

- Items and services provided by the research sponsors free of charge for any person taking part in the trial.

With respect to cancer or other life-threatening diseases or conditions, a qualifying clinical trial is a Phase I, Phase II, Phase III, or Phase IV clinical trial. The peer review system is determined by the *Secretary of Health and Human Services* to meet both of the following criteria:
 - ♦ Comparable to the system of peer review of studies and investigations used by the *National Institutes of Health*.
 - ♦ Ensures unbiased review of the highest scientific standards by qualified individuals who have no interest in the outcome of the review.
- The study or investigation takes place under an investigational new drug application reviewed by the *U.S. Food and Drug Administration*.

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period, as determined by the federal Health Insurance Marketplace.

For the purpose of this provision, a "qualified individual" is an individual who has been determined eligible to enroll in a Qualified Health Plan through the federal Health Insurance Marketplace.

 - The result of the error, misrepresentations, misconduct, or inaction of an officer, employee, or agent of the federal Health Insurance Marketplace or the *U.S. Department of Health and Human Services (HHS)* or its instrumentalities, or a non-Health Insurance Marketplace entity;

In these circumstances, the federal Health Insurance Marketplace may take action as may be necessary to correct or eliminate the effects of the error, misrepresentation, misconduct, or inaction.

 - A qualified individual or Dependent who was previously ineligible for advance payments of the premium tax credit solely because of a household income below 100% of the federal poverty level and who, during the same timeframe, was ineligible for Medicaid because he or she was living in a non-Medicaid expansion

state, who either experiences a change in household income or moves to a different state resulting in the qualified individual becoming eligible for advance payments of the premium tax credit.

- A qualified individual or Dependent newly gains access to an individual coverage HRA (as defined in 45 CFR 146.123(b)) or is newly provided a qualified small employer health reimbursement arrangement (QSEHRA) (as defined in section 9831(d)(2) of the Internal Revenue Code).

For purposes of this triggering event, a qualified individual or Dependent may enroll in or change to any Qualified Health Plan, regardless of whether the qualified individual or Dependent is currently enrolled in a Qualified Health Plan.
- An Indian, as defined by the Indian Health Care Improvement Act, may enroll in a Qualified Health Plan or change from one Qualified Health Plan to another one time per month.
- A qualified individual loses a Dependent or is no longer a Dependent through divorce or legal separation as defined by state law in the state in which the divorce or legal separation occurs, or if the qualified individual or Dependent, dies.
- A qualified individual is a victim of domestic abuse or spousal abandonment or a Dependent or unmarried victim within a household, is enrolled in minimum essential coverage, and seeks to enroll in coverage separate from the perpetrator of the abuse or abandonment.
- A qualified individual applies for coverage on the federal Health Insurance Marketplace during the annual open enrollment period or due to a qualifying event, is assessed by the federal Health Insurance Marketplace as potentially eligible for Medicaid or for the Children's Health Insurance Program (CHIP) and is determined ineligible for Medicaid or CHIP by the State Medicaid or CHIP agency either after open enrollment has ended or more than 60 days after the qualifying event.

Qualified individuals who are required to demonstrate having coverage in the 60 days prior to a triggering event can do so by demonstrating:

qualified individual under the *Social Security Act (Medicaid)*, or 4) loses medically needy coverage as described under the *Social Security Act* only once per calendar year, has 60 days before and after loss of coverage to select a Qualified Health Plan.

A qualified individual or Dependent who is enrolled in an eligible employer-sponsored plan is determined newly eligible for advance payments of the premium tax credit based in part on a finding that such individual is ineligible for qualifying coverage in an eligible-employer sponsored plan in accordance with 26 CFR 1.36B-2(c)(3), including as a result of his or her employer discontinuing or changing available coverage within the next 60 days, provided that such individual is allowed to terminate existing coverage has 60 days before and after the loss of eligibility for qualifying coverage in an eligible employer-sponsored plan to select a Qualified Health Plan.

Additional Premium may also be required, and it will be calculated from the date determined by federal Health Insurance Marketplace.

The newborn child will be covered from the time of its birth for loss due to Injury and Sickness, including loss from complications of birth, premature birth, medically diagnosed congenital defect(s), and birth abnormalities.

In no event shall the grace period extend beyond the date this Policy terminates.

We may pay Benefits for Covered Health Care Services incurred during this 31-day grace period. Any such Benefit payment is made in reliance on the receipt of the full Premium due from you by the end of the grace period.

However, if we pay Benefits for any claims during the grace period, and the full Premium is not paid by the end of the grace period, we will require repayment of all Benefits paid from you or any other person or organization that received payment on those claims. If repayment is due from another person or organization, you agree to assist and cooperate with us in obtaining repayment. Prior to the last day of the three-month grace period, we must receive all Premiums due for those three months. No claims will be paid beyond the first month of the grace period until all Premiums are paid for the full three-month grace period.

However, once your coverage ends, we will not pay claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended).

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Policyholder's coverage ends.

We will refund any Premium paid and not earned due to Policy termination.

This Policy may also terminate due to changes in the actuarial value requirements under state or federal law. If this Policy terminates for this reason, a new Policy, if available, may be issued to you.

You may keep coverage in force by timely payment of the required Premiums under this Policy or under any subsequent coverage you have with us.

This Policy will renew on January 1 of each calendar year. However, we may refuse renewal if any of the following occur:

- We refuse to renew all policies issued on this form, with the same type and level of Benefits, to residents of the state where you then live, as explained under *The Entire Policy Ends* below.
- There is fraud or intentional misrepresentation made by you or with your knowledge in filing a claim for Benefits, as explained under *Fraud or Intentional Misrepresentation* below.
- Your eligibility would otherwise be prohibited under applicable law.

What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**

Your coverage ends on the date this Policy ends. That date will be one of the following:

- The date determined by the federal Health Insurance Marketplace that this Policy will terminate because the Policyholder no longer lives in the Service Area.
- The date we specify, after we give you 90 days prior written notice, that we will terminate this Policy because we will discontinue offering and refuse to renew all policies issued on this form, with the same type and level of benefits, for all residents of the state where you reside.
- The date we specify, after we give you and the applicable state authority at least 180 days prior written notice, that we will terminate this Policy because we will discontinue offering and refuse to renew all individual policies/certificates in the individual market in the state where you reside.

- **You Are No Longer Eligible**

Your coverage ends on the date you are no longer eligible to be a Policyholder or an Enrolled Dependent, as determined by the federal Health Insurance Marketplace. Please refer to *Section 8: Defined Terms* for definitions of the terms "Eligible Person," "Policyholder," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**

Your coverage ends on the date determined by the federal Health Insurance Marketplace rules if we receive notice from the federal Health Insurance Marketplace instructing us to end your coverage.

Your coverage ends on the date determined by the federal Health Insurance Marketplace rules if we receive notice from you instructing us to end your coverage.

Other Events Ending Your Coverage

When any of the following happen, we will provide written notice to the Policyholder that coverage has ended on the date we identify in the notice:

- **Failure to Pay**

You fail to pay the required Premium.

- **Fraud or Intentional Misrepresentation of a Material Fact**

We will provide at least 30 days advance required notice to the Policyholder that coverage will end on the date we identify in the notice because you committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If we find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the Policy.

- **You Accept Reimbursement for Premium**

- You accept any direct or indirect contribution or reimbursement by or on behalf of any third party including, but not limited to, any health care provider or any health care provider sponsored organization for any portion of the Premium for coverage under this Policy. This prohibition does not apply to the following third parties:

- *Ryan White HIV/AIDS Program under title XXVI of the Public Health Service Act.*
- Indian tribes, tribal organizations or urban Indian organizations
- Local, State and Federal Government programs, including grantees directed by government programs to make payments on their behalf consistent with the program's statutory authority.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental, developmental, or physical disability.
- The Enrolled Dependent child depends mainly on the Policyholder for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of this Policy.

You must furnish us with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached 26 years of age. Before we agree to this extension of coverage for the child, we may require that a Physician we choose examine the child. We will pay for that exam.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at our expense. We will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

Reinstatement

When coverage under this Policy terminates for any reason, we will not reinstate coverage. You must make application for coverage under another Policy, subject to the rules of the federal Health Insurance Marketplace.

We may, as we determine, pay an out-of-Network provider directly for services rendered to you. In the case of any such assignment of Benefits or over payment to an out-of-Network provider, we have the right to offset Benefits to be paid to the provider by any amounts that the provider owes us.

Section 7: General Legal Provisions

What Is Your Relationship with Us?

It is important for you to understand our role with respect to this Policy and how it may affect you. We administer this Policy under which you are insured. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the Policy will cover or pay for the health care that you may receive. The Policy pays for Covered Health Care Services, which are more fully described in this Policy.
- The Policy may not pay for all treatments you or your Physician may believe are needed. If the Policy does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

What Is Our Relationship with Providers?

We have agreements in place that govern the relationship between us and Network providers, some of which are affiliated providers. Network providers enter into an agreement with us to provide Covered Health Care Services to Covered Persons.

We do not provide health care services or supplies, or practice medicine. We arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials. It does not assure the quality of the services provided. We are not responsible for any act or omission of any provider.

What Is Your Relationship with Providers?

The relationship between you and any provider is that of provider and patient.

You are responsible for all of the following:

- Choosing your own provider.
- Paying, directly to your provider, any amount identified as a member responsibility, including Co-payments, Co-insurance, any deductible and any amount that exceeds the Allowed Amount, when applicable.
- Paying, directly to your provider, the cost of any non-Covered Health Care Service.
- Deciding if any provider treating you is right for you. This includes Network providers you choose and providers that they refer.
- Deciding with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

Do We Pay Incentives to Providers?

We pay Network providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health care services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Care Services for a particular procedure or medical condition. Your Co-payment and/or Co-insurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Co-payment and/or Co-insurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Care Services that are not considered part of the inclusive bundled payment and those Covered Health Care Services would be subject to the applicable Co-payment and/or Co-insurance as described in your *Schedule of Benefits*.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your provider. You may also call us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above.

Are Incentives Available to You?

Sometimes we may offer coupons, enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs, certain disease management programs, surveys, discount programs, administrative programs, and/or programs to seek care in a more cost-effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, we recommend that you discuss taking part in such programs with your Physician. We will notify you of the opportunity to participate in available programs and of any criteria for eligibility. Contact us at www.myuhc.com/exchange or the telephone number on your ID card if you have any questions.

As determined by us, incentives may include, but are not limited to, the following:

- A digital fitness program.
- Gift card incentives valued at a maximum of \$500 for completing certain activities throughout the year, such as having a wellness visit with your Primary Care Physician or taking other plan communication-related actions (e.g., signing up for text messages or paperless communications).

Do We Receive Rebates and Other Payments?

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed onto you, they may be taken into account in determining your Co-payment and/or Co-insurance.

Who Interprets Benefits and Other Provisions under the Policy?

We have the sole and exclusive authority to do all of the following:

- Interpret Benefits under this Policy.
- Interpret the other terms, conditions, limitations and exclusions set out in this Policy, including the *Schedule of Benefits* and any Amendments.
- Make factual determinations related to this Policy and its Benefits.

We may assign this authority to other persons or entities that provide services in regard to the administration of this Policy.

In certain circumstances, for purposes of overall cost savings or efficiency, we may offer Benefits for services that would otherwise not be Covered Health Care Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Who Provides Administrative Services?

We provide administrative services or, as we determine, we may arrange for various persons or entities to provide administrative services, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as we determine. We are not required to give you prior notice of any

such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to this Policy

To the extent permitted by law, we have the right to change, interpret, withdraw or add Benefits or end this Policy.

Any provision of this Policy which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which this Policy is delivered) is amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to this Policy unless it is made by an Amendment which has been signed by one of our officers and consistent with applicable notice requirements. All of the following conditions apply:

- Amendments to this Policy are effective upon renewal, except as otherwise permitted by law.
- No agent has the authority to change this Policy or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to this Policy.

How Do We Use Information and Records?

We may use your individually identifiable health information as follows:

- To administer this Policy and pay claims.
- To identify procedures, products, or services that you may find valuable.
- As otherwise permitted or required by law.

We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under this Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you, including provider billing and provider payment records. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Policyholder's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of this Policy.
- Needed for medical review or quality assessment.
- Required by law or regulation.

During and after the term of this Policy, we and our related entities may use and transfer the information gathered under this Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our *Notice of Privacy Practices*.

For complete listings of your medical records or billing statements you may contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

If you request medical forms or records from us, we also may charge you reasonable fees to cover costs for completing the forms or providing the records.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as needed. Our designees have the same rights to this information as we have.

Do We Require Examination of Covered Persons?

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

Is Workers' Compensation Affected?

Benefits provided under this Policy do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Important Notice - Third Party Payers

When there is a third party source of payment such as liability insurer, a government payer, or any uninsured and/or underinsured motorist coverage, Network providers may be entitled to collect from the third parties. They may be entitled to collect any difference between the Allowed Amount that we pay and the Network providers' customary charges, pursuant to A.R.S. 33-931. Arizona law prohibits providers from charging you more than the Co-payment and any deductible you are required to pay as described in this Certificate of Coverage.

When Do We Receive Refunds of Overpayments?

If we pay Benefits for expenses incurred on your account, you, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid or did not legally have to be paid by you.
- All or some of the payment we made exceeded the Benefits under this Policy.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under this Policy. If the refund is due from another person or organization, you agree to help us get the refund when requested.

Is There a Limitation of Action?

You cannot bring any legal action against us to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing that process, if you want to bring a legal action against us you must do so within three years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

Section 9: Outpatient Prescription Drugs

Introduction

Coverage Policies and Guidelines

Our Individual and Family Plan Pharmacy Management Committee (IPMC) makes tier placement changes on our behalf. The IPMC places FDA-approved Prescription Drug Products into tiers by considering a number of factors including clinical and economic information. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include the Prescription Drug Product's total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others; therefore, a Prescription Drug Product may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat.

We may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen up to monthly. These changes may happen without prior notice to you. In the event that a Prescription Drug Product that you are currently taking moves to a higher tier or is removed from the PDL, we will notify you no less than 30 days prior to the change. When that happens, you may pay more or less for a Prescription Drug Product, depending on its tier placement. Please contact us at www.myuhc.com/exchange or the telephone number on your ID card for the most up-to-date tier placement.

When considering a Prescription Drug Product for tier placement, the IPMC reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

NOTE: Tier status for a Prescription Drug Product may be determined by accessing your Benefits for Prescription Drug Products by contacting us at www.myuhc.com/exchange or the telephone number on your ID card. The tier to which a Prescription Drug Product is assigned may change as detailed in the Policy.

Prescription Drug Products that are considered to be PPACA Zero Cost Share Preventive Care Medications will be provided at \$0 cost share for Covered Persons.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you must pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the Policy in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you did not verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Co-insurance, and any deductible that applies.

Submit your claim to:

OptumRx Claims Department
PO Box 650540
Dallas, TX 75265-0540

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you choose not to obtain your Prescription Drug Product from the Designated Pharmacy, you may not have coverage.

When Do We Limit Selection of Pharmacies?

If we determine that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your choice of Network Pharmacies may be limited. If this happens, we may require you to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the chosen Network Pharmacy. If you don't make a choice within 31 days of the date we notify you, we will choose a Network Pharmacy for you.

Coupons, Incentives and Other Communications

At various times, we may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, as you determine, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

Special Programs

We may have certain programs in which you may receive an enhanced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or taking part in health management programs. You may access information on these programs by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

Are Discounts and Incentives Available to You?

From time to time, we may make access available to discounts or incentive programs. Incentive programs may be available only to targeted populations and may include other incentives.

These discount and incentive programs are not insurance and are not an insurance benefit or promise in the Policy. Your access to these programs is provided by us separately or independently from the Policy, and may be discontinued at any time. There is no additional charge for you to access these discount and incentive programs.

These programs may be offered or administered directly by us or through a third party vendor. If we receive any funds from a third party vendor in conjunction with making the discount or incentive programs available to you, we will use those funds to offset our costs of providing you access to the programs.

Benefits for Prescription Drug Products

Benefits are available for Prescription Drug Products at a Network Pharmacy and are subject to Co-payments and/or Co-insurance and/or any applicable deductible or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed. Refill Synchronization

We have a procedure to align the refill dates of Prescription Drug Products so that drugs that are refilled at the same frequency may be refilled concurrently. You should work with your pharmacy to coordinate prescription refills.

We will not deny coverage and will prorate the cost sharing rate for a covered Prescription Drug Product by the evidence of coverage that is dispensed by a Network Pharmacy for less than the standard refill amount if you request enrollment into a medication synchronization program and less than the standard refill amount for the purpose of synchronizing your medication.

We will accept early refill and short fill requests for Prescription Drug Products using the submission clarification and message codes as adopted by the national council for prescription drug plans or alternative codes by the plan.

For the purpose of this Benefit the following term has the following meaning “medication synchronization” means the coordination of medication refills for a patient taking two or more medications for a chronic condition that are being dispensed by a single contracted pharmacy to facilitate the synchronization of the patient’s medications for the purpose of improving medication adherence.

Section 10: Pediatric Dental Care Services

How Do You Use This Document?

This section provides Benefits for Covered Dental Care Services, as described below, for Covered Persons under the age of 19. Benefits under this section will end on the last day of the month the Covered Person reaches the age of 19.

What Are Covered Dental Care Services?

You are eligible for Benefits for Covered Dental Care Services listed in this section if such Dental Care Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Care Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this section.

What Is a Pre-Treatment Estimate?

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, you may notify us of such treatment before treatment begins and receive a pre-treatment estimate. If you desire a pre-treatment estimate, you or your Dental Provider should send a notice to us, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide us with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

We will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of Benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be given a benefit based on the less costly procedure.

A pre-treatment estimate of Benefits is not an agreement to pay for expenses. This procedure lets you know in advance approximately what portion of the expenses will be considered for payment.

Does Pre-Authorization Apply?

Pre-authorization is required for orthodontic services. Speak to your Dental Provider about obtaining a pre-authorization before Dental Care Services are provided. It is your Dental Provider's responsibility for obtaining a pre-authorization. If you do not obtain a pre-authorization, we have a right to deny your claim for failure to comply with this requirement.

Benefits for Pediatric Dental Care Services

Benefits are provided for the Dental Care Services stated in this section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be given a Benefit based on the least costly procedure.

9. Procedures that are considered to be Experimental or Investigational or unproven services. This includes pharmacological regimens not accepted by the *American Dental Association (ADA) Council on Dental Therapeutics*. The fact that an Experimental, or Investigational or unproven service, treatment, device or pharmacological regimen is the only available treatment for a particular condition will not result in Benefits if the procedure is considered to be Experimental or Investigational or Unproven in the treatment of that particular condition.
10. Drugs/medications, received with or without a prescription, unless they are dispensed and used in the dental office during the patient visit.
11. Setting of facial bony fractures and any treatment related with the dislocation of facial skeletal hard tissue.
12. Treatment of benign neoplasms, cysts, or other pathology involving benign lesions, except excisional removal.
13. Replacement of complete dentures, fixed and removable partial dentures or crowns and implants, implant crowns and prosthesis if damage or breakage was directly related to provider error. 14. Services related to the temporomandibular joint (*TMJ*), either bilateral or unilateral. Upper and lower jaw bone surgery (including that related to the temporomandibular joint). Orthognathic surgery, jaw alignment, and treatment for the temporomandibular joint.

- Required for reasons other than the convenience of the Covered Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy
 - ♦ For treating a life threatening dental disease or condition.
 - ♦ Provided in a clinically controlled research setting.
 - ♦ Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Care Service as

defined in this section. The definition of Necessary used in this section relates only to Benefits under this section and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

- When Emergency Health Care Services are provided by an out-of-Network provider.
- When Air Ambulance services are provided by an out-of-Network provider.

In these instances, the out-of-Network provider may not bill you for amounts in excess of your applicable Co-payment, Co-insurance or deductible (cost share). Your cost share will be provided at the same level as if provided by a Network provider and is determined based on the Recognized Amount.

For the purpose of this Summary, "certain Network facilities" are limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social Security Act*), an ambulatory surgical center described in section 1833(i)(1)(A) of the *Social Security Act*, and any other facility specified by the Secretary.

Determination of Our Payment to the Out-of-Network Provider:

When Covered Health Care Services are received from out-of-Network providers for the instances as described above, Allowed Amounts, which are used to determine our payment to out-of-Network providers, are based on one of the following in the order listed below as applicable:

- The reimbursement rate as determined by a state *All Payer Model Agreement*.
- The reimbursement rate as determined by state law.
- The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
- The amount determined by *Independent Dispute Resolution (IDR)*.

Continuity of Care

The Act provides that if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes if you:

- Are undergoing a course of treatment for a serious and complex condition from the provider or facility;
- Are undergoing a course of institutional or inpatient care from the provider or facility;
- Are scheduled to undergo a non-elective surgery from the provider, including receipt of postoperative care from such provider or facility with respect to such a surgery;
- Are pregnant and undergoing a course of treatment for the pregnancy from the provider or facility;
- Have entered the third trimester of pregnancy on the effective date of the enrollment, in which case the transitional period includes the delivery and any care up to six weeks after the delivery that is related to the delivery; or Are determined to be terminally ill and are receiving treatment for such illness from such provider or facility.

A "serious and complex condition" is:

- In the case of an acute illness, a condition that is serious enough to require specialized medical treatment to avoid the reasonable possibility of death or permanent harm; or
- In the case of a chronic illness or condition, a condition that is life-threatening, degenerative, potentially disabling, or congenital and requires specialized medical care over a prolonged period of time.

This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

Provider Directories

The Act provides that if you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly by us prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through our database, our provider directory, or in our response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing that would be no greater than if the service had been provided from a Network provider.

AZ Health Care Insurer Appeals Process Information Packet

UNITEDHEALTHCARE OF ARIZONA, INC.

CAREFULLY READ THE INFORMATION IN THIS PACKET AND KEEP IT FOR FUTURE REFERENCE. IT HAS IMPORTANT INFORMATION ABOUT HOW TO APPEAL ADVERSE DETERMINATIONS THAT WE MAKE ABOUT YOUR HEALTH CARE.

IMPORTANT: THE STANDARD APPEAL PROCESS FOR ALL PLANS MUST INCLUDE AN INITIAL APPEAL LEVEL OF REVIEW. FOR SOME PLANS WE MAY ELECT TO OFFER A SECOND INTERNAL LEVEL OF REVIEW CALLED A VOLUNTARY INTERNAL APPEAL. THE VOLUNTARY INTERNAL APPEAL, AND ANY REFERENCE TO THE VOLUNTARY INTERNAL APPEAL IN THIS PACKET, **DOES NOT** APPLY TO YOUR PLAN.

We must send you a copy of this information packet when you first receive your policy, at the request of you or your treating provider, and provide access to a copy of this health care appeals information packet on our www.myuhc.com. When your insurance coverage is renewed, we will send you a reminder that you can request another copy of this packet. Just call our Customer/Member Services number on the CONTACT US page in this packet to request an additional copy.

WHICH DISPUTES ARE ELIGIBLE FOR ARIZONA'S HEALTH CARE APPEALS PROCESS?

You can file an appeal when you are notified by us of an Adverse Determination, which means that a requested service or a claim for service or a denial, reduction, or termination of service, in whole or in part, is:

- Not medically necessary or appropriate, including the health care setting, level of care or effectiveness of a treatment or service.
- Experimental or investigational.
- Not a covered service.

An Adverse Determination also includes a cancellation of the policy back to the effective date due to a reason other than failure to pay premiums, known as a rescission of coverage.

Examples of disputes that are not eligible for Arizona's Health Care Appeals process include:

- You disagree with our determination as to the amount we paid for a service or treatment.
- You disagree with how we are coordinating benefits when you have health insurance with more than one insurer.
- You disagree with the amount of your cost-share (co-payments and co-insurance) or how we have applied your claims or services to your plan deductible.

If you disagree with a decision, we made that is not appealable, contact us at the number on the CONTACT US page in this packet.

WHO CAN FILE A HEALTH CARE APPEAL OR REPRESENT A MEMBER?

You or your treating provider on your behalf can file an appeal. The following authorized representatives can also file an appeal on your behalf:

- A parent or legal guardian.
- A surrogate who is authorized to make health care decisions for the member through a power of attorney, a court order or the provisions of A.R.S. § 36-3231.
- An agent who is an adult and who has the authority to make health care treatment decisions for the member pursuant to a health care power of attorney.

If you are the member and want to file a health care appeal, you can work with your treating provider to help you with information you need to support your appeal. In Arizona, the majority of health care appeals are filed by treating providers.

TOOLS FOR FILING A HEALTH CARE APPEAL

In this packet you will find forms you can use for your appeal. The Arizona Department of Insurance and Financial Institutions (“AZ DIFI”) developed these forms to help consumers file a health care appeal. You are **not** required to use them and we **cannot** reject your appeal if you do not use them. To file an appeal, you can call us or send us a request in writing. If you need help in filing an appeal, or you have questions about the appeals process, contact us at the phone number on your ID card or listed on the CONTACT US page in this packet.

If you have general questions about health care appeals, you can contact the AZ DIFI’s Consumer Services Section at [(602)-364-3100] or visit the AZ DIFI website at www.difi.az.gov.

DESCRIPTION OF THE APPEALS PROCESS

There are two types of appeal time frames: an expedited appeal for urgent matters and a standard appeal. The appeals operate in a similar fashion, except that expedited appeals are processed much faster because of the patient’s condition.

Appeals are categorized as either Medical Necessity or Coverage. The designation will affect how the case is handled by us and by the AZ DIFI, as well as the rights you have once the health care appeals process has been completed.

STANDARD VS EXPEDITED TIME FRAMES: IS IT URGENT?

Generally, a standard appeal for a service not yet provided will be completed within 30 days.

If your appeal is urgent, your treating physician must certify and provide supporting documentation to us that the time frame for a standard appeal review would cause a significant negative change in your condition. There is a provider certification form at the end of this packet, but it is **not** required to be used. Your provider

could also send a written request or create a form with similar information. Your treating provider must send the certification and documentation to us using the information on the CONTACT US page in this packet.

Adverse Determinations Eligible for Expedited Appeal Process

The following is a non-exhaustive list of Adverse Determinations that may be expedited with certification from your provider:

- A denial of a health care service as experimental or investigational.
- A denial of a health care service for which a member has received emergency services but has not been discharged.
- A denial, reduction, or termination of coverage for an admission.
- Availability of care.
- A continued stay for a course of treatment before the end of the period of time or number of treatments recommended by the treating provider.
- A prior authorization denial.

If you already received the service, or it is an issue of policy rescission, it **cannot** be expedited.

GENERAL APPEALS PROCESS INFORMATION

- Your plan may or may not offer a second internal level of review called the Voluntary Internal Appeal. The first page of this packet indicates whether the Voluntary Internal Appeal applies to your plan.
- You have two years from the date of an Adverse Determination to begin the health care appeals process.
- Requests for all health care appeal levels are to be sent directly to us using the information on the CONTACT US page in this packet.
- An appeal must first go through the Initial Appeal level and, if applicable, the Voluntary Internal Appeal level, or the internal level(s) of review must be waived or deemed exhausted, before seeking an External Independent Review, except that you can simultaneously initiate an Expedited External Independent Review at any internal level of review.
- The Initial Appeal and Voluntary Internal Appeal, if applicable, and the Expedited Medical Review and Expedited Appeal levels of review are completed by us. For the External Independent Review and Expedited External Independent Review levels, we send the appeal to the AZ DIFI.
- At any time, we may waive the internal levels of review and move an appeal to the External Independent Review level.
- There is no minimum dollar amount for the value of a claim or service for it to be eligible for the health care appeals process.
- There is no fee to you or your provider for any level of appeal.

- It is important to pay attention to deadlines at each level of review.
- For individual plans, and for group plans that do not elect to offer a Voluntary Internal Appeal level, there are two standard appeal levels:
 1. Initial Appeal.
 2. External Independent Review.
- For group and grandfathered individual plans that elect to offer a Voluntary Internal Appeal level, there are three standard appeal levels:
 1. Initial Appeal.
 2. Voluntary Internal Appeal.
 3. External Independent Review.
- For all plans, there are three expedited appeal levels:
 1. Expedited Medical Review.
 2. Expedited Appeal.
 3. Expedited External Independent Review.
- If the External Independent Review involves medical necessity, the AZ DIFI selects an Independent Review Organization (“IRO”) that is completely independent of us to make the determination. The IRO reviewer will be a provider that typically manages the condition that is the subject of the appeal.
- If the appeal involves whether a treatment or service is covered in your policy, the AZ DIFI is the external reviewer.

EXPEDITED APPEAL PROCESS FOR URGENTLY NEEDED SERVICES NOT YET PROVIDED
--

Expedited Medical Review

You may obtain Expedited Medical Review of an Adverse Determination for a service that has not already been provided if your treating provider certifies in writing and provides supporting documentation that the time for a standard appeal is likely to cause a significant negative change in your medical condition. At the end of this packet is a form that your treating provider may use, but that form is **not** required. Your provider could also provide a written request or create a form with similar information. Your treating provider must send the certification and documentation to us using the information on the CONTACT US page in this packet.

We have 72 hours after we receive the request to decide whether we should change our determination and authorize your requested service. Within this time frame, we must call and tell you and your treating provider about our determination. We must also send you a written determination.

If we overturn our determination, we will authorize the service and the appeal is over.

If we deny your appeal, our determination letter will explain the reasons for our determination and the information on which we based our determination. Our determination letter will also include instructions for the next steps in the appeal process.

We may decide at any time to waive the Expedited Medical Review and Expedited Appeal levels and send your appeal to the AZ DIFI for Expedited External Independent Review.

Expedited Appeal

If we deny your Expedited Medical Review, you may request an Expedited Appeal. After you receive our Expedited Medical Review determination, your treating provider must immediately send us a written appeal request using the information in the CONTACT US page in this packet. To help your appeal, your provider should also send us any additional information that the provider has not already sent to show why you need the requested service.

We have three business days after we receive the request to decide whether we should change our determination and authorize your requested service. Within this time frame, we must call and tell you and your treating provider about our determination. We must also send you a written determination.

If we overturn our determination, we will authorize the service and the appeal is over.

If we deny your appeal, our determination letter will explain the reasons for our determination and the information on which we based our determination. Our determination letter will also include instructions for the next steps in the appeal process.

We may decide at any time to waive the Expedited Appeal level and send your appeal to the AZ DIFI for Expedited External Independent Review.

Expedited External Independent Review

Unless we waive the Expedited Medical Review or Expedited Appeal levels of review and send your appeal to the AZ DIFI for Expedited External Independent Review, you may request an Expedited External Independent Review after you have completed an Expedited Medical Review and an Expedited Appeal or simultaneously at any internal level of review. You have four months after you receive a Final Internal Adverse Determination to send to us your written request for Expedited External Independent Review. If the treatment or service is considered experimental or investigational, you can make an oral request if your treating physician certifies in writing that the requested service or treatment would be significantly less effective if not promptly initiated. Send us your request and any additional supporting information using the information in the CONTACT US page in this packet.

There are two types of Expedited External Independent Review depending on the issue in your case: Medical Necessity or Contract Coverage.

(A) Medical Necessity

These are cases where we have decided not to authorize a service because we determined that the service you or your treating provider are asking for is not medically necessary to treat your condition. For medical necessity cases, the independent reviewer is a provider retained by an IRO, which is procured by the AZ DIFI and not connected with our company. The IRO reviewer must be a provider who typically manages the condition under review. Medical necessity appeals are subject to the following time frames:

- Within one business day of receiving your request, we must:
 1. Send a written acknowledgement of the appeal request to the AZ DIFI, you, and your treating provider.
 2. Send the AZ DIFI all of the following:
 - a. The request for review.
 - b. Your policy, evidence of coverage or similar document.
 - c. All medical records and supporting documentation used to render our determination.
 - d. A summary of the applicable issues, including a statement of our determination.
 - e. The criteria used and clinical reasons for our determination.
 - f. The relevant portions of our utilization review guidelines.
 - g. The name and credentials of the health care provider who reviewed and upheld the denial at the internal levels of review.
- Within two business days of receiving the appeal the AZ DIFI must send all the submitted information to the IRO.
- Within 72 hours of receiving the appeal the IRO must make a determination and send their determination to the AZ DIFI.
- Within one business day of receiving the IRO's determination the AZ DIFI must send a notice of the determination to you, your treating provider, and us.

The determination: If the IRO decides that we should provide the service we must authorize the service. If the IRO agrees with our determination to deny the service the appeal is over and your only further option is to pursue a claim in Superior Court.

(B) Contract Coverage

These are cases where we have denied coverage because we determined that the requested service is not covered under your insurance policy. For contract coverage cases the AZ DIFI is the independent reviewer. Contract Coverage appeals are subject to the following time frames:

- Within one business day of receiving your request, we must:
 1. Send a written acknowledgement of the request to the AZ DIFI, you, and your treating provider.
 2. Send the AZ DIFI all of the following:
 - a. The request for review.
 - b. Your policy, evidence of coverage or similar document.
 - c. All medical records and supporting documentation used to render our determination.
 - d. A summary of the applicable issues, including a statement of our determination.
 - e. The criteria used and any clinical reasons for our determination.
 - f. The relevant portions of our utilization review guidelines.
- Within two business days of receiving this information the AZ DIFI must determine whether the service or claim is covered under your insurance policy and send a written notice of their determination to you, your treating provider, and us.

Referral to an IRO for Contract Coverage Appeals: The AZ DIFI may be unable to determine issues of coverage. If this occurs, the AZ DIFI will forward the case to an IRO. The IRO will have 72 hours to make a determination and send it to the AZ DIFI. The AZ DIFI will have one business day after receiving the IRO's determination to send the notice of determination to you, your treating provider, and us.

The determination: If the AZ DIFI decides that we should provide the service or pay the claim, we

we may request a hearing with the Arizona Office of Administrative Hearings ("AZ OAH") by sending a request to the AZ DIFI within 30 days after receiving the AZ DIFI's determination.

STANDARD APPEAL PROCESS FOR NON-URGENT SERVICES AND DENIED CLAIMS
--

Initial Appeal

You can request an Initial Appeal of an Adverse Determination if all of the following apply:

- You have coverage with us.
- We denied your request for a covered service or claim.
- You request an appeal within two years after the date we make the Adverse Determination.
- You do not qualify to have your appeal expedited.

- You send your request to us using the information in the CONTACT US page in this packet.

At any time, we may decide to waive internal review and send your appeal to the AZ DIFI for External Independent Review.

Before we make a Final Internal Adverse Determination that relies on new or additional information generated by us, we must provide you with a copy of the new information along with a reasonable opportunity to respond within the applicable time frames for us to provide a written determination.

Determination and Time Frames:

- For individual plans, and for group plans or grandfathered individual plans that do not elect to offer a voluntary internal appeal level, we have:
 - a. 30 days to make a determination for a service not yet provided.
 - b. 60 days to make a determination for a service already provided.
- For group plans and for grandfathered individual plans that elect to offer a Voluntary Internal appeal level, we have:
 - a. 15 days to make a determination for a service not yet provided.
 - b. 30 days to make a determination for a service already provided.

We must send you and your treating provider a written determination letter within the time frames above.

If we overturn our determination, we will authorize the service or pay the claim and the appeal is over.

If we deny your appeal, our determination letter will explain the reasons for our determination and the information on which we based our determination. Our determination letter will also include instructions for the next steps in the appeal process, subject to the following time frames:

For individual plans, and for group plans that do not elect to offer a voluntary internal appeal level, you have 4 months to request an External Independent Review.

- For group plans and for grandfathered individual plans that elect to offer a voluntary internal appeal level, you have 60 days to request a Voluntary Internal Appeal.

Voluntary Internal Appeal

This level of appeal applies only if you have a group plan or grandfathered individual plan, we elect to offer this level of appeal, and you previously completed an Initial Appeal.

You or your treating provider must send to us a written request within 60 days of an Initial Appeal determination to tell us you want a Voluntary Internal Appeal. To help us make a determination on your appeal, you or your provider should also send us any additional information that you have not already sent to show

why we should authorize the requested service or pay the claim. Send your appeal request and information to us using the information in the CONTACT US page in this packet.

At any time, we may decide to waive the Voluntary Internal Appeal level and send your appeal to the AZ DIFI for External Independent Review.

Before we make a Final Internal Adverse Determination that relies on new or additional information generated by us, we must provide you with a copy along with a reasonable opportunity to respond within the applicable time frames for us to provide a written determination.

Determination and Time Frames:

- We have 15 days to make a determination for a service not yet provided.
- We have 30 days to make a determination for a service already provided.

If we overturn our determination, we will authorize the service or pay the claim and the appeal is over.

If we deny your appeal, our determination will explain the reasons for our determination and the information on which we based our determination. Our determination will also include instructions for the next steps in the appeal process. You have four months to appeal to the External Independent Review level.

External Independent Review

You may appeal to the External Independent Review level only after you have completed the internal level(s) of appeal. You have four months after you receive a Final Internal Adverse Determination to send us your written appeal request and any additional supporting information for External Independent Review. Send your request to us using the information in the CONTACT US page in this packet.

This level of review also applies if we elect to waive the internal level(s) of review.

There are two types of External Independent Review, depending on the issues in your case: Medical Necessity or Contract Coverage.

(A) Medical Necessity

These are cases where we have decided not to authorize a service because we determined that the service you or your treating provider are asking for is not medically necessary to treat your condition. For medical necessity cases, the independent reviewer is a provider retained by an IRO, which is procured by the AZ DIFI and not connected with our company. The IRO reviewer must be a provider who typically manages the condition under review. Medical necessity appeals are subject to the following time frames:

- Within five business days of receiving your request, we must:

1. Mail a written acknowledgement of your request to the AZ DIFI, you, and your treating provider. This acknowledgement must include notice that you have five business days after receiving the notice to submit any additional written evidence to the AZ DIFI for consideration by the external reviewer. The AZ DIFI will forward it to the IRO. If you provide additional information after five business days the IRO may or may not consider it.
 2. Send the AZ DIFI all of the following:
 - a. The request for review.
 - b. Your policy, evidence of coverage or similar document.
 - c. All medical records and supporting documentation used to render our determination(s).
 - d. A summary of the applicable issues including a statement of our determination.
 - e. The criteria used and clinical reasons for our determination.
 - f. The relevant portions of our utilization review guidelines.
 - g. The name and credentials of the health care provider who reviewed and upheld the determination(s) at the initial appeal and, if applicable, the voluntary internal appeal level.
- Within five days of receiving the appeal the AZ DIFI must send all the submitted information to an IRO.
 - Within 21 days of receiving the appeal the IRO must make a written determination and send the determination to the AZ DIFI.
 - Within five business days of receiving the IRO's determination the AZ DIFI must send a written notice of the determination to you, your treating provider, and us.

The determination: If the IRO decides that we should provide the service or pay the claim, we must authorize the service or pay the claim. If the IRO agrees with our determination to deny the service or payment, the appeal is over and your only further option is to pursue a claim in Superior Court.

(B) Contract Coverage

These are cases where we have denied coverage because we determined that the requested service is not covered under your insurance policy. For contract coverage cases, the AZ DIFI is the independent reviewer. Contract coverage appeals are subject to the following time frames:

- Within five business days of receiving your request, we must:
 1. Send a written acknowledgement of your request to the AZ DIFI, you, and your treating provider.

2. Send the AZ DIFI all of the following:
 - a. The request for review.
 - b. Your policy, evidence of coverage or similar document.
 - c. All medical records and supporting documentation used to render our determination(s).
 - d. A summary of the applicable issues including a statement of our determination.
 - e. The criteria used and clinical reasons for our determination.
 - f. The relevant portions of our utilization review guidelines.
 - g. The name and credentials of the health care provider who reviewed and upheld the determination(s) at the initial appeal and, if applicable, the voluntary internal appeal level.
- Within 15 business days of receiving this information the AZ DIFI must determine whether the service or claim is covered and send a written notice of their determination to you, your treating provider, and us.

Referral to an IRO for Contract Coverage Appeals: The AZ DIFI may be unable to determine issues of coverage. If this occurs, the AZ DIFI will forward the case to an IRO. The IRO will have 21 days to make a determination and send it to the AZ DIFI. The AZ DIFI will have five business days after receiving the IRO's determination to send the notice of determination to you, your treating provider, and us.

The determination: If the AZ DIFI decides that we should provide the service or pay the claim, we must do so. If either you or we disagree with the AZ DIFI's determination on a coverage issue, you or we may request a hearing with the AZ OAH by sending a request to the AZ DIFI within 30 days after receiving the AZ DIFI's determination.

NOTES ON INDEPENDENT REVIEW ORGANIZATIONS (IROs)

- The AZ DIFI contracts directly with multiple IROs. They each maintain large rosters of many types of specialties of physicians and other licensed health care professionals.
- There is no cost to a member or provider for any part of the appeal process. If the services of an IRO are used, the AZ DIFI selects and pays the IRO, then bills the insurer for reimbursement after the appeal is completed.
- The IRO will check that their reviewer does not have a conflict of interest with the insurer, member, or treating provider, and was not involved in the original denial determination or any previous appeal for the same member.
- There will be no communication with the IRO by you or us. The IRO will complete their review using the documentation in your appeal.
- The IRO reviewer will be a provider who typically manages the condition under review.
- The IRO's determination is binding on all parties. Any further challenges must proceed through Superior Court.
- Even if determined to be medically necessary, neither the IRO, the AZ DIFI, or the AZ OAH can order an insurer to provide or pay for a treatment or service that is excluded in a policy.

OBTAINING MEDICAL RECORDS

Arizona law (A.R.S. § 12-2293) permits you to ask for a copy of your medical records. Your request must be in writing and must specify who you want to receive the records. The health care provider who has your records will provide you or the person you specified with a copy of your records.

Designated Decision-Maker: If you have a designated health care decision-maker, that person must send a written request for access to or copies of your medical records. The medical records must be provided to your health care decision-maker or a person designated in writing by your health care decision-maker unless you limit access to your medical records only to yourself or your health care decision-maker.

Confidentiality: Medical records disclosed under A.R.S. § 12-2293 remain confidential. If you participate in the appeal process the relevant portions of your medical records may be disclosed only to people authorized to participate in the review process for the medical condition under review. These people may not disclose your medical information to any other people.

DOCUMENTATION FOR AN APPEAL

If you file an appeal, you must include any material justification or documentation. If you gather new information during the course of your appeal you should give it to us as soon as you get it. You must also give us the address and phone number or email where you can be contacted.

If your appeal goes to external review, the AZ DIFI may contact you by email from a generic email address (hca@difi.az.gov). If the appeal is already at the External Independent Review level, you will be notified in writing that you have five business days to send any additional information to the AZ DIFI. If you submit anything after the five business days, it does not have to be considered in your appeal.

THE ROLE OF THE ARIZONA DEPARTMENT OF INSURANCE AND FINANCIAL INSTITUTIONS (AZ DIFI)

Arizona law requires “any member who files a complaint with the [AZ DIFI] relating to an Adverse Determination to pursue the review process prescribed” by law (A.R.S. § 20-2533(F)). This means that you must pursue the health care appeals process for all appealable adverse determinations before the AZ DIFI can investigate a complaint you may have against our company based on the determination at issue in the appeal.

The appeal process requires the AZ DIFI to:

1. Oversee the appeals process.
2. Maintain copies of each utilization review plan submitted by insurers.
3. Receive, process, and act on requests from an insurer for External Independent Review.
4. Enforce the determinations of insurers.
5. Review determinations of insurers.
6. Send, when necessary, a record of the proceedings of an appeal to Superior Court or to the AZ OAH.
7. Issue a final administrative determination on coverage issues, including the notice of the right to request a hearing at AZ OAH.

RECEIPT OF DOCUMENTS

Any written document that is sent by mail is deemed received by the person to whom the document is properly addressed on the fifth business day after mailing. “Properly addressed” means your last known mailing address. Any document may alternatively be sent electronically where a member has elected electronic delivery.
