Individual Exchange Medical Policy

Agreement and Consideration

We will pay Benefits as set forth in this Policy. This Policy is issued in exchange for and on the basis of the statements made on your application and payment of the first Premium. It takes effect on the effective date shown above. Coverage will remain in force until the first Premium due date, and for such further periods for which Premium payment is received by us when due, subject to the renewal provision below. Coverage will begin at 12:01 a.m. and end at 12:00 midnight in the time zone where you live.

Guaranteed Renewable Subject to Listed Conditions

You may keep coverage in force by timely payment of the required Premiums under this Policy, except that your coverage may end for events as described in *Section 4: When Coverage Ends*, under *Events Ending Your Coverage* and *Other Events Ending Your Coverage*.

This Policy will renew on January 1 of each calendar year. On January 1st, we may make modifications in coverage if such modifications are made on a uniform basis for all individuals with the same product. In addition, we may make modifications at any time if the modification is directly related to a State or Federal requirement and the modification is made within a reasonable time period after the State or Federal requirement is imposed or modified.

On January 1 of each calendar year, we may change the rate table used for this Policy form. Each Premium will be based on the rate table in effect on that Premium's due date. Some of the factors used in determining your Premium rates are the Policy plan, tobacco use status of Covered Persons, type and level of Benefits and place of residence on the Premium due date and age of Covered Persons as of the effective date or renewal date of coverage. Premium rates are expected to increase over time.

At least 31 days' notice of any plan to take an action or make a change permitted by this clause will be mailed to you at your last address as shown in our records.

Nothing in this section requires us to renew or continue coverage for which your continued eligibility would otherwise be prohibited under applicable law.

10-Day Right to Examine and Return this Policy

Please read this Policy. If you are not satisfied, you may notify us within 10 days after you received it. Any Premium paid will be refunded, less claims paid. This Policy will then be void from its start.

This Policy is signed for us as of the effective date as shown above.

How Do You Access Benefits?

Selecting a Network Primary Care Physician

You must select a Network Primary Care Physician, who is in the Network Area and accepting new patients, in order to obtain Benefits. In general health care terminology, a Primary Care Physician may also be referred to as a *PCP*. A Network Primary Care Physician will be able to coordinate all Covered Health Care Services and promote continuity of care.

You can get a list of Network Primary Care Physicians and other Network Providers through www.myuhc.com/exchange or the telephone number on your ID card.

You may change your Network Primary Care Physician by calling the telephone number shown on your ID card or by going to www.myuhc.com/exchange.

If you are the custodial parent of an Enrolled Dependent child, you must select a Network Primary Care Physician who is in the Network Area, for that child. You may designate a Network Physician who specializes in pediatrics (including pediatric subspecialties, based on the scope of that Provider's license under applicable state law) as the Network Primary Care Physician for an Enrolled Dependent child. If you do not select a Network Primary Care Physician for yourself or your Enrolled Dependent child, one will be assigned.

Network and Out-of-Network Benefits

To obtain Benefits, you must receive Covered Health Care Services from a UnitedHealthcare Individual Exchange Benefit Plan provider. You can confirm that your provider is a UnitedHealthcare Individual Exchange Benefit Plan provider through the telephone number on your ID card or you can access a directory of providers at www.myuhc.com/exchange. You should confirm that your provider is a UnitedHealthcare Individual Exchange Benefit Plan provider, including when receiving Covered Health Care Services for which you received a referral from your Primary Care Physician.

Except as specifically described in this *Schedule of Benefits*, Benefits are not available for services provided by out-of-Network providers. This Benefit plan does not provide an out-of-Network level of Benefits.

Benefits apply to Covered Health Care Services that are provided by a Network Physician or other Network provider within the Network Area.

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Covered Health Care Services provided at certain Network facilities by an out-of-Network Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. For these Covered Health Care Services, "certain Network facility" is limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social Security Act*), an ambulatory surgical center as described in section 1833(i)(1)(A) of the *Social Security Act*, and any other facility specified by the Secretary.

Ground and Air Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare Policy. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you, this *Schedule of Benefits* will control.

Care Management

There may be additional services that are available to you, such as disease management programs, discharge planning, health education, and patient advocacy. When you seek prior authorization for a Covered Health Care Service as required or are otherwise identified as meeting eligibility requirements for a care management program, we will work with you to engage in the care management process and to provide you with information about these additional services.

Does Prior Authorization Apply

We require prior authorization for certain Covered Health Care Services. Your Primary Care Physician and other Network providers are responsible for obtaining prior authorization before they provide these services to you.

We recommend that you confirm with us that all Covered Health Care Services have been prior authorized as required. Before receiving these services from a Network provider, you may want to call us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call us at the telephone number on your ID card.

Allowed Amounts

Allowed Amounts are the amount we determine that we will pay for Benefits.

- For Network Benefits for Covered Health Care Services provided by a Network provider, except for your cost sharing obligations, you are not responsible for any difference between Allowed Amounts and the amount the provider bills.
- For Covered Health Care Services that are ***Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians***, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Co-payment, Co-insurance or deductible which is based on the Recognized Amount as defined in this Policy.
- For Covered Health Care Services that are ***non-Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians who have not satisfied the notice and consent***

criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described below, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Co-payment, Co-insurance or deductible which is based on the Recognized Amount as defined in this Policy.

- For Covered Health Care Services that are **Emergency Health Care Services provided by an out-of-Network provider**, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your applicable Co-payment, Co-insurance or deductible which is based on the Recognized Amount as defined in this Policy.
- For Covered Health Care Services that are **Air Ambulance services provided by an out-of-Network provider**, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your applicable Co-payment, Co-insurance or deductible which is based on the rates that would apply if the service was provided by a Network provider which is based on the Recognized Amount as defined in the Policy.

Allowed Amounts are determined in accordance with our reimbursement policy guidelines or as required by law, as described in this Policy.

For Network Benefits, Allowed Amounts are based on the following:

- When Covered Health Care Services are received from a Network provider, Allowed Amounts are our contracted fee(s) with that provider.
- When Covered Health Care Services are received from an out-of-Network provider as arranged by us, including when there is no Network provider who is reasonably accessible or available to provide Covered Health Care Services, Allowed Amounts are an amount negotiated by us or an amount permitted by law. Please contact us if you are billed for amounts in excess of your applicable Co-insurance, Co-payment or any deductible. We will not pay excessive charges or amounts you are not legally obligated to pay.

When Covered Health Care Services are received from an out-of-Network provider as described below, Allowed Amounts are determined as follows:

For non-Emergency Covered Health Care Services received at certain Network facilities from out-of-Network Physicians when such services are either Ancillary Services, or non-Ancillary Services that have not satisfied the notice and consent criteria of section 2799B-2(d) of the *Public Health Service Act* with respect to a visit as defined by the Secretary, (including non-Ancillary Services that have satisfied the notice and consent criteria but unforeseen, urgent medical needs arise at the time the services are provided), the Allowed Amount is based on one of the following in the order listed below as applicable:

- The reimbursement rate as determined by a state *All Payer Model Agreement*.
- The reimbursement rate as determined by state law.
- The initial payment made by us, or the amount subsequently agreed to by the out-of-Network provider and us.
- The amount determined by *Independent Dispute Resolution (IDR)*.

For the purpose of this provision, "certain Network facilities" are limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social Security Act*), an ambulatory surgical center as described in section 1833(i)(1)(A) of the *Social Security Act*, and any other facility specified by the Secretary.

Provider Network

We arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to choose your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting us at www.myuhc.com/exchange or the telephone number on your ID card to request a copy. If you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through a database, provider directory, or in a response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing (Co-payment, Co-insurance and applicable deductible) that would be no greater than if the service had been provided from a Network provider.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Benefits. However, if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement policy or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with us to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for help.

Designated Providers

If you have a medical condition that we believe needs special services, we may direct you to a Designated Provider chosen by us. If you require certain complex Covered Health Care Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area. If you are required to travel to obtain such Covered Health Care Services from a Designated Provider, we may reimburse certain travel expenses.

In both cases, Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants or morbid obesity surgery) that might warrant referral to a Designated Provider. If you do not notify us in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Benefits will not be paid.

Health Care Services from Out-of-Network Providers

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through an out-of-Network provider.

Outpatient Prescription Drugs Schedule of Benefits

When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products at a Network Pharmacy and are subject to Co-payments and/or Co-insurance or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change. Therefore, your Co-payment and/or Co-insurance may change or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Co-payment and/or Co-insurance, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed. Supply limits are subject, from time to time, to our review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed. You cannot refill a prescription until 75% of the supply has been used except under certain circumstances during a state of emergency or disaster.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed to you, you are required to obtain prior authorization from us or our designee. The reason for obtaining prior authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or Unproven Service.

We may also require you to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you will be responsible for paying all charges and no Benefits will be paid. The Prescription Drug Products requiring prior authorization are subject, from time to time, to our review and change. There may be certain Prescription Drug Products that require you to notify us directly rather than your Physician or pharmacist. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. You may seek reimbursement from us as described in the Policy in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Co-insurance and any deductible that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or Unproven Service.

We may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available

programs and any applicable prior authorization, participation or activation requirements related to such programs by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

Does Step Therapy Apply?

Certain Prescription Drug Products for which Benefits are described under *Section 10: Outpatient Prescription Drugs* of the Policy are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

You may find out whether a Prescription Drug Product is subject to step therapy requirements by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

Your Right to Request an Exception When a Medication is Not Listed on the Prescription Drug List (PDL)

When a Prescription Drug Product is not listed on the PDL, you or your representative may request an exception to gain access to the excluded Prescription Drug Product. To make a request, contact us in writing or call the toll-free number on your ID card. We will notify you of our determination within 72 hours.

Please note, if your request for an exception is approved by us, you may be responsible for paying the applicable Co-payment and/or Co-insurance based on the Prescription Drug Product tier placement, or at the second highest tier. For example, if you have a 5-tier plan, then the 4th tier would be considered the second highest tier.

If we approve an exception for a Brand name drug that is not on the Prescription Drug List but has a Generic equivalent, you will also be responsible for the difference in cost between the Brand name drug and the Generic equivalent.

Urgent Requests

If your request requires immediate action and a delay could significantly increase the risk to your health, or the ability to regain maximum function, call us as soon as possible. We will provide a written or electronic determination within 24 hours.

External Review

If you are not satisfied with our determination of your exception request, you may be entitled to request an external review. You or your representative may request an external review by sending a written request to us to the address set out in the determination letter or by calling the toll-free number on your ID card. The Independent Review Organization (IRO) will notify you of our determination within 72 hours.

Expedited External Review

If you are not satisfied with our determination of your exception request and it involves an urgent situation, you or your representative may request an expedited external review by calling the toll-free number on your ID card or by sending a written request to the address set out in the determination letter. The IRO will notify you of our determination within 24 hours.

What Do You Pay?

You are responsible for paying the Annual Deductible stated in this *Schedule of Benefits*, which is part of your Policy, before Benefits for Prescription Drug Products are available to you unless otherwise allowed under your Policy. We may not permit certain coupons or offers from pharmaceutical manufacturers or an affiliate to apply to your Annual Deductible.

Benefits for PPACA Zero Cost Share Preventive Care Medications are not subject to payment of the Annual Deductible.

You are responsible for paying the applicable Co-payment and/or Co-insurance described in the *Benefit Information* table. You are not responsible for paying a Co-payment and/or Co-insurance for PPACA Zero Cost Share Preventive Care Medications.

The Co-payment amount or Co-insurance percentage you pay for a Prescription Drug Product will not exceed the Usual and Customary Charge of the Prescription Drug Product.

The amount you pay for any of the following under your Policy may not be included in calculating any Out-of-Pocket Limit stated in your Policy:

- Certain coupons or offers from pharmaceutical manufacturers or an affiliate.

- Any non-covered drug product. You are responsible for paying 100% of the cost (the amount the pharmacy charges you) for any non-covered drug product. Our contracted rates (our Prescription Drug Charge) will not be available to you.

Your Responsibilities

Enrollment and Required Premiums

Benefits are available to you if you are enrolled for coverage under this Policy. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins and Premiums*. To be enrolled and receive Benefits, all of the following apply:

- Your enrollment must be in accordance with the requirements of this Policy, including the eligibility requirements.
- You must qualify as a Policyholder or a Dependent as those terms are defined in *Section 8: Defined Terms*.
- You must pay Premium as required.

Be Aware the Policy Does Not Pay for All Health Care Services

This Policy does not pay for all health care services. Benefits are limited to Covered Health Care Services. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

Decide What Services You Should Receive

Care decisions are between you and your Physician. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

You may select any Network Primary Care Physician, who is located in the Network Area and is accepting new patients. You may choose a Network Physician who specializes in pediatrics (including pediatric subspecialties, based on the scope of that provider's license under applicable state law) as the Network Primary Care Physician for an Enrolled Dependent child under the age of 18.

A directory of providers is available by contacting us at www.myuhc.com or the telephone number on your ID card to request a copy.

ONGOING SPECIALTY CARE:

If a covered person has a serious or chronic degenerative, disabling, or life-threatening disease or condition that, in the opinion of the Covered Person's Network Primary Care Physician, in consultation with a Network Specialist Physician, requires ongoing specialty care, the Covered Person may request:

- The selection of a Network Specialist Physician as the Covered Person's Primary Care Physician. The Network Specialist Physician:
 - Must have expertise in treating the serious or chronic degenerative, disabling, or life-threatening disease or condition.
 - Must agree to be responsible for and capable of providing and coordination the Covered Person's primary and specialty care.

The selection of a Network Specialist Physician as a Primary Care Physician must be made under a treatment plan coordinated by the Network Specialist Physician and the Covered Person or his or her designee, after notice to the Covered Person's original Primary Care Physician and must be approved by us.

Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization. For more information on prior authorization, please refer to the *Schedule of Benefits*.

Pay Your Share

You must meet any applicable deductible and pay a Co-payment and/or Co-insurance for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician, provider or facility. Any applicable deductible, Co-payment and Co-insurance amounts are listed in the *Schedule of Benefits*.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with this Policy's exclusions.

Show Your ID Card

You should show your ID card every time you request health care services. If you do not show your ID card, the provider may fail to bill the correct entity for the services delivered.

File Claims with Complete and Accurate Information

When you receive Covered Health Care Services from an out-of-Network provider, as a result of an Emergency or we refer you to an out-of-Network provider you are responsible for requesting payment from us. You must file the claim in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends benefits for a particular condition or a disability Benefits for are subject to your previous carrier's obligation under state law or contract.

Our Responsibilities

Determine Benefits

We do not make decisions about the kind of care you should or should not receive. You and your providers must make those treatment decisions.

We will determine the following:

- Interpret Benefits under this Policy, including by comparing the cost effectiveness of alternative services or supplies when determining which of the services or supplies will be covered.
- Interpret Benefits and the other terms, limitations and exclusions set out in this Policy, the *Schedule of Benefits* and any Amendments.
- Make factual determinations relating to Benefits.

We may assign this authority to other persons or entities that may provide administrative services for this Policy, such as claims processing. The identity of the service providers and the nature of their services may be changed from time to time as we determine. In order to receive Benefits, you must cooperate with those service providers.

Disclosure of Payment Obligations

Note: Your actual expense for Covered Health Care Services may exceed the stated Co-insurance percentage or Co-payment amount because actual provider charges may not be used to determine our and your payment obligations.

For Co-payment amounts based off a percentage (rather than a flat dollar Co-payment), we calculate the Co-payment amount as follows:

For Network Providers:

Step 1: We determine the contracted rate we have with the provider for the care you receive.

Step 2: We then calculate your Co-payment on the contracted rate.

Step 3: Finally, we calculate our reimbursement to the provider by subtracting your Co-payment amount from the contracted rate. For information about how we determine contracted rate, please see Section 8: Defined Terms for a complete definition of Allowed Amount.

Example:

Deductible has been satisfied

Outpatient Surgery charge is \$1,200

Contracted rate is \$900

Co-insurance is 20%

You pay 20% of \$900 = \$180

We pay \$900 - \$180 = \$720

For Out-of-Network Providers, Non-Medical Emergency or Not Coordinated by Us:

Step 1: We determine Allowed Amount for the care you received. We determine Allowed Amount using internal payment policy guidelines and available data resources. Please see Section 8: Defined Terms for a complete definition of Allowed Amount.

Step 2: We then calculate your Co-payment on Allowed Amount. Note: Your actual expenses for Covered Health Care Services may exceed the stated Co-payment amount because actual provider charges may not be used to determine our and your payment obligations.

Step 3: We calculate our payment by subtracting your Co-payment amount from the Allowed Amount.

Step 4: We determine if there is any remaining balance resulting from the difference between the actual provider charges and the Allowed Amount. You are responsible for paying 100% of the difference between the actual billed charges and Allowed Amount for your care.

Example:

Actual Outpatient Surgery charge is \$1,500; Deductible has been satisfied.

Allowed Amount - \$1,200

Co-insurance is 20% of \$1,200 (Allowed Amount) = \$240

We pay \$1,200 (Allowed Amount) - \$240 (Co-payment) = \$960

You pay the difference between the actual charges and Allowed Amount and your Co-payment amount:

\$1,500 - \$1,200 = \$300 plus \$240 = \$540

For Out-of-Network Providers, Emergency Medical Condition or Otherwise Coordinated by Us:

Step 1: We work with the provider to obtain a negotiated rate.^g

Step 2:

- If a negotiated rate is obtained, we calculate your Co-payment based on the negotiated rate.
- If a negotiated rate is not obtained, we calculate your Co-payment based on the provider's actual billed charges or the Allowed Amount for an Emergency Medical Condition.

Step 3:

- If a negotiated rate is obtained, we calculate our payment by subtracting your Co-payment amount from the negotiated rate.
- If a negotiated rate is not obtained, we calculate our payment by subtracting your Co-payment amount from the provider's actual charges or the Allowed Amount for an Emergency Medical Condition.

Examples:

Actual Outpatient Surgery charge is \$1,500; Deductible has been satisfied.

1. *Negotiated Rate = \$1,200*

Co-insurance is 20%

You pay \$240

We pay \$1,200 (negotiated rate) - \$240 (Co-payment) = \$960

2. *Non-Negotiated Rate = \$1,500*

Co-insurance is 20%

You pay \$300

We pay \$1,500 (non-negotiated rate) - \$300 (Co-payment) = \$1,200

Pay for Our Portion of the Cost of Covered Health Care Services

We pay Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by this Policy.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Care Services from Network providers, you do not have to submit a claim to us.

Pay for Covered Health Care Services Provided by Out-of-Network Providers

In accordance with any state prompt pay requirements, we pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We adjudicate claims consistent with industry standards. We develop our reimbursement policy guidelines generally in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to provider billings. We share our reimbursement policies with Physicians and other providers in our Network through our provider website. Network Physicians and providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, out-of-Network providers may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You may get copies of our reimbursement policies for yourself or to share with your out-of-Network Physician or provider at the telephone number on your ID card.

We may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on *CMS* coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, we will use a comparable methodology(ies). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com/exchange for information regarding the vendor that provides the applicable methodology.

Review and Determine Benefits in Accordance with Generally Accepted Standards of Medical Practice

Generally Accepted Standards of Medical Practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. We have the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be determined by us.

We develop and maintain clinical policies that describe the Generally Accepted Standards of Medical Practice scientific evidence, prevailing medical standards and clinical guidelines supporting our determinations regarding specific services. These clinical policies (as developed by us and revised from time to time), are available to Covered Persons through www.myuhc.com or the telephone number on your ID card. They are also available to Physicians and other health care professionals on UHCprovider.com.

Offer Health Education Services to You

We may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but we recommend that you discuss them with your Physician.

Section 1: Covered Health Care Services

When Are Benefits Available for Covered Health Care Services?

Benefits are available only when all of the following are true:

- You receive Covered Health Care Services while this Policy is in effect.
- You receive Covered Health Care Services prior to the date that any of the individual termination conditions listed in *Section 4: When Coverage Ends* occurs.
- The person who receives Covered Health Care Services is a Covered Person and meets all eligibility requirements.

The fact that a Physician or other provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a Sickness, Injury, Mental Illness, substance-related and addictive disorders, disease or its symptoms does not mean that the procedure or treatment is a Covered Health Care Service under this Policy.

Section 3: When Coverage Begins and Premiums

How Do You Enroll?

Eligible Persons must complete enrollment and make the required Premium payment, as determined by the federal Health Insurance Marketplace, available at HealthCare.gov. We will not provide Benefits for health care services that you receive before your effective date of coverage.

What If You Are Hospitalized When Your Coverage Begins?

We will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.
- You receive Covered Health Care Services in accordance with the terms of this *Policy*.

These Benefits are subject to your previous carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as reasonably possible. Network Benefits are available only if you receive Covered Health Care Services from Network providers.

Who Is Eligible for Coverage?

The federal Health Insurance Marketplace determines who is eligible to enroll and who qualifies as a Dependent.

Eligible Person

Eligible Person refers to a person who meets the eligibility rules established by the federal Health Insurance Marketplace. When an Eligible Person actually enrolls, we refer to that person as a Policyholder. For a complete definition of Eligible Person and Policyholder, see *Section 8: Defined Terms*.

Eligible Persons must live within the Service Area, unless otherwise provided by the federal Health Insurance Marketplace.

Dependent

Dependent generally refers to the Policyholder's spouse and children. When a Dependent enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 8: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the Policy.

When Do You Enroll and When Does Coverage Begin?

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Open Enrollment Period

The open enrollment period is the period of time when Eligible Persons can enroll themselves and their Dependents, as determined by the federal Health Insurance Marketplace.

Coverage begins on the date determined by the federal Health Insurance Marketplace and identified in this Policy if we receive the completed enrollment materials and the required Premium.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period, as determined by the federal Health Insurance Marketplace.

Adding New Dependents

Policyholders may enroll Dependents only as determined by the federal Health Insurance Marketplace.

The Policyholder must notify the federal Health Insurance Marketplace of a new Dependent to be added to this Policy. The effective date of the Dependent's coverage must follow the federal Health Insurance Marketplace rules. Additional Premium may also be required, and it will be calculated from the date determined by the federal Health Insurance Marketplace.

NOTE. Subject to a determination of the federal Health Insurance Marketplace, an eligible child born to you or your spouse will be covered from the time of birth until the 31st day after its birth. The newborn child will be covered from the time of its birth for loss due to Injury and Sickness, including loss from complications of birth, premature birth, medically diagnosed congenital defect(s), and birth abnormalities.

Subject to a determination of the federal Health Insurance Marketplace, an eligible child legally placed with you or your spouse for adoption or foster care or by court or administrative order will be covered from the date of placement until the 31st day after placement, unless the legal obligation is terminated and the child is removed from your or your spouse's custody.

A child placed for adoption or foster care or by court or administrative order prior to the age of 18 years will be covered for loss due to Sickness or Injury, including loss from complications of birth, premature birth, medically diagnosed congenital defect(s), and birth abnormalities.

Enrollment information from the federal Health Insurance Marketplace will be required to continue coverage beyond the 31st day following placement of the child. You must notify the federal Health Insurance Marketplace of the child's placement for adoption or foster care or by court or administrative order. The effective date of the child's coverage will follow the rules of the federal Health Insurance Marketplace. Any additional premium necessary will be calculated from the date determined by the federal Health Insurance Marketplace.

If additional premium is required, coverage of the child will terminate on the 31st day following placement, unless we have received both written notice of the child's placement and any additional premium required within 90 days of the date of placement.

As used in this provision, "placement" means the earlier of:

- A. The date that you or your spouse assume physical custody of the child for the purpose of adoption or foster care.
- B. The date of entry of an order by court or administrative order granting you or your spouse custody of the child for the purpose of adoption or foster care, or otherwise.

The Enrollment period is waived when a parent is required to enroll a child due to an administrative or court order.

Premiums

All Premiums are payable on a monthly basis, by the Policyholder. The first Premium is due and payable on the effective date of this Policy. Subsequent Premiums are due and payable no later than the first day of the month thereafter that this Policy is in effect.

We will also accept Premium payments from the following third parties:

- *Ryan White HIV/AIDS Program* under title XXVI of the *Public Health Service Act*.
- Indian tribes, tribal organizations or urban Indian organizations.
- Local, State and Federal Government programs, including grantees directed by government programs to make payments on their behalf consistent with the program's statutory authority.

Each Premium is to be paid by you, or a third party identified above, without contribution or reimbursement by or on behalf of any other third party including, but not limited to, any health care provider or any health care provider sponsored organization.

Premiums shall not be pro-rated based upon your effective date of coverage. A full month's Premium shall be charged for the entire month in which your coverage becomes effective.

If Premium payments are not made as required:

- Your coverage will end as described in *Section 4: When Coverage Ends*, under *Events Ending Your Coverage* and *Other Events Ending Your Coverage*.
- In order to enroll in a new plan after terminating for non-payment, as allowed under federal law, we may require that your re-enrollment be subject to:

- Your payment in full of any past due premiums owed to us within the last 12 months.
- Payment of the first month's premium for the new plan.

Upon prior written notice, we may impose an administrative fee for credit card payments. This does not obligate us to accept credit card payments. We will charge a \$20 fee for any check or automatic payment deduction that is returned unpaid.

Misstatement of Age or Tobacco Use

If your age or tobacco use status has been misstated, Benefits may be adjusted based on the relationship of the Premium paid to the Premium that should have been paid, based on the correct age or tobacco use status.

Change or Misstatement of Residence

If you change your residence, you must notify the federal Health Insurance Marketplace of your new residence. Your Premium will be based on your new residence beginning on the date determined by the federal Health Insurance Marketplace. If the change in residence results in the Policyholder no longer living in the Service Area, this Policy will terminate as described in *Section 4: When Coverage Ends*.

Grace Period

A grace period of 31 days shall be granted for the payment of any Premium, during which time coverage under this Policy shall continue in force. If payment is not received within this 31-day grace period, coverage may be canceled after the 31st day and the Policyholder shall be held liable for the cost of services received during the grace period. In no event shall the grace period extend beyond the date this Policy terminates.

We may pay Benefits for Covered Health Care Services incurred during this 31-day grace period. Any such Benefit payment is made in reliance on the receipt of the full Premium due from you by the end of the grace period.

However, if we pay Benefits for any claims during the grace period, and the full Premium is not paid by the end of the grace period, we will require repayment of all Benefits paid from you or any other person or organization that received payment on those claims. If repayment is due from another person or organization, you agree to assist and cooperate with us in obtaining repayment. You are responsible for repaying us if we are unsuccessful in recovering our payments from these other sources.

If you are receiving an *Advance Payment of Tax Credit*, as allowed under *section 36B of title 26*, as provided for by the *Patient Protection and Affordable Care Act (PPACA)*, you will have a three-month grace period during which you may pay your Premium and keep your coverage in force. We will pay for Covered Health Care Services during the first month of the grace period. You are responsible for paying the grace period Premium. Prior to the last day of the three-month grace period, we must receive all Premiums due for those three months. No claims will be paid beyond the first month of the grace period until all Premiums are paid for the full three-month grace period.

Adjustments to Premiums

We reserve the right to change the schedule of Premiums on January 1st of each calendar year. We shall give written notice of any change in Premium to the Policyholder at least 45 days prior to the effective date of the change.

Section 4: When Coverage Ends

General Information about When Coverage Ends

As permitted by law, we may end this *Policy* and/or all similar policies for the reasons explained in this *Policy*. Notice of termination of this *Policy*, including the reason, will be provided to you at least 90 days prior to the date of termination.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, we will still pay claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, we will not pay claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended).

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Policyholder's coverage ends.

We will refund any Premium paid and not earned due to *Policy* termination.

This *Policy* may also terminate due to changes in the actuarial value requirements under state or federal law. If this *Policy* terminates for this reason, a new *Policy*, if available, may be issued to you.

You may keep coverage in force by timely payment of the required Premiums under this *Policy* or under any subsequent coverage you have with us.

This *Policy* will renew on January 1 of each calendar year. However, we may refuse renewal if any of the following occur:

- We refuse to renew all policies issued on this form, with the same type and level of Benefits, to residents of the state where you then live, as explained under *The Entire Policy Ends* below.
- There is fraud or intentional misrepresentation made by you or with your knowledge in filing a claim for Benefits, as explained under *Fraud or Intentional Misrepresentation* below.
- Your eligibility would otherwise be prohibited under applicable law.

What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **The Entire Policy Ends**

Your coverage ends on the date this *Policy* ends. That date will be one of the following:

- The date determined by the federal Health Insurance Marketplace that this *Policy* will terminate because the Policyholder no longer lives in the Service Area.
- The date we specify, after we give you 90 days prior written notice, that we will terminate this *Policy* because we will discontinue offering and refuse to renew all policies issued on this form, with the same type and level of benefits, for all residents of the state where you reside.
- The date we specify, after we give you and the applicable state authority at least 180 days prior written notice, that we will terminate this *Policy* because we will discontinue offering and refuse to renew all individual policies/certificates in the individual market in the state where you reside.

- **You Are No Longer Eligible**

Your coverage ends on the date you are no longer eligible to be a Policyholder or an Enrolled Dependent, as determined by the federal Health Insurance Marketplace. Please refer to *Section 8: Defined Terms* for definitions of the terms "Eligible Person," "Policyholder," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**

Your coverage ends on the date determined by the federal Health Insurance Marketplace rules if we receive notice from the federal Health Insurance Marketplace instructing us to end your coverage.

Your coverage ends on the date determined by the federal Health Insurance Marketplace rules if we receive notice from you instructing us to end your coverage.

Other Events Ending Your Coverage

When any of the following happen, we will provide written notice to the Policyholder that coverage has ended on the date we identify in the notice:

- **Failure to Pay**

You fail to pay the required Premium.

- **Fraud or Intentional Misrepresentation of a Material Fact**

We will provide at least 30 days advance required notice to the Policyholder that coverage will end on the date we identify in the notice because you committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If we find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the *Policy*. After two years from the date of issue or reinstatement of this *Policy*, no misstatement, except fraudulent misstatement made by the applicant in the application for such *Policy*, shall be used to void the *Policy* or deny a claim for loss incurred or disability (as defined in the *Policy*) commencing after the expiration of such two-year period.

- **You Accept Reimbursement for Premium**

- You accept any direct or indirect contribution or reimbursement by or on behalf of any third party including, but not limited to, any health care provider or any health care provider sponsored organization for any portion of the Premium for coverage under this *Policy*. This prohibition does not apply to the following third parties:
 - Ryan White HIV/AIDS Program under title XXVI of the Public Health Service Act.
 - Indian tribes, tribal organizations or urban Indian organizations.
 - Local, State and Federal Government programs, including grantees directed by government programs to make payments on their behalf consistent with the program's statutory authority.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental, developmental, or physical disability.
- The Enrolled Dependent child depends mainly on the Policyholder for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of this *Policy*.

You must furnish us with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician we choose examine the child. We will pay for that exam.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at our expense. We will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

Continuity of Care

This continuity of care provision applies to you if either of the following is true:

- You have an ongoing special condition and the Network provider from whom you are receiving care loses his/her status as a Network provider and becomes an Out-of-Network Provider (for reasons other than those relating to quality of care or fraud). We will notify you on a timely basis that the provider is no longer a Network provider and of your right to elect continuation of coverage with that provider.

- You are newly a Covered Person because your employer has changed health benefit plans and you have an ongoing special condition for which you are receiving treatment from an Out-of-Network Provider. We will notify you on the date of enrollment of the right to elect continuation of coverage with that provider.

Your right to continue treatment for an ongoing special condition from the Out-of-Network Provider will be valid for a transitional period of time as follows:

- In general, you will have up to 90 days from the date of notice that such provider is no longer a Network provider, to continue treatment with your provider before benefits will end.
- For surgery, organ transplant, or inpatient care that was scheduled before you received notice that such provider is no longer a Network provider, or if you were on an established waiting list, the transitional period shall extend through the date of discharge. In addition, coverage with that provider shall include post discharge follow-up care related to the surgery, transplantation, or other inpatient care happening within 90 days after the date of discharge.
- For Pregnancy, if you have entered the second trimester of pregnancy on the date of notice that such provider is no longer a Network provider, you will have benefits with that provider through treatment of the pregnancy, which shall include 60 days of postpartum care.

For a terminal illness, if the Covered Person is determined to be terminally ill at the time of a provider's termination as a Network provider, and the provider was treating the terminal illness before the date of the termination or enrollment in the new plan, the transitional period shall extend for the remainder of the Covered Person's life with respect to care directly related to the treatment of the terminal illness or its medical manifestations.

Reinstatement

A certification of prior creditable coverage is a written certification of your period of creditable coverage, and any waiting period and affiliation period, if applicable to you.

We will provide a certification of prior creditable coverage when your coverage ends for any of the following reasons:

- At the time you cease to be covered under this Policy.
- Upon request on your behalf when the request is made not later than 24 months after the date coverage ends.

How Are Covered Health Care Services from an Out-of-Network Provider Paid?

You must file the claim in a format that contains all of the information we require, as described below.

Notice of Claim

You should submit a request for payment of Benefits within 180 days after the date of service. If you don't provide this information to us within one year of the date of service, Benefits for that health care service will be denied or reduced, as determined by us. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Forms and Proof of Loss

We do not require that you complete and submit a claim form. Instead, you can provide proof of loss by furnishing us with all of the information listed directly below under *Required Information*.

Assignment of Benefits

You may not assign your Benefits under this Policy or any cause of action related to your Benefits under this Policy to an out-of-Network provider without our consent. When an assignment is not obtained, we will send the reimbursement directly to the Policyholder for reimbursement to an out-of-Network provider. We may, as we determine, pay an out-of-Network provider directly for services rendered to you. In the case of any such assignment of Benefits or payment to an out-of-Network provider, we have the right to offset Benefits to be paid to the provider by any amounts that the provider owes us.

When you assign your Benefits under this Policy to an out-of-Network provider with our consent, and the out-of-Network provider submits a claim for payment, you and the out-of-Network provider represent and warrant the following:

Payment of Benefits under the Policy shall be in cash or cash equivalents, or in a form of other consideration that we determine to be adequate. Where Benefits are payable directly to a provider, such adequate consideration includes the forgiveness in whole or in part of the amount the provider owes us, or to other plans for which we make payments where we have taken an assignment of the other plans' recovery rights for value.

Utilization Review

The use of utilization review methods ensures that you receive appropriate health care services in an appropriate setting. Utilization review includes a set of formal techniques designed to monitor the use of or evaluate the clinical necessity, medical appropriateness, efficacy or efficiency of health care services, procedures, providers or facilities.

Utilization Review Program Operation

UnitedHealthcare uses documented clinical review criteria that are based on sound clinical evidence and that are periodically evaluated to assure ongoing efficacy. Qualified health care professionals administer the utilization review program under the direction of a medical director. A medical doctor licensed to practice medicine in North Carolina evaluates the clinical appropriateness of non-certifications.

In issuing utilization review decisions, UnitedHealthcare will obtain all information required to make the decision, including pertinent clinical information; ensure that utilization reviewers apply clinical review criteria consistently; and, issue timely decisions in accordance with applicable law. UnitedHealthcare will limit requests for information to only that information that is necessary to certify the service in question and will provide notification of utilization review decisions consistent with applicable law.

UnitedHealthcare may not certify an admission or service if you or your Physician are unable to provide, or fail to release, necessary information in a timely manner. Whenever prior certification is required in order to receive requested services, utilization review staff may be contacted by you and/or your Physician at the phone number listed on your ID Card.

Urgent Care Review

"Urgent care review" is review of any claim for health care services or treatment where the application of the time period for making a non-urgent care determination could either seriously jeopardize your life or health, or, in the opinion of a Physician with knowledge of your medical condition would subject you to severe pain that cannot be managed without treatment.

The initial urgent care review will be made as soon as possible but no later than 72 hours after receipt of the request. If additional information is needed:

- Within 24 hours of receipt of claim, UnitedHealthcare must make the request for additional information.
- You will have 48 hours from receipt of UnitedHealthcare's request to supply the information.

UnitedHealthcare will make the determination within 48 hours of receiving the additional information or within 48 hours of the expiration of the time allowed to you to submit the additional information, whichever happens sooner.

Prospective (Pre-service) and Concurrent Reviews

"Prospective review" is utilization review conducted before an admission or course of treatment, including any required pre-authorization or pre-certification. "Pre-service" is a service that has not yet been obtained. "Concurrent review" is utilization review conducted during a patient's Hospital Inpatient Stay or course of treatment.

Prospective and concurrent review determinations will be communicated to your Physician within 3 business days after all necessary information about the admission, procedure, or health care services has been obtained.

"Necessary Information" includes the results of any patient examination, clinical evaluation or second opinion that may

be required. If additional information is needed, a request will be made within 3 business days of the original receipt of claim.

- You will have 45 calendar days from receipt of request to supply this information.
- A determination will be made and you and your Physician will be notified within 3 business days after receipt of the additional information.

In concurrent review situations, requests for extension of treatment involving urgent care will be decided within 24 hours of receipt of request provided that request is received within at least 24 hours prior to the expiration of prescribed treatment or treatment in progress. If a request for extension of treatment is urgent, and the request is not received at least 24 hours before the expiration of a previously approved inpatient stay or course of treatment at the requesting hospital or other facility, a decision will be made and communicated as soon as possible, but no later than 72 hours after UnitedHealthcare receives the request. If UnitedHealthcare needs more information to process the Member's urgent review, UnitedHealthcare will notify the requesting hospital or other facility of the information needed as soon as possible but no later than 24 hours after UnitedHealthcare receives the request. The requesting hospital or other facility will then be given a reasonable amount of time, but not less than 48 hours, to provide the requested information. UnitedHealthcare will make a decision within 48 hours of the earlier of receipt of the requested information, or the end of the time period given to the requesting hospital or other facility to provide the information.

Your Physician will be notified when health care services are certified or non-certified. When services are non-certified, a written confirmation will be sent to you electronically or via U.S. mail. In concurrent reviews, UnitedHealthcare will remain liable for health care services until you have been notified of the noncertification.

Retrospective (Post - Service) Reviews

"Retrospective review" means utilization review of Medically Necessary services and supplies that are conducted after services have been provided to the patient. It does not include the review of a claim that is limited to an evaluation of reimbursement levels, veracity of documentation, accuracy of coding, or adjudication for payment.

For retrospective review determinations, a determination will be made within 30 calendar days of receipt unless additional information is needed to make the determination. If additional information is needed:

- Within 30 calendar days of original receipt of claim, UnitedHealthcare must make the request for additional information.
- You will have 90 calendar days from receipt of the request to supply this information.
- A determination will be made at the earlier of:
 - 30 calendar days after the information is received.
 - 30 calendar days from the expiration of the time, you were allowed to submit the additional information.

If additional information is submitted, you and your Physician will be notified within 30 calendar days of the receipt of this additional information. You, your authorized representative, if applicable, and your Physician will be notified when health care services are certified or when services are noncertified. For a noncertification, we will give written notification to you and your provider within five business days after making the noncertification.

Appeal and Grievance Procedures

You have certain appeal and grievance rights under the laws of North Carolina and the *United States Department of Labor*. As described below, you have the right to appeal an adverse benefit determination. This includes the right to appeal noncertification decisions as well as the right to appeal non-clinical (benefit) determinations.

In the case of noncertification appeals:

- There is one level of appeal available through UnitedHealthcare.
- You may also be entitled to request an independent external review through the *NCDOI* as explained below.

In case of a non-clinical (benefit) appeal:

- There are two levels of internal review available through UnitedHealthcare.
- Independent external review through the *NCDOI* is not available for non-clinical appeals.

How To Request An Appeal

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s) or the name of the prescription drug.
- The provider's name.
- The reason you believe the claim should be paid or prescription drug is needed.
- Any documentation or other written information to support your request for claim payment or prescription drug approval.

If someone other than yourself is submitting the appeal on your behalf, you must authorize the representative in writing.

Noncertification (Clinical) Appeals

You, or another person or Physician authorized to act on your behalf, have 180 calendar days from the date of the noncertification to appeal noncertification determinations. Noncertification determinations include Prescription Drug Product determinations as described under the Outpatient Prescription Drugs section of this Policy.

Medical Appeal	UnitedHealthcare Appeals & Grievances PO Box 6111 Mail Stop CA-0197 Cypress, CA 90630
Prescription Drug Appeal	OptumRx c/o Appeals Coordinator PO Box 2975 Mission, KS 66201

The *NCDOI* is available to assist you with your request. Contact *Health Insurance Smart NC, North Carolina Department of Insurance* in writing at 1201 Mail Service Center, Raleigh, NC 27699-1201 or by telephone at (Toll-free in NC) 855-408-1212 or at www.ncdoi.com/smart. The appeal will be evaluated by a North Carolina licensed medical doctor who was not involved in the initial noncertification decision. As described below, noncertification appeals may be expedited under certain circumstances

Standard Noncertification Appeals

- Within 3 business days after receiving a request for a standard, non-expedited appeal, you will be provided with the name, address, and telephone number of UnitedHealthcare's authorized representative and information on how to submit written material.
- Within 30 calendar days after receiving the noncertification appeal request, UnitedHealthcare will issue a written notice, in clear terms, of the decision to you and your Physician.

Expedited Noncertification Appeals

- An expedited review process is available to address those situations where the standard appeal time frames would reasonably appear to seriously jeopardize life or health, or jeopardize the ability to regain maximum function. Appeal requests involving urgent care may be submitted orally or in writing. Documentation will be required of the medical justification for the expedited appeal.
- UnitedHealthcare will issue a written notice, in clear terms, to the provider and to you no later than 72 hours after receiving the information justifying an expedited review. If additional information is needed:
 - Within 24 hours of receipt of claim, UnitedHealthcare may request additional information.
 - You will have 48 hours from receipt of the request to supply this information.
 - A determination will be made at the earlier of:

- ♦ 48 hours after information is received.
- ♦ 48 hours from expiration of the time you were allowed to submit the additional information.

Note: As explained below, if you are dissatisfied with the non-certification appeal decision, you may be entitled to request an external review through the *NCDOI*.

External Review

North Carolina law provides for review of non-certification decisions by an external, independent review organization (IRO). The *North Carolina Department of Insurance (NCDOI)* administers this service at no charge to you, arranging for an IRO to review your case once the *NCDOI* establishes that your request is complete and eligible for review. You or someone you have authorized to represent you may request an external review. UnitedHealthcare will notify you in writing of your right to request an external review each time you:

- Receive a non-certification decision, or
- Receive an appeal decision upholding a non-certification decision.

In order for your request to be eligible for external review, the *NCDOI* must determine the following:

- That your request is about a medical necessity determination that resulted in a non-certification decision.
- That you had coverage with UnitedHealthcare in effect when the non-certification decision was issued.
- That the service for which the non-certification was issued appears to be a Covered Health Care Service under your Policy.
- That you have exhausted UnitedHealthcare's internal review process as described below.

External review is performed on a standard and expedited timetable, depending on which is requested, and on whether medical circumstances meet the criteria for expedited review.

Standard External Review

For a standard external review, you will be considered to have exhausted the internal review process if you have:

- Completed the UnitedHealthcare appeal process and received a written determination on the appeal from UnitedHealthcare; or
- Filed an appeal and, except to the extent that you have requested or agreed to a delay, have not received UnitedHealthcare's written decision on appeal within 30 calendar days of the date you can demonstrate that a grievance was filed with UnitedHealthcare, or
- Received notification that UnitedHealthcare has agreed to waive the requirement to exhaust the internal appeal process.

If your request for a standard external review is related to a retrospective non-certification (a non-certification which happens after you have received the services in question), you will not be eligible to request a standard review until you have completed UnitedHealthcare's internal review process and received a written final determination from UnitedHealthcare.

If you wish to request a standard external review, you (or your authorized representative) must make this request to the *NCDOI* within 120 calendar days of receiving UnitedHealthcare's written notice of final determination that the services in question are not approved. When processing your request for external review, the *NCDOI* will require you to provide the *NCDOI* with written, signed authorization for the release of any of your medical records that may need to be reviewed for the purposes of reaching a decision on the external review.

Within 10 business days of receipt of your request for a standard external review, the *NCDOI* will notify you and your provider of whether your request is complete and whether it is accepted. If the *NCDOI* notifies you that your request is incomplete, you must provide all requested additional information to the *NCDOI* within 150 calendar days of the date of UnitedHealthcare's written notification of final determination. If the *NCDOI* accepts your request, the acceptance will include:

- The name and contact information for the independent review organization (IRO) assigned to your case.
- A copy of the information about your case that UnitedHealthcare has provided to the *NCDOI*.

- Notice that UnitedHealthcare will provide you with a copy of the documents and information considered in making the denial decision (which will also be sent to the IRO).
- Notification that you may submit additional written information and supporting documentation relevant to the initial non-certification to the assigned IRO within 7 calendar days of the date of the acceptance notice.

If you choose to provide any additional information to the IRO, you must also provide the same information to UnitedHealthcare at the same time using the same means of communication (e.g. you must fax the information to UnitedHealthcare if you faxed it to the IRO). When faxing information to UnitedHealthcare, send it to 888-404-0949. If you choose to mail your information, send it to:

Medical Appeal	UnitedHealthcare Appeals & Grievances PO Box 6111 Mail Stop CA-0197 Cypress, CA 90630
Prescription Drug Appeal	OptumRx c/o Appeals Coordinator PO Box 2975 Mission, KS 66201

Please note that you may also provide this additional information to the *NCDOI* within the 7-calendar day deadline rather than sending it directly to the IRO and UnitedHealthcare. The *NCDOI* will forward this information to the IRO and UnitedHealthcare within two business days of receiving your additional information.

The IRO will send you written notice of its determination within 45 calendar days of the date the *NCDOI* received your standard external review request. If the IRO's decision is to reverse the non-certification, UnitedHealthcare will reverse the non-certification decision within 3 business days of receiving notice of the IRO's decision, and provide coverage for the requested service or supply that was the subject of the non-certification decision. If you are no longer covered by UnitedHealthcare at the time UnitedHealthcare receive notice of the IRO's decision to reverse the non-certification, UnitedHealthcare will only provide coverage for those services or supplies you actually received or would have received prior to disenrollment if the service had not been non-certified when first requested.

Expedited External Review

An expedited external review of a non-certification decision may be available if you have a medical condition where the time required to complete either an expedited internal appeal or a standard external review would reasonably be expected by a prudent layperson or a physician with knowledge of the insured's medical condition to seriously jeopardize your life or health or would jeopardize your ability to regain maximum function, or is causing severe pain that cannot be managed without the requested treatment. If you meet this requirement, you may make a written request to the *NCDOI* for an expedited review after you:

- Receive a non-certification decision from UnitedHealthcare AND file a request with UnitedHealthcare for an expedited appeal; or
- Receive an appeal decision upholding a non-certification decision.

You may also make a request for an expedited external review if you receive an adverse first level appeal decision concerning a non-certification of an admission, availability of care, continued stay or Emergency care, but have not been discharged from the inpatient facility.

Within 2 calendar days after receiving a request for an expedited external review, *NCDOI* will notify UnitedHealthcare that the request has been received and will provide a copy of the request. In consultation with a medical professional, the *NCDOI* will review your request and determine whether it qualifies for expedited review.

NCDOI will notify UnitedHealthcare, you and your provider within 2 calendar days if your request is accepted for expedited external review. If your request is not accepted for expedited review, the *NCDOI* may:

- Accept the care for standard external review if UnitedHealthcare's internal review process was already completed; or
- Require the completion of UnitedHealthcare's internal review process before you may make another request for an external review with the *NCDOI*.

An expedited external review is not available for retrospective non-certification.

The IRO will communicate its decision to you not more than 3 calendar days of the date the NCDOI received your request for an expedited external review. If the IRO's decision is to reverse the non-certification, UnitedHealthcare will, within 1 calendar day of receiving notice of the IRO's decision, reverse the non-certification decision for the requested services or supply that is the subject of the non-certification decision. If you are no longer covered by UnitedHealthcare at the time UnitedHealthcare receives notice of the IRO's decision to reverse the non-certification, UnitedHealthcare will only provide coverage for those services or supplies you actually received or would have received prior to disenrollment if the service had not been non-certified when first requested.

The IRO's external review decision is binding on UnitedHealthcare and you, except to the extent you may have other remedies available under applicable federal or state law. You may not file a subsequent request for an external review involving the same non-certification decision for which you have already received an external review decision.

Non-Clinical Appeals (Benefit Grievances)

This process is separate and distinct from the utilization review/non-certification appeals and grievance procedures outlined above. UnitedHealthcare will address your dissatisfaction concerning non-clinical matters such as availability, delivery, claim handling, contractual issues or quality of health care services.

First-Level Appeal Review

You, or another person authorized to act on your behalf, may voluntarily request a review of any decision, policy, or action of UnitedHealthcare that affects you. You have 180 calendar days from the date of receipt of any adverse benefit determination to request a review of this determination. You may submit written material for consideration. Within 3 business days after receiving your request, you will be provided the name, address, and telephone number of one of UnitedHealthcare's authorized representatives, with instructions on how to submit additional written material. A written decision, in clear terms, will be issued to you and, if applicable, to your provider within 30 calendar days after receiving your request.

Second-Level Grievance Review

If you are dissatisfied with the first-level decision, you may make a request for second-level non-clinical grievance review within 60 calendar days from the date of receipt of your first level appeal decision. You should make the request to:

Medical Appeal	UnitedHealthcare Appeals & Grievances PO Box 6111 Mail Stop CA-0197 Cypress, CA 90630
Prescription Drug Appeal	OptumRx c/o Appeals Coordinator PO Box 2975 Mission, KS 66201

The NCDOI is available to assist the Member with the Member's request. Contact *Heath Insurance Smart NC*, *North Carolina Department of Insurance*, 1201 Mail Service Center, Raleigh, NC 27699-1201, by telephone toll free at (855) 408-1212 or at www.ncdoi.com/smart. Upon receiving a request for a second-level non-clinical grievance review, you will be informed of the following within 10 business days:

- The name, address, and telephone number of the person designated to coordinate the second-level grievance review; and
- A statement of your rights including the right to:
 - Request and receive from UnitedHealthcare all information relevant to the case.
 - Attend the second-level grievance review.
 - Present your case to the review panel.
 - Submit supporting materials before and at the review meeting.
 - Ask questions of any member of the review panel.
 - Be assisted or represented by a person of your choice who can be, but is not limited to a provider, a family member, employer representative or an attorney.
 - Seek assistance from the *Health Insurance Smart NC*.

Upon receiving your request for second-level non-clinical grievance review, a review panel will be convened. The panel will be comprised of people who were not previously involved in any matter giving rise to the second-level grievance, and who do not have a financial interest in the outcome of the review. A person who was previously involved in the matter may appear before the panel to present information or answer questions.

Second-Level Grievance Review Procedures

A second-level grievance hearing will be scheduled and UnitedHealthcare will give you notice of the meeting date and time at least 15 calendar days before the meeting. The meeting will be held by teleconference. You have the right to a full review of your grievance even if you do not take part in the meeting. A decision will be issued within 30 calendar days after UnitedHealthcare receives a second level review request.

Your right to a full review shall not be conditioned on your appearance at the review meeting.

UnitedHealthcare will issue a written decision within seven business days of the review meeting, in clear terms, to you and, if applicable, to your authorized representative. Independent external review through the *NCDOI* is not available for non-clinical reviews.

Section 7: General Legal Provisions

Coverage Determination

If we provide you with prior written notice that a service is a Covered Health Care Service, we will not later retract such determination after the services are furnished unless the determination was based upon material misrepresentation by you or your Physician.

What Is Your Relationship with Us?

It is important for you to understand our role with respect to this *Policy* and how it may affect you. We administer this *Policy* under which you are insured. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the *Policy* will cover or pay for the health care that you may receive. The *Policy* pays for Covered Health Care Services, which are more fully described in this *Policy*.
- The *Policy* may not pay for all treatments you or your Physician may believe are needed. If the *Policy* does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

Certification of Coverage Form

Please note that as required by the *Health Insurance Portability and Accountability Act of 1996 (HIPAA)*, we will produce a certificate of creditable coverage form for Covered Persons who lose coverage under this *Policy* on or after the effective date of this *Policy*. A certification of prior creditable coverage is a written certification of your period of creditable coverage, and any waiting period and affiliation period, if applicable to you, before coverage begins under the plan.

We will provide a certification of prior creditable coverage when your coverage ends for any of the following reasons:

- At the time you cease to be covered under this *Policy*.
- Upon request on your behalf when the request is made not later than 24 months after the date coverage ends.

"Creditable coverage" means coverage under any of the following: a group health plan; health insurance coverage in the group market or individual market; Part A or part B of *Title XVIII* of the *Social Security Act*; *Title XIX* of the *Social Security Act* (other than coverage consisting solely of benefits under *section 1928*; *Chapter 55* of *Title 10* of the *United States Code*; a medical care program of the *Indian Health Service* or of a tribal organization; a state health benefits risk pool; a health plan offered under *Chapter 89* of *Title 5* of the *United States Code*; a public health plan (as defined in federal regulations); a health benefit plan under *section 5(e)* of the *Peace Corps Act*; *Title XXI* of the *Social Security Act* (*State Children's Health Insurance Program*); short-term limited duration health insurance coverage. Creditable coverage does not include coverage consisting solely of coverage of excepted benefits.

What Is Our Relationship with Providers?

We have agreements in place that govern the relationship between us and Network providers, some of which are affiliated providers. Network providers enter into an agreement with us to provide Covered Health Care Services to Covered Persons.

We do not provide health care services or supplies, or practice medicine. We arrange for health care providers to participate in a Network and we pay Benefits. Network providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the providers' licenses and other credentials. It does not assure the quality of the services provided. We are not responsible for any act or omission of any provider.

What Is Your Relationship with Providers?

The relationship between you and any provider is that of provider and patient.

You are responsible for all of the following:

- Choosing your own provider.
- Paying, directly to your provider, any amount identified as a member responsibility, including Co-payments, Co-insurance, any deductible and any amount that exceeds the Allowed Amount, when applicable.
- Paying, directly to your provider, the cost of any non-Covered Health Care Service.
- Deciding if any provider treating you is right for you. This includes Network providers you choose and providers that they refer.
- Deciding with your provider what care you should receive.

Your provider is solely responsible for the quality of the services provided to you.

Do We Pay Incentives to Providers?

We pay Network providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network providers receives a monthly payment from us for each Covered Person who selects a Network provider within the group to perform or coordinate certain health care services. The Network providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.
- Bundled payments - certain Network providers receive a bundled payment for a group of Covered Health Care Services for a particular procedure or medical condition. Your Co-payment and/or Co-insurance will be calculated based on the provider type that received the bundled payment. The Network providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Co-payment and/or Co-insurance may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Care Services that are not considered part of the inclusive bundled payment and those Covered Health Care Services would be subject to the applicable Co-payment and/or Co-insurance as described in your *Schedule of Benefits*.

We use various payment methods to pay specific Network providers. From time to time, the payment method may change. If you have questions about whether your Network provider's contract with us includes any financial incentives, we urge you to discuss those questions with your provider. You may also call us at the telephone number on your ID card. We can advise whether your Network provider is paid by any financial incentive, including those listed above.

Are Incentives Available to You?

Sometimes we may offer coupons, enhanced Benefits, or other incentives to urge you to take part in various programs, including wellness programs, certain disease management programs, surveys, discount programs, administrative programs and/or programs to seek care in a more cost-effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, we recommend that you discuss taking part in such programs with your Physician. We will notify you of the opportunity to participate in available programs and of any criteria for eligibility. Contact us at www.myuhc.com/exchange or the telephone number on your ID card if you have any questions.

As determined by us, incentives may include, but are not limited to, the following:

- A digital fitness program.
- Gift card incentives valued at a maximum of \$500 for completing certain activities throughout the year, such as having a wellness visit with your Primary Care Physician or taking other plan communication-related actions (e.g., signing up for text messages or paperless communications).

Do We Receive Rebates and Other Payments?

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. This includes rebates for those drugs that are administered to you before you meet any applicable deductible. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed onto you, they may be taken into account in determining your Co-payment and/or Co-insurance.

Who Interprets Benefits and Other Provisions under the Policy?

We have the sole and exclusive authority to do all of the following:

- Interpret Benefits under this *Policy*, including by comparing the cost effectiveness of alternate services or supplies when determining which of the services or supplies will be covered.
- Interpret the other terms, conditions, limitations and exclusions set out in this *Policy*, including the *Schedule of Benefits* and any *Amendments*.
- Make factual determinations related to this *Policy* and its Benefits.

We may assign this authority to other persons or entities that provide services in regard to the administration of this *Policy*.

In certain circumstances, for purposes of overall cost savings or efficiency, we may offer Benefits for services that would otherwise not be Covered Health Care Services. The fact that we do so in any particular case shall not in any way be deemed to require us to do so in other similar cases.

Who Provides Administrative Services?

We provide administrative services or, as we determine, we may arrange for various persons or entities to provide administrative services, such as claims processing. The identity of the service providers and the nature of the services they provide may be changed from time to time as we determine. We are not required to give you prior notice of any such change, nor are we required to obtain your approval. You must cooperate with those persons or entities in the performance of their responsibilities.

Amendments to this Policy

To the extent permitted by law, we have the right to change, interpret, withdraw or add Benefits or end this *Policy*.

Any provision of this *Policy* which, on its effective date, is in conflict with the requirements of state or federal statutes or regulations (of the jurisdiction in which this *Policy* is delivered) is amended to conform to the minimum requirements of such statutes and regulations.

No other change may be made to this *Policy* unless it is made by an Amendment which has been signed by one of our officers and consistent with applicable notice requirements. All of the following conditions apply:

- Amendments to this *Policy* are effective upon renewal, except as otherwise permitted by law.
- No agent has the authority to change this *Policy* or to waive any of its provisions.
- No one has authority to make any oral changes or amendments to this *Policy*.

How Do We Use Information and Records?

We may use your individually identifiable health information as follows:

- To administer this *Policy* and pay claims.
- To identify procedures, products, or services that you may find valuable.
- As otherwise permitted or required by law.

We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under this Policy, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you, including provider billing and provider payment records. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Policyholder's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release records concerning health care services when any of the following apply:

- Needed to put in place and administer the terms of this Policy.
- Needed for medical review or quality assessment.
- Required by law or regulation.

During and after the term of this Policy, we and our related entities may use and transfer the information gathered under this Policy in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our Notice of Privacy Practices.

For complete listings of your medical records or billing statements you may contact your health care provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

Remote Physiologic Monitoring - the automatic collection and electronic transmission of patient physiologic data that are analyzed and used by a licensed physician or other qualified health care professional to develop and manage a plan of treatment related to a chronic and/or acute health illness or condition. The plan of treatment will provide milestones for which progress will be tracked by one or more Remote Physiologic Monitoring devices. Remote physiologic monitoring must be ordered by a licensed physician or other qualified health professional who has examined the patient and with whom the patient has an established, documented and ongoing relationship. Remote Physiologic Monitoring may not be used while the patient is inpatient at a Hospital or other facility. Use of multiple devices must be coordinated by one Physician.

Residential Treatment - treatment in a facility established and operated as required by law, which provides Mental Health Care Services or Substance-Related and Addictive Disorders Services. It must meet all of the following requirements:

- Provides a program of treatment under the active participation and direction of a Physician.
- Offers organized treatment services that feature a planned and structured regimen of care in a 24-hour setting and providers at least the following basic services:
 - Room and board.
 - Evaluation and diagnosis.
 - Medication provision/assistance.
 - Counseling.
 - Referral and orientation to specialized community resources.

A Residential Treatment facility that qualifies as a Hospital is considered a Hospital.

Secretary - as that term is applied in the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)*.

Semi-private Room - a room with two or more beds. When an Inpatient Stay in a Semi-private Room is a Covered Health Care Service, the difference in cost between a Semi-private Room and a private room is a Benefit only when a private room is Medically Necessary, or when a Semi-private Room is not available.

Service Area - the geographic area where we act as a Qualified Health Plan Issuer as approved by the appropriate regulatory agency.

Sexual Dysfunction - Any of a group of sexual disorders characterized by inhibition either of sexual desire or of the psychophysiological changes that usually characterize sexual response. Included are female sexual arousal disorder, male erectile disorder and hypoactive sexual desire disorder.

- Ordered by a Physician.
- Not delivered for the purpose of helping with activities of daily living, including dressing, feeding, bathing or transferring from a bed to a chair.
- Requires clinical training in order to be delivered safely and effectively.

Not Custodial Care, which can safely and effectively be performed by trained non-medical personnel.

Skilled Nursing Facility - a Hospital or nursing facility that is licensed and operated as required by law. This does not include a facility primarily for rest, the aged, treatment of substance-related and addictive disorders services, or for care of behavioral health disorders.

Specialist - a Physician who has a majority of his or her practice in areas other than general pediatrics, internal medicine, general obstetrics/gynecology, family practice or general medicine.

Sub-Acute Facility - means a facility that provides intermediate care on short-term or long-term basis.

Substance-Related and Addictive Disorders Services - services for the diagnosis and treatment of alcoholism and substance-related and addictive disorders that are listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of Mental Disorders* published by the *American Psychiatric Association*. The fact that a disorder is listed in the current edition of the *International Classification of Diseases section on Mental and Behavioral Disorders* or *Diagnostic and Statistical Manual of Mental Disorders* published by the *American Psychiatric Association* does not mean that treatment of the disorder is a Covered Health Care Service.

Surrogate - a female who becomes pregnant usually by artificial insemination or transfer of a fertilized egg (embryo) for the purpose of carrying the fetus for another person.

Telehealth/Telemedicine - live, interactive audio with visual transmissions of a Physician-patient encounter from one site to another using telecommunications technology. Terminal Illness - in the context of hospice means a life expectancy, certified by two Physicians, of six months or less.

Transitional Living - Mental Health Care Services and Substance-Related and Addictive Disorders Services provided through facilities, group homes and supervised apartments which provide 24-hour supervision, including those defined in the *American Society of Addiction Medicine (ASAM) Criteria*, and are either:

- Sober living arrangements such as drug-free housing or alcohol/drug halfway houses. They provide stable and safe housing, an alcohol/drug-free environment and support for recovery. They may be used as an addition to ambulatory treatment when it doesn't offer the intensity and structure needed to help you with recovery.

- Supervised living arrangements which are residences such as facilities, group homes and supervised apartments. They provide stable and safe housing and the opportunity to learn how to manage activities of daily living. They may be used as an addition to treatment when it doesn't offer the intensity and structure needed to help you with recovery. Please note: these living arrangements are also known as supportive housing (including recovery residences).

Unproven Service(s) - services, including medications and devices, regardless of *U.S. Food and Drug Administration (FDA)* approval, that are not determined to be effective for treatment of the medical or behavioral health condition or not determined to have a beneficial effect on health outcomes due to insufficient and inadequate clinical evidence from well-designed randomized controlled trials or observational studies in the prevailing published peer-reviewed medical literature. These include:

- Well-designed systematic reviews (with or without meta-analysis) of multiple well-designed randomized controlled trials.
- Individual well-designed randomized controlled trials.
- Well-designed observational studies with one or more concurrent comparison group(s), including cohort studies, case control studies, cross sectional studies and systematic reviews (with or without meta-analysis) of such studies.

We have a process by which we compile and review clinical evidence with respect to certain health care services. From time to time, we issue medical and drug policies that describe the clinical evidence available with respect to specific health care services. These medical and drug policies are subject to change without prior notice. You can view these policies at www.myuhc.com/exchange and liveandworkwell.com.

Please note:

- If you have a life-threatening Sickness or condition (one that is likely to cause death within one year of the request for treatment) we may, as we determine, consider an otherwise Unproven Service to be a Covered Health Care Service for that Sickness or condition. Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Urgent Care - Care that requires prompt attention to avoid adverse consequences, but does not pose an immediate threat to a person's life. Urgent Care is usually delivered in a walk-in setting and without an appointment. Urgent Care facilities are a location, distinct from a hospital Emergency Department, an office or a clinic. The purpose is to diagnose and treat illness or injury for unscheduled, ambulatory patients seeking immediate medical attention.

Urgent Care Center - a facility that provides Covered Health Care Services that are required to prevent serious deterioration of your health. These services are required as a result of an unforeseen Sickness, Injury, or the onset of sudden or severe symptoms. Urgent Care facilities are a location, distinct from a hospital Emergency Department, an office or a clinic.

Section 9: Outpatient Prescription Drugs

This section of the Policy provides Network Benefits for Prescription Drug Products.

Because this section is part of a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in either the *Policy* in *Section 8: Defined Terms* or in this section under the heading *Defined Terms for Outpatient Prescription Drugs*.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare of North Carolina, Inc. When we use the words "you" and "your" we are referring to people who are Covered Persons, as the term is defined in the *Policy* in *Section 8: Defined Terms*.

Introduction

Coverage Policies and Guidelines

Our Individual and Family Plan Pharmacy Management Committee (IPMC) makes tier placement changes on our behalf. The IPMC places FDA-approved Prescription Drug Products into tiers by considering a number of factors including clinical and economic information. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include the Prescription Drug Product's total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others; therefore, a Prescription Drug Product may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat.

We may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen up to monthly. These changes may happen without prior notice to you. In the event that a Prescription Drug Product that you are currently taking moves to a higher tier or is removed from the *PDL*, we will notify you no less than 30 days prior to the change. When that happens, you may pay more or less for a Prescription Drug Product, depending on its tier placement. Please contact us at www.myuhc.com/exchange or the telephone number on your ID card for the most up-to-date tier placement.

When considering a Prescription Drug Product for tier placement, the IPMC reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

NOTE: Tier status for a Prescription Drug Product may be determined by accessing your Benefits for Prescription Drug Products by contacting us at www.myuhc.com/exchange or the telephone number on your ID card. The tier to which a Prescription Drug Product is assigned may change as detailed in the *Policy*.

Prescription Drug Products that are considered to be PPACA Zero Cost Share Preventive Care Medications will be provided at \$0 cost share for Covered Persons.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you must pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in the *Policy* in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you did not verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Co-insurance, and any deductible that applies.

Submit your claim to:

OptumRx Claims Department,
PO Box 650540,
Dallas, TX 75265-0540

Designated Pharmacies

If you require certain Prescription Drug Products, including, but not limited to, Specialty Prescription Drug Products, we may direct you to a Designated Pharmacy with whom we have an arrangement to provide those Prescription Drug Products. If you choose not to obtain your Prescription Drug Product from the Designated Pharmacy, you may not have coverage.

When Do We Limit Selection of Pharmacies?

If we determine that you may be using Prescription Drug Products in a harmful or abusive manner, or with harmful frequency, your choice of Network Pharmacies may be limited. If this happens, we may require you to choose one Network Pharmacy that will provide and coordinate all future pharmacy services. Benefits will be paid only if you use the chosen Network Pharmacy. If you don't make a choice within 31 days of the date we notify you, we will choose a Network Pharmacy for you.

Coupons, Incentives and Other Communications

At various times, we may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, as you determine, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

Special Programs

We may have certain programs in which you may receive an enhanced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or taking part in health management programs. You may access information on these programs by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

Are Discounts and Incentives Available to You?

From time to time, we may make access available to discounts or incentive programs. Incentive programs may be available only to targeted populations and may include other incentives.

These discount and incentive programs are not insurance and are not an insurance benefit or promise in the Policy. Your access to these programs is provided by us separately or independently from the Policy and may be discontinued at any time. There is no additional charge for you to access these discount and incentive programs.

These programs may be offered or administered directly by us or through a third party vendor. If we receive any funds from a third party vendor in conjunction with making the discount or incentive programs available to you, we will use those funds to offset our costs of providing you access to the programs.

Section 10: Pediatric Dental Care Services

How Do You Use This Document?

This section to the Policy provides Benefits for Covered Dental Care Services, as described below, for Covered Persons under the age of 19. Benefits under this section will end on the last day of the month when the Covered Person reaches the age of 19.

What Are Defined Terms?

Because this section is part of a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in either the Policy in *Section 8: Defined Terms* or in this section under the heading *Defined Terms for Pediatric Dental Care Services*.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare of North Carolina, Inc. When we use the words "you" and "your" we are referring to people who are Covered Persons, as the term is defined in the Policy in *Section 8: Defined Terms*.

What Are Covered Dental Care Services?

You are eligible for Benefits for Covered Dental Care Services listed in this section if such Dental Care Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Care Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this section.

What Is a Pre-Treatment Estimate?

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, you may notify us of such treatment before treatment begins and receive a pre-treatment estimate. If you desire a pre-treatment estimate, you or your Dental Provider should send a notice to us, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide us with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of benefit determination.

We will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of Benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the Policy. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be given a benefit based on the less costly procedure.

A pre-treatment estimate of Benefits is not an agreement to pay for expenses. This procedure lets you know in advance approximately what portion of the expenses will be considered for payment.

Does Pre-Authorization Apply?

Pre-authorization is required for orthodontic services. Speak to your Dental Provider about obtaining a pre-authorization before Dental Care Services are provided. It is your Dental Provider's responsibility for obtaining a preauthorization. If you do not obtain a pre-authorization, we have a right to deny your claim for failure to comply with this requirement.

Benefits for Pediatric Dental Care Services

Benefits are provided for the Dental Care Services stated in this Section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.
- C. Clinical situations that can be effectively treated by a less costly, dental appropriate alternative procedure will be given a Benefit based on the least costly procedure.
- D. Not excluded as described under Pediatric Dental Exclusions of this section.

Benefits

Benefit limits are calculated on a calendar year basis unless otherwise specifically stated.

Pediatric Dental Exclusions

Except as may be specifically provided in this section under the heading *Benefits for Pediatric Dental Care Services*, Benefits are not provided under this section for the following:

1. Dental Care Services received from an out-of-Network Dental Provider.
2. Any Dental Service or Procedure not listed as a Covered Dental Service in this section under *Benefits for Pediatric Dental Care Services*.
3. Dental Care Services that are not Necessary.
4. Hospitalization or other facility charges.
5. Any Dental Procedure performed solely for cosmetic/aesthetic reasons. (Cosmetic procedures are those procedures that improve physical appearance.)
6. Reconstructive surgery, regardless of whether or not the surgery is related to a dental disease, Injury, or Congenital Anomaly, when the primary purpose is to improve physiological functioning of the involved part of the body.
7. Any Dental Procedure not directly related with dental disease.

Defined Terms for Pediatric Dental Care Services

The following definitions are in addition to those listed in *Section 8: Defined Terms of the Policy*:

Allowed Dental Amounts - Allowed Dental Amounts for Covered Dental Care Services, incurred while the Policy is in effect, are our contracted fee(s) for Covered Dental Care Services with that provider.

Covered Dental Care Service - a Dental Care Service or Dental Procedure for which Benefits are provided under this section.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to provide Dental Care Services, perform dental surgery or provide anesthetics for dental surgery.

Dental Care Service or Dental Procedures - dental care or treatment provided by a Dental Provider to a Covered Person while the Policy is in effect, provided such care or treatment is recognized by us as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Necessary - Dental Care Services and supplies under this section which are determined by us through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Covered Person.
- Provided in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Care Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by us.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Covered Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:

Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or

Safe with promising efficacy

- For treating a life threatening dental disease or condition.
- Provided in a clinically controlled research setting.
- Using a specific research protocol that meets standards equivalent to those defined by the National Institutes of Health.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Care Service as defined in this section. The definition of Necessary used in this section relates only to Benefits under this section and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Section 11: Pediatric Vision Care Services

Section 12: Consolidated Appropriations Act Summary

The Policy complies with the applicable provisions of the Consolidated Appropriations Act (the "Act") (P.L. 116-260).

No Surprises Act

Balance Billing

Under the Act, the No Surprises Act prohibits balance billing by out-of-Network providers in the following instances:

- When Ancillary Services are received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians.
- When non-Ancillary Services are received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described in the Act.
- When Emergency Health Care Services are provided by an out-of-Network provider.
- When Air Ambulance services are provided by an out-of-Network provider.

In these instances, the out-of-Network provider may not bill you for amounts in excess of your applicable Co-payment, Co-insurance or deductible (cost share). Your cost share will be provided at the same level as if provided by a Network provider and is determined based on the Recognized Amount.

For the purpose of this Summary, "certain Network facilities" are limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

Determination of Our Payment to the Out-of-Network Provider:

When Covered Health Care Services are received from out-of-Network providers for the instances as described above, Allowed Amounts, which are used to determine our payment to out-of-Network providers, are based on one of the following in the order listed below as applicable:

- The reimbursement rate as determined by a state All Payer Model Agreement.
- The reimbursement rate as determined by state law.
- The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
- The amount determined by Independent Dispute Resolution (IDR).

Continuity of Care

The Act provides that if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

Provider Directories

The Act provides that if you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly by us prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through our database, our provider directory, or in our response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing that would be no greater than if the service had been provided from a Network provider.

Notice Concerning Coverage Limitations and Exclusions under the North Carolina Life and Health Insurance Guaranty Association Act

Residents of this state who purchase life insurance, annuities or health insurance should know that the insurance companies and Health Maintenance Organizations (HMOs) licensed in this state to write these types of insurance are members of the North Carolina Life and Health Insurance Guaranty Association. The purpose of this association is to assure that policyholders will be protected, within limits, in the unlikely event that a member insurer or HMO becomes financially unable to meet its obligations. If this should happen, the guaranty association will assess its other member companies for the money to pay the claims of insured persons who live in this state and, in some cases, to keep coverage in force. The valuable extra protection provided by these insurers through the guaranty association is not unlimited, however. And, as noted below, this protection is not a substitute for consumers' care in selecting companies that are well-managed and financially stable.

The Guaranty Association may not provide coverage for this policy. If coverage is provided, it may be subject to substantial limitations or exclusions, and require continued residency in North Carolina. You should not rely on coverage by the Guaranty Association in selecting an insurance company or in selecting an insurance policy.

You should not rely on coverage by the North Carolina Life and Health Insurance Guaranty Association in selecting an insurance company or in selecting an insurance policy.

Coverage is NOT provided for your policy or any portion of it that is not guaranteed by the insurer or for which you have assumed the risk, such as a variable contract sold by prospectus.

Insurance companies or their agents are required by law to give or send you this notice. However, insurance companies and their agents are prohibited by law from using the existence of the guaranty association to induce you to purchase any kind of insurance policy.

The state law that provides for this safety-net coverage is called the North Carolina Life and Health Insurance Guaranty Association Act. On the back of this page is a brief summary of this law's coverages, exclusions and limits. This summary does not cover all provisions of the law; nor does it in any way change anyone's rights or obligations under the act or the rights or obligations of the guaranty association.

Coverage

Generally, individuals will be protected by the life and health guaranty association if they live in this state and hold a life or health insurance contract, or an annuity, or if they are insured under a group insurance contract, issued by a member insurer or HMO. The beneficiaries, payees or assignees of insured persons are protected as well, even if they live in another state.

Exclusions from Coverage

However, persons holding such policies are not protected by this association if:

- they are eligible for protection under the laws of another state (this may occur when the insolvent insurer was incorporated in another state whose guaranty association protects insureds who live outside that state);
- the insurer was not authorized to do business in this state;
- their policy was issued by a fraternal benefit society, a mandatory state pooling plan, a mutual assessment company or similar plan in which the policyholder is subject to future assessments, or by an insurance exchange; or
- they acquired rights to receive payments through a structured settlement factoring transaction.

The Guaranty Association also does not provide coverage for:

- any policy or portion of a policy which is not guaranteed by the insurer or for which the individual has assumed the risk, such as a variable contract sold by prospectus;
- any policy of reinsurance (unless an assumption certificate was issued);
- interest rate yields that exceed the average rate specified in the law;
- dividends;
- experience or other credits given in connection with the administration of a policy by a group contractholder;
- employers' plans to the extent they are self-funded (that is, not insured by an insurance company, even if an insurance company administers them);
- unallocated annuity contracts (which give rights to group contractholders, not individuals), unless they fund a government lottery or a benefit plan of an employer, association or union, except that unallocated annuities issued to employee benefit plans protected by the Federal Pension Benefit Guaranty Corporation are not covered;
- a policy or contract commonly known as Medicare Part C, Medicare Part D, Medicaid or any regulations issued pursuant thereto.

Limits on Amount of Coverage

The act also limits the amount the association is obligated to pay out as follows:

- the guaranty association cannot pay out more than the insurance company would owe under the policy or contract.
- except as provided in (3) (4) and (5) below, the guaranty association will pay a maximum of \$300,000 per individual, per insolvency, no matter how many policies or types of policies issued by the insolvent company.
- the guaranty association will pay a maximum of \$500,000 with respect to a health benefit plan.
- the guaranty association will pay a maximum of \$1,000,000 with respect to the payee of a structured settlement annuity.
- the guaranty association will pay a maximum of \$5,000,000 to any one unallocated annuity contract holder.
