Your *Schedule of Benefits* and *Evidence of Coverage (EOC)* are provided in the pages that follow.

THE CONTRACT UNDER WHICH THIS EVIDENCE OF COVERAGE IS ISSUED IS NOT A CONTRACT OF WORKERS' COMPENSATION INSURANCE. YOU SHOULD CONSULT YOUR EMPLOYER TO DETERMINE WHETHER YOUR EMPLOYER IS A SUBSCRIBER TO THE WORKERS' COMPENSATION SYSTEM.

THIS (POLICY, CERTIFICATE, SUBSCRIBER CONTRACT, OR EVIDENCE OF COVERAGE) IS NOT A MEDICARE SUPPLEMENT (POLICY OR CERTIFICATE). If you are eligible for Medicare, review the Guide to Health Insurance for People with Medicare available from the company.

Agreement and Consideration

We will pay Benefits as set forth in this *Evidence of Coverage (EOC)*. This *EOC* is issued in exchange for and on the basis of the statements made on your application and payment of the first Premium. It takes effect on the effective date shown above. Coverage will remain in force until the first Premium due date, and for such further periods for which Premium payment is received by us when due, subject to the renewal provision below. Coverage will begin at 12:01 a.m. and end at 12:00 midnight in the time zone where you live.

Guaranteed Renewable Subject to Listed Conditions

You may keep coverage in force by timely payment of the required Premiums under this *EOC*, except that your coverage may end for events as described in this *EOC*, *Section 4: When Coverage Ends*, under *Events Ending Your Coverage* and *Other Events Ending Your Coverage*.

This *EOC* will renew on January 1 of each calendar year. On January 1st, we may make modifications in coverage if such modifications are made on a uniform basis for all individuals with the same product. In addition, we may make modifications at any time if the modification is directly related to a State or Federal requirement and the modification is made within a reasonable time period after the State or Federal requirement is imposed or modified.

On January 1 of each calendar year, we may change the rate table used for this *EOC*. Each Premium will be based on the rate table in effect on that Premium's due date. Some of the factors used in determining your Premium rates are this *EOC* plan, tobacco use status of Covered Persons, type and level of Benefits and place of residence on the Premium due date and age of Covered Persons as of the effective date or renewal date of coverage. Premium rates are expected to increase over time.

At least 60 days' notice of any plan to take an action or make a change permitted by this clause will be mailed to you at your last address as shown in our records.

Nothing in this section requires us to renew or continue coverage for which your continued eligibility would otherwise be prohibited under applicable law.

10-Day Right to Examine and Return this EOC

Please read this *EOC*. If you are not satisfied, you may notify us within 10 days after you received it. Any Premium paid will be refunded, less claims paid. This *EOC* will then be void from its start.

This *EOC* is signed for us as of the effective date as shown above.

If a covered mother or her newborn child is discharged before the 48 or 96 hours has expired, we will provide coverage for postdelivery care. The minimum number of inpatient hours is not required if the Covered Person receiving the treatment and the attending Physician determine that a shorter period of inpatient care is appropriate.

Prohibitions: We may not (a) deny any Covered Person eligibility or continued eligibility or fail to renew this plan solely to avoid providing the minimum inpatient hours; (b) provide money payments or rebates to encourage any Covered Person to accept less than the minimum inpatient hours; (c) reduce or limit the amount paid to the attending Physician, or otherwise penalize the Physician, because the Physician required a Covered Person to receive the minimum inpatient hours; or (d) provide financial or other incentives to the attending Physician to encourage the Physician to provide care that is less than the minimum hours.

This *EOC* and other *Contract* documents describe your Benefits, as well as your rights and responsibilities, under the *Contract*.

What Are Defined Terms?

Certain capitalized words have special meanings. We have defined these words in *Section 8: Defined Terms*.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare Benefits of Texas, Inc. When we use the words "you" and "your," we are referring to people who are Covered Persons, as that term is defined in *Section 8: Defined Terms*.

How Do You Use This Document?

Please be aware that your Physician is not responsible for knowing or communicating your Benefits.

How Do You Contact Us?

We conduct business electronically but you may opt out of receiving electronic communications at any time by updating your communication and mailing preferences on myuhc.com or by calling the customer service number on the back of your ID card.

Your Rights and Responsibilities

Texas Notice of Rights

Your plan: UnitedHealthcare Benefits of Texas, Inc., a health maintenance organization (HMO), contracts with doctors, facilities, and other health care providers to treat its members. Providers that contract with us are called "contracted providers" (also known as "in-network providers"). Contracted providers make up our network. We will only pay for health care you get from doctors and facilities in our network. However, there are some exceptions, including for emergencies, when you didn't pick the doctor, and for ambulance services.

Our network: We must have enough doctors and facilities within our network to provide every service the plan covers. You shouldn't have to travel too far or wait too long to get care. This is called "network adequacy." If you can't find the care you need, ask us for help. You have the right to receive the care you need under your in-network benefit. If you don't think the network is adequate, you can file a complaint with the Texas Department of Insurance at www.tdi.texas.gov or by calling 800-252-3439.

List of doctors: You can get a directory of health care providers that are in your plan's network. You can get the directory online at www.myuhc.com/exchange or by calling the number on the back of your ID card. If you used our directory to pick an in-network health care provider and they turn out to be out-of-network, you might not have to pay the extra cost that out-of-network providers charge.

Bills for health care: If you got health care from a doctor that was out-of-network when you were at an in-network facility, and you didn't pick the doctor, you won't have to pay more than your regular copay, coinsurance, and deductible. Protections also apply if you got emergency care at an out-of-network facility or lab work or imaging in connection with in-network care. However, protections do not apply for ground ambulance services. If you get a bill for more than you're expecting, contact us. Learn more about how you're protected from surprise medical bills at tdi.texas.gov.

Enrollment and Required Premiums

Benefits are available to you if you are enrolled for coverage under this EOC. Your enrollment options, and the corresponding dates that coverage begins, are listed in *Section 3: When Coverage Begins and Premiums*. To be enrolled and receive Benefits, all of the following apply:

- Your enrollment must be in accordance with the requirements of the *Contract*, including the eligibility requirements.
- You must qualify as a Subscriber or a Dependent as those terms are defined in *Section 8: Defined Terms*.
- You must pay Premium as required.

Be Aware the Contract Does Not Pay for All Health Care Services

The *Contract* does not pay for all health care services. Benefits are limited to Covered Health Care Services. The *Schedule of Benefits* will tell you the portion you must pay for Covered Health Care Services.

Decide What Services You Should Receive

Care decisions are between you and your Physician. We do not make decisions about the kind of care you should or should not receive.

Choose Your Physician

It is your responsibility to select the health care professionals who will deliver your care. We arrange for Physicians and other health care professionals and facilities to participate in a Network. Our credentialing process confirms public information about the professionals' and facilities' licenses and other credentials, but does not assure the quality of their services. These professionals and facilities are independent practitioners and entities that are solely responsible for the care they deliver.

If you have a chronic, disabling, or life threatening illness, you may apply to our medical director to use a non-Primary Care Physician Specialist as a Primary Care Physician (PCP).

Inpatient Care by Non-Primary Care Physician (PCP)

During an inpatient stay at a Network Hospital it may be appropriate for a Physician other than your Primary Care Physician (PCP) to direct and oversee your care, if your PCP does not do so. However, upon discharge, you must return to the care of your PCP or have your PCP coordinate care that may be Medically Necessary.

Obtain Prior Authorization

Some Covered Health Care Services require prior authorization. Physicians and other health care professionals who participate in a Network are responsible for obtaining prior authorization unless they qualify for an exemption from prior authorization requirements as defined in *TIC §4201.651-§4201.659*. For more information on prior authorization, please refer to the *Schedule of Benefits*.

Your Physician or health care Provider may request a renewal of an existing prior authorization at least 60 days before the date the prior authorization expires. Further, if the request is received before the existing prior authorization expires, we, if practicable, will review and issue a determination before the existing prior authorization expires.

Pay Your Share

You must pay a Co-payment and/or Cost Share Percentage for most Covered Health Care Services. These payments are due at the time of service or when billed by the Physician, Provider or facility. Co-payment and Cost Share Percentage amounts are listed in the *Schedule of Benefits*.

Pay the Cost of Excluded Services

You must pay the cost of all excluded services and items. Review *Section 2: Exclusions and Limitations* to become familiar with this EOC's exclusions.

Show Your ID Card

You should show your ID card every time you request health care services. If you do not show your ID card, the Provider may fail to bill the correct entity for the services delivered.

File Claims with Complete and Accurate Information

When you receive Covered Health Care Services from an out-of-Network Provider, as a result of an Emergency or if we refer you to an out-of-Network Provider, you or the out-of-Network Provider are responsible for requesting payment from us. The claim must be filed in a format that contains all of the information we require, as described in *Section 5: How to File a Claim*.

Use Your Prior Health Care Coverage

If you have prior coverage that, as required by state law, extends Benefits for a particular condition or a disability, Benefits payable under this plan for health care services for that condition or disability will be subject to the Coordination of Benefits (COB) provisions in this plan until the prior coverage ends. We will pay Benefits as of the day your coverage begins under the Contract for all other Covered Health Care Services that are not related to the condition or disability for which you have other coverage. If those services are also covered under another plan, then Benefits will be subject to the Coordination of Benefits provisions in the Contract.

Our Responsibilities

Determine Benefits

We do not make decisions about the kind of care you should or should not receive. You and your Providers must make those treatment decisions.

We will determine the following:

- Interpret Benefits and the other terms, limitations and exclusions set out in this *EOC*, the *Schedule of Benefits* and any *Amendments*.
- Make factual determinations relating to Benefits.

We may assign this authority to other persons or entities that may provide administrative services for the *Contract*, such as claims processing. The identity of the service Providers and the nature of their services may be changed from time to time as we determine. In order to receive Benefits, you must cooperate with those service Providers.

Pay for Our Portion of the Cost of Covered Health Care Services

We pay Benefits for Covered Health Care Services as described in *Section 1: Covered Health Care Services* and in the *Schedule of Benefits*, unless the service is excluded in *Section 2: Exclusions and Limitations*. This means we only pay our portion of the cost of Covered Health Care Services. It also means that not all of the health care services you receive may be paid for (in full or in part) by the *Contract*.

Pay Network Providers

It is the responsibility of Network Physicians and facilities to file for payment from us. When you receive Covered Health Care Services from Network Providers, you do not have to submit a claim to us.

Pay for Covered Health Care Services Provided by Out-of-Network Providers

In accordance with any state prompt pay requirements, we pay Benefits after we receive your request for payment that includes all required information. See *Section 5: How to File a Claim*.

Review and Determine Benefits in Accordance with our Reimbursement Policies

We develop our reimbursement policy guidelines in accordance with one or more of the following methodologies:

- As shown in the most recent edition of the *Current Procedural Terminology (CPT)*, a publication of the *American Medical Association*, and/or the *Centers for Medicare and Medicaid Services (CMS)*.
- As reported by generally recognized professionals or publications.
- As used for Medicare.
- As determined by medical staff and outside medical consultants pursuant to other appropriate sources or determinations that we accept.

Following evaluation and validation of certain Provider billings (e.g., error, abuse and fraud reviews), our reimbursement policies are applied to Provider billings. We share our reimbursement policies with Physicians and other Providers in our Network through our Provider website. Network Physicians and Providers may not bill you for the difference between their contract rate (as may be modified by our reimbursement policies) and the billed charge. However, Out-of-Network Providers may bill you for any amounts we do not pay, including amounts that are denied because one of our reimbursement policies does not reimburse (in whole or in part) for the service billed. You should contact us if you receive such a bill and we will work with the Provider so that you are only responsible for your Co-payment and/or Cost Share Percentage. You may get copies of our reimbursement policies for yourself or to share with your Out-of-Network Physician or Provider by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

NOTICE: Although health care services may be or have been provided to you at a health care facility that is a member of the Provider Network used by your health benefit plan, other professional services may be or have been

provided at or through the facility by Physicians and other healthcare practitioners who are not members of that Network. These Providers may balance bill you for any amounts not paid by your health benefit plan. If you receive a balance bill, you should contact us at www.myuhc.com/exchange or the telephone number on your ID card. You will only be responsible for any applicable Co-payment and/or Cost Share Percentage for those professional services.

If specific Covered Health Care Services are not available from a Network Provider, you will be eligible for Medically Necessary Benefits when Covered Health Care Services are received from Out-of-Network Providers. In this situation, your Network Physician will submit a request for prior authorization of services to us. If care is not available from a Network Provider, your Network Physician may request for a review to be conducted by using a Specialist of the same or similar specialty as the Physician to whom the referral is requested prior to denial. Within the time appropriate to the circumstances relating to the delivery of the service and the condition of the patient, but not to exceed five business days after receipt of the requested documentation, we will work with you and your Network Physician to coordinate care through an Out-of-Network Provider. In this type of situation, Benefits for these Covered Health Care Services will be provided at the Network Benefit level and/or an agreed upon rate, and we hold the Covered Person harmless.

We may apply a reimbursement methodology established by *OptumInsight* and/or a third party vendor, which is based on CMS coding principles, to determine appropriate reimbursement levels for Emergency Health Care Services. The methodology is usually based on elements reflecting the patient complexity, direct costs, and indirect costs of an Emergency Health Care Service. If the methodology(ies) currently in use become no longer available, we will use a comparable methodology(ies). We and *OptumInsight* are related companies through common ownership by *UnitedHealth Group*. Refer to our website at www.myuhc.com/exchange for information regarding the vendor that provides the applicable methodology.

Notwithstanding the foregoing, in circumstances where you receive Emergency Health Care Services in an Out-of-Network facility, we will fully reimburse an Out-of-Network Physician or Provider for Emergency Health Care Services at the usual and customary rate or at an agreed rate until you can reasonably be expected to transfer to a Network Physician or Provider. If an Out-of-Network Provider for Emergency Health Care Services bills you for any difference between the Provider's billed charges and the Allowed Amount, you should contact us and we will work with the Provider so that you are only responsible for your cost share amount.

Offer Health Education Services to You

We may provide you with access to information about additional services that are available to you, such as disease management programs, health education and patient advocacy. It is solely your decision whether to take part in the programs, but we recommend that you discuss them with your Physician.

In general health care terminology, a Primary Care Physician may also be referred to as a *PCP*. A Network Primary Care Physician will be able to coordinate all Covered Health Care Services and submit electronic referrals online to UnitedHealthcare for services from Network Physicians. The electronic referral must be received by UnitedHealthcare before the services are rendered. If you see a Network Physician without an electronic referral from your Primary Care Physician, you will be responsible for all charges and no Benefits will be paid, regardless of the place of service. This includes responsibility for charges for all related services and facility charges received from the Network Physician without the required referral. You should confirm what referrals have been submitted for you and the number of remaining visits on each referral by going to www.myuhc.com/exchange. You do not need a referral to see a Network obstetrician/gynecologist or to receive services through the Mental Health/Substance-Related and Addictive Disorders Delegate.

You can get a list of Network Primary Care Physicians, Network obstetricians and gynecologists and other Network providers through www.myuhc.com/exchange or the telephone number on your ID card.

You may change your Network Primary Care Physician by calling the telephone number shown on your ID card or by going to www.myuhc.com/exchange.

If you are the custodial parent of an Enrolled Dependent child, you must select a Network Primary Care Physician who is in the Network Area, for that child. You may designate a Network Physician who specializes in pediatrics (including pediatric subspecialties, based on the scope of that Provider's license under applicable state law) as the Network Primary Care Physician for an Enrolled Dependent child. If you do not select a Network Primary Care Physician for yourself or your Enrolled Dependent child, one will be assigned.

Network and Out-of-Network Benefits

To obtain Benefits, you must receive Covered Health Care Services from a UnitedHealthcare Sanitas provider. You can confirm that your provider is a UnitedHealthcare Sanitas provider through the telephone number on your ID card or you can access a directory of providers at www.myuhc.com/exchange. You should confirm that your provider is a UnitedHealthcare Sanitas provider, including when receiving Covered Health Care Services for which you received a referral from your Primary Care Physician.

Except as specifically described in this *Schedule of Benefits*, Benefits are not available for services provided by out-of-Network providers. This Benefit plan does not provide an out-of-Network level of Benefits.

Benefits apply to Covered Health Care Services that are provided by a Network Physician or other Network provider within the Network Area.

Emergency Health Care Services provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

Covered Health Care Services provided at certain Network facilities by an out-of-Network Physician, when not Emergency Health Care Services, will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*. For these Covered Health Care Services, "certain Network facility" is limited to a hospital (as defined in 1861(e) of the Social Security Act), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the Social Security Act), an ambulatory surgical center as described in section 1833(i)(1)(A) of the Social Security Act, and any other facility specified by the Secretary.

Ground and Air Ambulance transport provided by an out-of-Network provider will be reimbursed as set forth under *Allowed Amounts* as described at the end of this *Schedule of Benefits*.

You must show your identification card (ID card) every time you request health care services from a Network provider. If you do not show your ID card, Network providers have no way of knowing that you are enrolled under a UnitedHealthcare EOC. As a result, they may bill you for the entire cost of the services you receive.

Additional information about the network of providers and how your Benefits may be affected appears at the end of this *Schedule of Benefits*.

If there is a conflict between this *Schedule of Benefits* and any summaries provided to you, this *Schedule of Benefits* will control.

Care Management

There may be additional services that are available to you, such as disease management programs, discharge planning, health education, and patient advocacy. When you seek prior authorization for a Covered Health Care Service as required or are otherwise identified as meeting eligibility requirements for a care management program, we will work with you to engage in the care management process and to provide you with information about these additional services.

Does Prior Authorization Apply

We require a request for prior authorization of services before you receive certain Covered Health Care Services. Your Primary Care Physician and other Network providers are responsible for submitting a request for prior authorization of services to us before they provide these services to you.

Please note that requests for prior authorization are required even if you have an electronic referral submitted online to UnitedHealthcare by your Primary Care Physician to seek care from another Network Physician.

When a request for prior authorization is submitted, there are three possible responses that will be provided by us:

- A prior authorization.
- An Adverse Determination.
- Confirmation of receipt of your request, when there are no clinical issues for us to determine.

Upon receiving the request for prior authorization and any additional information necessary to complete our review, we will communicate notice of our decision within three calendar days. If you are hospitalized at the time of the request for prior authorization, a determination will be provided within 24 hours. For services related to post-stabilization treatment or a life-threatening condition, a determination will not exceed one hour from receipt of the request.

If we issue an Adverse Determination, a written notice regarding the Adverse Determination will be forwarded to you and the Provider of record within three business days.

If you are hospitalized at the time of the Adverse Determination, we will provide notice within one business day by either telephone or electronic transmission to the Provider of record. Within three business days a written notice will be forwarded to you and the Provider of record.

A response will be provided no later than one hour after the time of request for post-stabilization care subsequent to Emergency treatment.

We recommend that you confirm with us that all Covered Health Care Services have been prior authorized as required. Before receiving these services from a Network provider, you may want to call us to verify that the Hospital, Physician and other providers are Network providers and that they have obtained the required prior authorization. Network facilities and Network providers cannot bill you for services they do not prior authorize as required. You can call us at the telephone number on your ID card or visit <https://www.uhcprovider.com/en/prior-auth-advance-notification/adv-notification-plan-reqs.html> for additional prior authorization information.

- For Covered Health Care Services that are **non-Ancillary Services received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described below**, you are not responsible, and the out-of-Network provider may not bill you, for amounts in excess of your Co-payment or Cost Share Percentage which is based on the Recognized Amount as defined in this EOC.

Provider Network

We arrange for health care providers to take part in a Network. Network providers are independent practitioners. They are not our employees. It is your responsibility to choose your provider.

Our credentialing process confirms public information about the providers' licenses and other credentials, but does not assure the quality of the services provided.

Before obtaining services you should always verify the Network status of a provider. A provider's status may change. You can verify the provider's status by calling the telephone number on your ID card. A directory of providers is available by contacting us at www.myuhc.com/exchange or the telephone number on your ID card to request a copy. If you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through a database, provider directory, or in a response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing (Co-payment and Cost Share Percentage) that would be no greater than if the service had been provided from a Network provider.

It is possible that you might not be able to obtain services from a particular Network provider. The network of providers is subject to change. Or you might find that a particular Network provider may not be accepting new patients. If a provider leaves the Network or is otherwise not available to you, you must choose another Network provider to get Benefits. However, if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

If you are currently undergoing a course of treatment using an out-of-Network Physician or health care facility, you may be eligible to receive transition of care Benefits. This transition period is available for specific medical services and for limited periods of time. If you have questions regarding this transition of care reimbursement EOC or would like help to find out if you are eligible for transition of care Benefits, please call the telephone number on your ID card.

Do not assume that a Network provider's agreement includes all Covered Health Care Services. Some Network providers contract with us to provide only certain Covered Health Care Services, but not all Covered Health Care Services. Some Network providers choose to be a Network provider for only some of our products. Refer to your provider directory or contact us for help.

Designated Providers

If you have a medical condition that we believe needs special services, we may direct you to a Designated Provider chosen by us. If you require certain complex Covered Health Care Services for which expertise is limited, we may direct you to a Network facility or provider that is outside your local geographic area.

In both cases, Benefits will only be paid if your Covered Health Care Services for that condition are provided by or arranged by the Designated Provider chosen by us.

You or your Network Physician must notify us of special service needs (such as transplants) that might warrant referral to a Designated Provider. If you do not notify us in advance, and if you receive services from an out-of-Network facility (regardless of whether it is a Designated Provider) or other out-of-Network provider, Benefits will not be paid.

Health Care Services from Out-of-Network Providers

If specific Covered Health Care Services are not available from a Network provider, you may be eligible for Benefits when Covered Health Care Services are received from out-of-Network providers. In this situation, your Network Physician will notify us and, if we confirm that care is not available from a Network provider, we will work with you and your Network Physician to coordinate care through an out-of-Network provider.

Outpatient Prescription Drugs Schedule of Benefits

When Are Benefits Available for Prescription Drug Products?

Benefits are available for Prescription Drug Products at a Network Pharmacy and are subject to Co-payments and/or Cost Share Percentage or other payments that vary depending on which of the tiers of the Prescription Drug List the Prescription Drug Product is placed.

Benefits for Prescription Drug Products are available when the Prescription Drug Product meets the definition of a Covered Health Care Service.

Insulin and Insulin-Related Equipment Supplies

Coverage is provided for Emergency refills of insulin and insulin-related equipment supplies, in accordance with Texas law, in the same manner as for non-Emergency refills of insulin and insulin-related equipment or supplies.

What Happens When a Brand-name Drug Becomes Available as a Generic?

If a Generic becomes available for a Brand-name Prescription Drug Product, the tier placement of the Brand-name Prescription Drug Product may change. Therefore, your Co-payment and/or Cost Share Percentage may change or you will no longer have Benefits for that particular Brand-name Prescription Drug Product.

How Do Supply Limits Apply?

Benefits for Prescription Drug Products are subject to the supply limits that are stated in the "Description and Supply Limits" column of the Benefit Information table. For a single Co-payment and/or Cost Share Percentage, you may receive a Prescription Drug Product up to the stated supply limit.

Note: Some products are subject to additional supply limits based on criteria that we have developed. Supply limits are subject, from time to time, to our review and change. This may limit the amount dispensed per Prescription Order or Refill and/or the amount dispensed per month's supply, or may require that a minimum amount be dispensed.

You may find out whether a Prescription Drug Product has a supply limit for dispensing by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

Do Prior Authorization Requirements Apply?

Before certain Prescription Drug Products are dispensed to you, you are required to obtain prior authorization from us or our designee. The reason for obtaining prior authorization from us is to determine whether the Prescription Drug Product, in accordance with our approved guidelines, is each of the following:

- It meets the definition of a Covered Health Care Service.
- It is not an Experimental or Investigational or Unproven Service.

We may also require you to obtain prior authorization from us or our designee so we can determine whether the Prescription Drug Product, in accordance with our approved guidelines, was prescribed by a Specialist.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you will be responsible for paying all charges and no Benefits will be paid. The Prescription Drug Products requiring prior authorization are subject, from time to time, to our review and change. There may be certain Prescription Drug Products that require you to notify us directly rather than your Physician or pharmacist. You may find out whether a particular Prescription Drug Product requires notification/prior authorization by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

If you do not obtain prior authorization from us before the Prescription Drug Product is dispensed, you can ask us to consider reimbursement after you receive the Prescription Drug Product. You will be required to pay for the Prescription Drug Product at the pharmacy. You may seek reimbursement from us as described in the EOC in *Section 5: How to File a Claim*.

When you submit a claim on this basis, you may pay more because you did not obtain prior authorization from us before the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Cost Share Percentage that applies.

Benefits may not be available for the Prescription Drug Product after we review the documentation provided and we determine that the Prescription Drug Product is not a Covered Health Care Service or it is an Experimental or Investigational or Unproven Service.

For certain Prescription Drugs Products prescribed to treat an autoimmune disease, hemophilia, or Von Willebrand disease, you are only required to obtain pre-authorization one time annually.

We may also require prior authorization for certain programs which may have specific requirements for participation and/or activation of an enhanced level of Benefits related to such programs. You may access information on available programs and any applicable prior authorization, participation or activation requirements related to such programs by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

Does Step Therapy Apply?

Certain Prescription Drug Products for which Benefits are described under the *Outpatient Prescription Drugs* section of the EOC are subject to step therapy requirements. In order to receive Benefits for such Prescription Drug Products you must use a different Prescription Drug Product(s) first.

In the case of *FDA-approved* drugs for the treatment of stage-four advanced, metastatic cancer, Benefits will not be subject to step therapy requirements if the use of the drug is consistent with best practices for the treatment and is supported by peer-reviewed medical literature.

If you are 18 years of age or older, you will not be required to fail to successfully respond to, or prove a history of failure of, more than one different drug for each drug prescribed to treat a serious mental illness, excluding the generic or pharmaceutical equivalent of the prescribed drug. We may require a trial of a generic or pharmaceutical equivalent of the prescribed drug as a condition of continued coverage once a year if the generic or pharmaceutical equivalent drug is added to the Prescription Drug List.

You may find out whether a Prescription Drug Product is subject to step therapy requirements by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

When a step therapy requirement applies to a Prescription Drug Product, your Provider may request an exception. If your step therapy exception request is denied, please refer to *Section 6: Questions, Complaints and Appeals* of your Contract for additional information on appealing an Adverse Determination.

Step Therapy Exception Requests

When a step therapy requirement applies to a Prescription Drug Product, your Provider may request an exception.

- For non-urgent step therapy exception requests, a review will be completed within 72 hours once all information needed to process the request has been received. If the exception request is not denied within 72 hours, then the request will be considered granted.
- For urgent step therapy exception requests, a review will be completed within 24 hours once all the information needed to process the request has been received. If the exception request is not denied within 24 hours, then the request will be considered granted.

If your step therapy exception request is denied, please refer to *Section 6: Questions, Complaints and Appeals* for additional information on appealing an Adverse Determination.

Your Right to Request an Exception When a Medication is Not Listed on the Prescription Drug List (PDL)

When a Prescription Drug Product is not listed on the PDL, you or your representative may request an exception to gain access to the excluded Prescription Drug Product. To make a request, contact us in writing or call the toll-free number on your ID card. We will notify you of our determination within 72 hours.

Please note, if your request for an exception is approved by us, you may be responsible for paying the applicable Co-payment and/or Cost Share Percentage based on the Prescription Drug Product tier placement, or at the second highest tier. For example, if you have a 5-tier plan, then the 4th tier would be considered the second highest tier.

If we approve an exception for a Brand-name drug product that is not on the Prescription Drug List but has a Generic equivalent, you will be responsible for paying the applicable Co-payment or Cost Share Percentage for the Generic equivalent, plus the difference in cost between the Brand-name drug and the Generic equivalent.

Urgent Requests

If your request requires immediate action and a delay could significantly increase the risk to your health, or the ability to regain maximum function, call us as soon as possible. We will provide a written or electronic determination within 24 hours.

External Review

If you are not satisfied with our determination of your exception request, you may be entitled to request an external review. You or your representative may request an external review by sending a written request to us to the address set out in the determination letter or by calling the toll-free number on your ID card. The *Independent Review Organization (IRO)* will notify you of our determination within 72 hours.

Expedited External Review

If you are not satisfied with our determination of your exception request and it involves an urgent situation, you or your representative may request an expedited external review by calling the toll-free number on your ID card or by sending a written request to the address set out in the determination letter. The *IRO* will notify you of our determination within 24 hours.

What Do You Pay?

The Co-payment amount or Cost Share Percentage you pay for a Prescription Drug Product will not exceed the Usual and Customary Charge of the Prescription Drug Product.

The amount you pay for any of the following under your EOC may not be included in calculating any Out-of-Pocket Limit stated in your EOC:

Section 1: Covered Health Care Services

When Are Benefits Available for Covered Health Care Services?

Benefits are available only when all of the following are true:

- The health care service, including supplies or Pharmaceutical Products, is only a Covered Health Care Service if it is Medically Necessary. (See definitions of Medically Necessary and Covered Health Care Service in *Section 8: Defined Terms*.)
- You receive Covered Health Care Services while the *Contract* is in effect.
- You receive Covered Health Care Services prior to the date that any of the individual termination conditions listed in *Section 4: When Coverage Ends* occurs.
- The person who receives Covered Health Care Services is a Covered Person and meets all eligibility requirements.

The fact that a Physician or other Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a Sickness, Injury, Mental Illness, substance-related and addictive disorders, disease or its symptoms does not mean that the procedure or treatment is a Covered Health Care Service under the *Contract*.

This section describes Covered Health Care Services for which Benefits are available. Please refer to the attached *Schedule of Benefits* for details about:

- The amount you must pay for these Covered Health Care Services (including any Co-payment and/or Cost Share Percentage).
- Any limit that applies to these Covered Health Care Services (including visit, day and dollar limits on services).
- Any limit that applies to the portion of the Allowed Amount or the Recognized Amount when applicable, you are required to pay in a year (Out-of-Pocket Limit).
- Any responsibility you have for obtaining prior authorization or notifying us.
- Co-payments will not exceed 50% of the total cost of services provided. Plus, the total Co-payments will not exceed 200% of the annual Premium paid on your behalf (or, if you have family coverage, paid on behalf of all Covered Persons in your family.) This limitation applies only if the enrollee demonstrates that copayments in that amount have been paid in that year.

Please note that in listing services or examples, when we say "this includes," it is not our intent to limit the description to that specific list. When we do intend to limit a list of services or examples, we state specifically that the list "is limited to."

Ambulance Services

What If You Are Hospitalized When Your Coverage Begins?

We will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.
- You receive Covered Health Care Services in accordance with the terms of the *Contract*.

These Benefits are subject to your previous carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as reasonably possible. Network Benefits are available only if you receive Covered Health Care Services from Network Providers.

Who Is Eligible for Coverage?

The federal Health Insurance Marketplace determines who is eligible to enroll and who qualifies as a Dependent.

Eligible Person

Eligible Person refers to a person who meets the eligibility rules established by the federal Health Insurance Marketplace. When an Eligible Person actually enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person and Subscriber, see *Section 8: Defined Terms*.

Eligible Persons must live within the Service Area, unless otherwise provided by the federal Health Insurance Marketplace.

Dependent

Dependent generally refers to the Subscriber's spouse and children. When a Dependent enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 8: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the *Contract*.

When Do You Enroll and When Does Coverage Begin?

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Open Enrollment Period

The open enrollment period is the period of time when Eligible Persons can enroll themselves and their Dependents, as determined by the federal Health Insurance Marketplace.

Coverage begins on the date determined by the federal Health Insurance Marketplace and identified in the *Contract* if we receive the completed enrollment materials and the required Premium.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period, as determined by the federal Health Insurance Marketplace.

Adding New Dependents

Subscribers may enroll Dependents only as determined by the federal Health Insurance Marketplace.

The Subscriber must notify the federal Health Insurance Marketplace of a new Dependent to be added to the *Contract*. The effective date of the Dependent's coverage must follow the federal Health Insurance Marketplace rules. Additional Premium may also be required, and it will be calculated from the date determined by the federal Health Insurance Marketplace.

NOTE: Subject to a determination of the federal Health Insurance Marketplace, an eligible child born to you or your spouse will be covered from the time of birth until the 61st day after its birth. The newborn child will be covered from the time of its birth for loss due to Injury and Sickness, including loss from complications of birth, premature birth, medically diagnosed congenital defect(s), and birth abnormalities.

Premiums

All Premiums are payable on a monthly basis, by the Subscriber. The first Premium is due and payable on the effective date of the *Contract*. Subsequent Premiums are due and payable no later than the first day of the month thereafter that the *Contract* is in effect.

We will also accept Premium payments from the following third parties:

Each Premium is to be paid by you, or a third party identified above, without contribution or reimbursement by or on behalf of any other third party including, but not limited to, any health care Provider or any health care Provider sponsored organization.

Premiums shall not be pro-rated based upon your effective date of coverage. A full month's Premium shall be charged for the entire month in which your coverage becomes effective.

Upon prior written notice, we may impose an administrative fee for credit card payments. This does not obligate us to accept credit card payments. We will charge a \$20 fee for any check or automatic payment deduction that is returned unpaid.

Misstatement of Age or Tobacco Use

If your age or tobacco use status has been misstated, Benefits may be adjusted based on the relationship of the Premium paid to the Premium that should have been paid, based on the correct age or tobacco use status.

Change or Misstatement of Residence

If you change your residence, you must notify the federal Health Insurance Marketplace of your new residence. Your Premium will be based on your new residence beginning on the date determined by the federal Health Insurance Marketplace. If the change in residence results in the Subscriber no longer living in the Service Area, the *Contract* will terminate as described in *Section 4: When Coverage Ends*.

Grace Period

A grace period of 31 days shall be granted for the payment of any Premium, during which time coverage under the *Contract* shall continue in force. If payment is not received within this 31-day grace period, coverage may be canceled after the 31st day and the Subscriber shall be held liable for the cost of services received during the grace period. In no event shall the grace period extend beyond the date the *Contract* terminates.

We may pay Benefits for Covered Health Care Services incurred during this 31-day grace period. Any such Benefit payment is made in reliance on the receipt of the full Premium due from you by the end of the grace period.

However, if we pay Benefits for any claims during the grace period, and the full Premium is not paid by the end of the grace period, we will require repayment of all Benefits paid from you or any other person or organization that received payment on those claims. If repayment is due from another person or organization, you agree to assist and cooperate with us in obtaining repayment. You are responsible for repaying us if we are unsuccessful in recovering our payments from these other sources.

If you are receiving an *Advance Payment of Tax Credit*, as allowed under *section 36B of title 26*, as provided for by the *Patient Protection and Affordable Care Act (PPACA)*, you will have a three-month grace period during which you may pay your Premium and keep your coverage in force. We will pay for Covered Health Care Services during the first month of the grace period. You are responsible for paying the grace period Premium. Prior to the last day of the three-month grace period, we must receive all Premiums due for those three months. No claims will be paid beyond the first month of the grace period until all Premiums are paid for the full three-month grace period.

Adjustments to Premiums

We reserve the right to change the schedule of Premiums on January 1st of each calendar year. We shall give written notice of any change in Premium to the Subscriber at least 60 days prior to the effective date of the change.

SAMPLE

Section 4: When Coverage Ends

General Information about When Coverage Ends

As permitted by law, we may end the *Contract* and/or all similar benefit plans for the reasons explained in the *Contract*.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, we will still pay claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, we will not pay claims for any health care services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended).

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

We will refund any Premium paid and not earned due to *Contract* termination.

The *Contract* may also terminate due to changes in the actuarial value requirements under state or federal law. If the *Contract* terminates for this reason, a new *Contract*, if available, may be issued to you.

You may keep coverage in force by timely payment of the required Premiums under the *Contract* or under any subsequent coverage you have with us.

The *Contract* will renew on January 1 of each calendar year. However, we may refuse renewal if any of the following occur:

- We refuse to renew all policies issued on this form, with the same type and level of Benefits, to residents of the state where you then live, as explained under *The Entire Contract Ends* below.
- There is fraud or intentional misrepresentation made by you or with your knowledge in filing a claim for Benefits, as explained under *Fraud or Intentional Misrepresentation* below.
- Your eligibility would otherwise be prohibited under applicable law.

What Events End Your Coverage?

Coverage ends on the earliest of the dates specified below:

- **The Entire Contract Ends**

Your coverage ends on the date the *Contract* ends. That date will be one of the following:

- The date determined by the federal Health Insurance Marketplace that the *Contract* will terminate because the Subscriber no longer lives in the Service Area.
- The date we specify, after we give you 90 days prior written notice, that we will terminate the *Contract* because we will discontinue offering and refuse to renew all policies issued on this form, with the same type and level of Benefits, for all residents of the state where you reside.
- The date we specify, after we give you and the applicable state authority at least 180 days prior written notice, that we will terminate the *Contract* because we will discontinue offering and refuse to renew all individual policies/certificates in the individual market in the state where you reside.

- **You Are No Longer Eligible**

Your coverage ends on the date you are no longer eligible to be a Subscriber or an Enrolled Dependent, as determined by the federal Health Insurance Marketplace. Please refer to *Section 8: Defined Terms* for definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**

Your coverage ends on the date determined by the federal Health Insurance Marketplace rules if we receive notice from the federal Health Insurance Marketplace instructing us to end your coverage.

Your coverage ends on the date determined by the federal Health Insurance Marketplace rules if we receive notice from you instructing us to end your coverage.

Other Events Ending Your Coverage

When any of the following happen, we will provide written notice to the Subscriber that coverage has ended on the date we identify in the notice:

- **Failure to Pay**

You fail to pay the required Premium.

- **Fraud or Intentional Misrepresentation of a Material Fact**

We will provide at least 30 days advance required notice to the Subscriber that coverage will end on the date we identify in the notice because you committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If we find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the *Contract*.

- **You Accept Reimbursement for Premium**

You accept any direct or indirect contribution or reimbursement by or on behalf of any third party including, but not limited to, any health care Provider or any health care Provider sponsored organization for any portion of the Premium for coverage under the *Contract*. This prohibition does not apply to the following third parties:

- *Ryan White HIV/AIDS Program under title XXVI of the Public Health Service Act.*
- Indian tribes, tribal organizations or urban Indian organizations.
- Local, State and Federal Government programs, including grantees directed by government programs to make payments on their behalf consistent with the program's statutory authority.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental, developmental, or physical disability.
- The Enrolled Dependent child depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent child is medically certified as disabled and dependent unless coverage otherwise ends in accordance with the terms of the *Contract*.

You must furnish us with proof of the medical certification of disability within 31 days of the date coverage would have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician we choose examine the child. We will pay for that exam.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at our expense. We will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

Reinstatement

When coverage under the *Contract* terminates for any reason, we will not reinstate coverage. You must make application for coverage under another *Contract*, subject to the rules of the federal Health Insurance Marketplace.

Continuance of Coverage Due to Change in Marital Status

If a Covered Person loses coverage due to a change in marital status, you may be issued coverage that most nearly approximates the coverage of the *Contract* that was in effect prior to the change in marital status. In order to convert, you must continue to reside in the Service Area, submit an application within thirty-one days after the date of the change in marital status, and submit Premium payments required under such *Contract*. Subject to a determination by the federal Health Insurance Marketplace, the effective date of such coverage shall be the effective date of coverage under the prior *Contract*.

Section 5: How to File a Claim

How Are Covered Health Care Services from Network Providers Paid?

We pay Network Providers directly for your Covered Health Care Services. If a Network Provider bills you for any Covered Health Care Service, contact us. However, you are required to pay any Co-payments and Cost Share Percentages to a Network Provider.

Receipt of Notice of Claim

After we receive notice of a claim, we will do the following within 15 days:

- Acknowledge receipt of the claim.
- Commence any investigation of the claim.
- Request all items, statements and forms that we reasonably believe will be required from the claimant.

We may make additional requests for information if additional requests are necessary during the investigation.

Notice of Acceptance or Rejection of Claim

We will notify you in writing of our acceptance or rejection of a claim within 15 business days after we receive all items, statements and forms we require to secure final proof of loss unless:

- We have a reasonable basis to believe that the loss resulted from arson. If this is the case, we will notify the claimant in writing of our acceptance or rejection of the claim not later than 30 days after the date we receive all items, statements and forms required by the insurer.
- We are unable to accept or reject the claim within the periods above. In this situation, we must notify the claimant, within that same period that we need additional time. We must accept or reject the claim within 45 days after the date we notify the claimant that additional time is needed.

If we reject the claim, the notice of rejection will state the reasons for the rejection.

How Are Covered Health Care Services from an Out-of-Network Provider Paid?

When you receive Covered Health Care Services from an out-of-Network Provider as a result of an Emergency or if we refer you to an out-of-Network Provider, you or the out-of-Network Provider are responsible for requesting payment from us. The claim must be filed in a format that contains all of the information we require, as described below.

Notice of Claim

You should submit a request for payment of Benefits within 90 days after the date of service. If you don't provide this information to us within one year of the date of service, Benefits for that health care service will be denied or reduced, as determined by us. This time limit does not apply if you are legally incapacitated. If your claim relates to an Inpatient Stay, the date of service is the date your Inpatient Stay ends.

Claim Forms and Proof of Loss

We do not require that you complete and submit a claim form. Instead, you can provide proof of loss by furnishing us with all of the information listed directly below under Required Information.

Required Information

When you request payment of Benefits from us, you must provide us with all of the following information:

- The Subscriber's name and address.
- The patient's name and age.
- The number stated on your ID card.

- The name and address of the Provider of the service(s).
- The name and address of any ordering Physician.
- A diagnosis from the Physician.
- An itemized bill from your Provider that includes the *Current Procedural Terminology* (CPT) codes or a description of each charge.
- The date the Injury or Sickness began.
- A statement indicating either that you are, or you are not, enrolled for coverage under any other health plan or program. If you are enrolled for other coverage you must include the name of the other carrier(s).

The above information should be filed with us at the address on your ID card.

When filing a claim for Outpatient Prescription Drug Benefits, your claims should be submitted to:

OptumRx Claims Department
PO Box 650540
Dallas, TX 75265-0540

Payment of Claims

We will pay a claim by the fifth business day after notice is sent. If payment of a claim or part of a claim is conditioned on the performance of an act by the claimant, we will pay the claim by the fifth business day after the act is performed.

You may not assign your Benefits under the *Contract* to an Out-of-Network Provider, of Emergency Health Care Services or services arranged by us, without our consent. When an assignment is not obtained, we will send the reimbursement directly to you for you to reimburse them upon receipt of their bill. We may, however, pay an Out-of-Network Provider directly for services rendered to you. In the case of any such assignment of Benefits or payment to an Out-of-Network Provider, of Emergency Health Care Services or services arranged by us, we reserve the right to offset Benefits to be paid to the Provider by any amounts that the Provider owes us.

In circumstances where you receive Emergency Health Care Services in an Out-of-Network facility, we will fully reimburse an Out-of-Network Physician or Provider (within the assignment parameters described above) for Emergency Health Care Services at the usual and customary rate or at an agreed rate until you can reasonably be expected to transfer to a Network Physician or Provider. If an Out-of-Network Provider for Emergency Health Care Services bills you for any difference between the Provider's billed charges and the Allowed Amount, you should contact us and we will work with the Provider so that you are only responsible for your cost share amount.

When you assign your Benefits under the *Contract* to an Out-of-Network Provider, of Emergency Health Care Services or services arranged by us and the Out-of-Network Provider submits a claim for payment, you and the Out-of-Network Provider represent the following:

- The Covered Health Care Services were actually provided.
- The Covered Health Care Services were medically appropriate.
- Allowed Amounts due to an out-of-Network provider for Covered Health Care Services that are subject to the *No Surprises Act* of the *Consolidated Appropriations Act (P.L. 116-260)* are paid directly to the provider.

Payment of Benefits under the *Contract* shall be in cash or cash equivalents, or in a form of other consideration determined to be adequate. Where Benefits are payable directly to a Provider, such adequate consideration includes the forgiveness in whole or in part of the amount the Provider owes us, or to other plans for which we make payments where we have taken an assignment of the other plans' recovery rights for value.

Section 6: Questions, Complaints and Appeals

You may call during local business hours, Monday through Friday, with questions regarding:

- Your coverage and Benefit levels, including Cost Share Percentage and Co-payment amounts.
- Specific claims or services you have received.

You may also complete a Member Services Request Form from myuhc.com and mail to the address included in the instructions.

What if You Have a Complaint?

A complaint is an expression of dissatisfaction.

You may call or write to us to file a complaint about quality of service and quality of care that you received. The telephone number is shown on your ID card. Representatives are available to take your call during local business hours, Monday through Friday.

If your complaint is filed verbally, we will send you a one-page complaint form that you must return to us for prompt resolution of the complaint.

You may write a letter or complete a Member Services Request Form from myuhc.com. To send your complaint to us, our address is:

UnitedHealthcare Appeals & Complaints
PO Box 6111
Mail Stop CA-0197
Cypress, CA 90630

We will promptly investigate each complaint. Within five business days, we will send a letter acknowledging the date we received your complaint. The total time for acknowledgement, investigation and resolution of the complaint, including the response letter, will not exceed 30 calendar days after we receive the written complaint or one-page complaint form.

Complaints concerning an Emergency or denials of continued hospitalization will be investigated and resolved in accordance with the medical immediacy of the case and will not exceed one business day from receipt of the complaint.

We will not engage in any retaliatory action against any Covered Person, Physician or Provider. We will not retaliate for any reason including, cancellation of coverage or a Provider contract, or refusal to renew coverage or a Provider contract because the Covered Person, Physician, Provider or person acting on behalf of the Covered Person has filed a complaint against the Plan or has appealed a decision.

How to Appeal a Complaint Decision?

If we do not resolve your complaint to your satisfaction, you have the right to appeal our decision.

Your complaint appeal must be submitted to us within 60 calendar days from receipt of our complaint decision. We will send an acknowledgment letter to the complainant within five business days after the date we receive the written request for an appeal.

We will appoint members to the complaint appeal panel, which advises us on the resolution of the appeal. The members of the complaint appeal panel cannot have been involved with your complaint in the past. The complaint appeal panel will include an equal number of our staff, Physicians or other Providers with experience in the area of care to which your appeal relates, and Covered Persons.

No later than the fifth business day before the complaint appeal panel meets, we will provide to you or your designated representative with the following:

- Any documentation that will be presented by our staff to the complaint appeal panel.
- The specialization of any Physician or Provider consulted during the investigation of your appeal.
- The name and affiliation of each of the members of our complaint appeal panel.

You, or your designated representative if you are a minor or disabled, have the right to:

- Appear in person before the complaint appeal panel at the site at which the Covered Person normally receives health care services, or at another site agreed to by the complainant.
- Address an appeal over the phone or in writing to the complaint appeal panel.
- Present alternative expert testimony.
- Request the presence of, and to question, any person that was involved in making the prior determination that resulted in your appeal.

We will complete the appeals process not later than the 30th calendar day after we receive your written appeal. Our final decision on the appeal will include a statement of the specific medical determination, clinical basis, and contractual criteria used to reach the final decision.

Investigation and resolution of appeals involving ongoing Emergencies or denials of continued hospitalization will be resolved in accordance with the medical immediacy of the case but no later than one business day after your request for appeal. At your request, we will provide, instead of a complaint appeal panel, a review by a Physician or Provider who has not previously reviewed the case and who is of the same or similar specialty as ordinarily manages the medical condition, procedure, or treatment under appeal. The Physician or Provider reviewing the appeal may interview you or your designated representative and will make a decision on the appeal. Initial notice of the decision on the appeal including a statement of the specific medical determination, clinical basis, and contractual criteria used to reach the final decision may be delivered orally to you but will be followed by a written notice of the determination within three working days.

Filing Complaints with the *Texas Department of Insurance*

Any person, including persons who have attempted to resolve complaints through our complaint system process and who are dissatisfied with the resolution, may file a complaint with the *Texas Department of Insurance* at P.O. Box 12030, Austin, TX 78711-2030. The Department's telephone number is 1-800-252-3439.

The *Commissioner of Insurance* will investigate a complaint against us to determine our compliance with insurance laws within 60 calendar days after the Department receives your complaint and all information necessary for the Department to determine compliance. The Commissioner may extend the time necessary to complete an investigation in the event any of the following circumstances occur:

- Additional information is needed.
- An on-site review is necessary.
- We, the Physician or Provider, or you do not provide all documentation necessary to complete the investigation.
- Other circumstances beyond the control of the Department occur.

If someone other than yourself is submitting the complaint on your behalf, you must authorize the representative in writing.

How Do You Appeal a Decision?

An appeal is a request from you to change a previous claim or benefit decision. There are two types of appeals:

Post-service Claims

Post-service claims are claims filed for payment of Benefits after medical care has been received.

Pre-service Requests for Benefits

Pre-service requests for Benefits are requests that require prior authorization or Benefit confirmation prior to receiving medical care.

Prior Authorization

Prior authorization, included within the pre-service request, is a request to us for proposed services that will result in one of the following:

- A prior authorization;
- A confirmation of receipt of your request, when there are no clinical issues; or
- An Adverse Determination.

If you receive an Adverse Determination in response to your request for prior authorization of services, you may appeal the decision. Please refer to *Procedures for Appealing an Adverse Determination* below.

For procedures associated with urgent requests for prior authorization of services, see *Urgent Appeals that Require Immediate Action* below.

How to Request an Appeal

If you disagree with a pre-service request for Benefits determination, post-service claim determination or a rescission of coverage determination or Prescription Drug Products determination as described under the Outpatient Prescription Drugs section of this EOC, you can contact us verbally or in writing to request an appeal. If your appeal is submitted verbally, we will send you a one-page appeal form that you must return to us for prompt resolution of the appeal. Your appeal request must be submitted to us within 180 calendar days after you receive the denial of a pre-service request for Benefits or the claim denial.

Your request for an appeal should include:

- The patient's name and the identification number from the ID card.
- The date(s) of medical service(s) or the name of the prescription drug.
- The Provider's name.
- The reason you believe the claim should be paid or prescription drug is needed.
- Any documentation or other written information to support your request for claim payment or prescription drug approval.

If someone other than yourself is submitting the appeal on your behalf, you must authorize the representative in writing.

The appeals process will be completed no later than 30 calendar days after the written request is received.

Please note that our decision is based only on whether Benefits are available under the *Contract* for the proposed treatment or procedure. The decision for you to receive services is between you and your Physician.

Adverse Determinations

An Adverse Determination is a decision that is made by us or our utilization review agent that the health care services furnished or proposed to be furnished to a Covered Person are:

- Not Medically Necessary or appropriate.
- Experimental or Investigational Services.

Adverse Determination does not include a denial of health care services due to the failure to request prospective or concurrent utilization review. An Adverse Determination includes a decision by us not to furnish a prescribed drug that your Physician determines is Medically Necessary. A complete definition of Adverse Determination is contained in *Section 8: Defined Terms*.

Appeals Determinations

Notice of Adverse Determinations

A utilization review agent will provide notice of an Adverse Determination as follows:

- With respect to a patient who is hospitalized at the time of the Adverse Determination, within one working day by either telephone or electronic transmission to the Provider of record, followed by a letter within three working days notifying the patient and the Provider of record of the Adverse Determination;
- With respect to a patient who is not hospitalized at the time of the Adverse Determination, within three working days in writing to the Provider of record and the patient; or
- Within the time appropriate to the circumstances relating to the delivery of the services to the patient and the patient's condition, provided that when denying post-stabilization care subsequent to Emergency treatment as requested by a treating Physician or other health care Provider, notice will be provided to the treating Physician or other health care Provider no later than one hour after the time of the request.
- A utilization review agent will provide notice of an Adverse Determination for a concurrent review of the provision of the prescription drug or intravenous infusions for which the patient is receiving health care Benefits under the *Contract* no later than the 30th day before the date on which the provision of prescription drugs or intravenous infusion will be discontinued.

Procedures for Appealing an Adverse Determination

If you, your designated representative or your Provider of record receive an Adverse Determination in response to a claim or a request for prior authorization of services, you, your designated representative or your Provider of record may appeal the Adverse Determination orally or in writing.

If you, your designated representative or your Provider of record orally appeal the Adverse Determination, we or our utilization review agent will send you, your designated representative or your Provider of record a one-page appeal form.

Upon receipt of your appeal we will, within five working days, send you a letter acknowledging receipt of your appeal and provide you with a description of the Adverse Determination appeal process and a list of documents necessary to process your appeal.

Our review will be done in consultation with a health care professional with appropriate expertise in the field, who was not involved in the prior determination. We may consult with, or seek the participation of, medical experts as part of the appeal resolution process. You consent to this referral and the sharing of pertinent medical claim information. Upon request and free of charge, you have the right to reasonable access to and copies of all documents, records and other information relevant to your claim for Benefits. In addition, if any new or additional evidence is relied upon or generated by us during the determination of the appeal, we will provide it to you free of charge and sufficiently in advance of the due date of the response to the Adverse Benefit Determination.

We will complete the appeals process no later than the 30th calendar day after we receive your appeal.

If an appeal is upheld, within 10 working days of the appeal denial your treating Physician may request an additional review. A Physician who is of the same or similar specialty as the health care Provider who would typically manage

the medical condition, procedure, or treatment will conduct the review. The specialty review will be completed within 15 working days from receipt of the request.

Retrospective Review

If the Adverse Determination relates to a retrospective review, you will receive notice no later than 30 calendar days after we receive your claim. We may extend this period for up to an additional 15 calendar days if we determine an extension is necessary due to matters beyond our control. If an extension is needed, you will be notified within 30 calendar days after we receive your claim. If the extension is necessary because we have not received information from you or your Provider, we will specifically describe the information needed and allow 45 calendar days for the information to be submitted. We will make a decision within 30 calendar days of the date of the extension notice until the earlier of the date you or your Provider respond to the request for additional information or the date the information was to be submitted.

Urgent Appeals that Require Immediate Action

Your appeal may require urgent action if a delay in treatment could increase the risk to your health, or the ability to regain maximum function, or cause severe pain. In these urgent situations:

- The appeal does not need to be submitted in writing. You or your Physician should call us as soon as possible.
- We will notify you of the decision by the end of the next business day (not to exceed 72 hours if a holiday or weekend) following receipt of your request for review of the determination, taking into account the seriousness of your condition.

The appeal process for urgent situations does not apply to prescheduled treatments, therapies or surgeries.

Expedited Appeals for Denial of Emergency Care, Continued Hospitalization, Prescription Drugs or Intravenous Infusions

Procedures for written expedited appeals of an Adverse Determination for denials of Emergency Care, continued hospitalization, Prescription Drugs or intravenous infusions will include a review by a health care Provider who:

- Has not previously reviewed the case; and
- Is the same or a similar specialty as the health care Provider who would typically manage the medical or dental condition, procedure, or treatment under review in the appeal.

The time for resolution of an expedited appeal is based on the medical or dental immediacy of the condition, procedure, or treatment under review, provided that the resolution of the appeal may not exceed one working day from the date all information necessary to complete the appeal is received.

The expedited appeal determination may be provided by telephone or electronic transmission, but will be followed with a letter within three working days of the initial telephonic or electronic notification.

Federal External Review Program

You may be entitled to request an external review of our determination after exhausting your internal appeals if either of the following apply:

- You are not satisfied with the determination made by us.
- We fail to respond to your appeal within the timeframe required by the applicable regulations.

If one of the above conditions is met, you may request an external review of Adverse Benefit Determinations based upon any of the following:

- Clinical reasons.
- The exclusions for Experimental or Investigational Service(s) or Unproven Service(s).
- Rescission of coverage (coverage that was cancelled or discontinued retroactively).
- As otherwise required by applicable law.

You or your representative may request a standard external review by sending a written request to

UnitedHealthcare External Appeal Request
PO Box 6111
Mail Stop CA-0197
Cypress, CA 90630

You or your representative may request an expedited external review, in urgent situations as defined below, by contacting us at the telephone number on your ID card or by sending a written request to the address listed above. A request must be made within four months after the date you received our final appeal decision.

An external review request should include all of the following:

- A specific request for an external review.
- Your name, address, and insurance ID number.
- Your designated representative's name and address, when applicable.
- The service that was denied.
- Any new, relevant information that was not provided during the internal appeal.

An external review will be performed by an *Independent Review Organization (IRO)*. We have entered into agreements with three or more *IROs* that have agreed to perform such reviews. There are two types of external reviews available:

- A standard external review.
- An expedited external review.

Standard External Review

A standard external review includes all of the following:

- A referral of the request by us to the *IRO*.
- A decision by the *IRO*.

After receipt of the request, we will submit all relevant documentation that was used in making the determination to the *IRO* within 5 business days. We will assign requests by either rotating the assignment of claims among the *IROs* or by using a random selection process.

The *IRO* will notify you in writing of the request's eligibility and acceptance for external review and if necessary, for any additional information needed to conduct the external review. You will generally have to submit the additional information in writing to the *IRO* within ten business days after the date you receive the *IRO's* request for the additional information. The *IRO* is not required to, but may, accept and consider additional information submitted by you after ten business days.

We will provide to the assigned *IRO* the documents and information considered in making our determination. The documents include:

- All relevant medical records.
- All other documents relied upon by us.
- All other information or evidence that you or your Physician submitted. If there is any information or evidence you or your Physician wish to submit that was not previously provided, you may include this information with your external review request. We will include it with the documents forwarded to the *IRO*.

In reaching a decision, the *IRO* will review the claim as new and not be bound by any decisions or conclusions reached by us. The *IRO* will provide written notice of its determination (the "*Final External Review Decision*") within 45 calendar days after it receives the request for the external review (unless they request additional time and you agree). The *IRO* will deliver the notice of *Final External Review Decision* to you and us, and it will include the clinical basis for the determination.

If we receive a *Final External Review Decision* reversing our determination, we will provide coverage or payment for the Benefit claim at issue according to the terms and conditions of the *Contract*, and any applicable law regarding plan

remedies. If the *Final External Review Decision* agrees with our determination, we will not be obligated to provide Benefits for the health care service or procedure.

Expedited External Review

An expedited external review is similar to a standard external review. The main difference between the two is that the time periods for completing certain portions of the review process are much shorter for the expedited external review, and in some instances you may file an expedited external review before completing the internal appeals process.

You may make a written or verbal request for an expedited external review, separately or at the same time you have filed a request for an expedited internal appeal, if you receive any of the following:

- An Adverse Benefit Determination of a claim or appeal that involves a medical condition for which the time frame for completion of an expedited internal appeal would either jeopardize:
 - The life or health of the individual.
 - The individual's ability to regain maximum function.
- An Adverse Benefit Determination involving the denial of prescription drugs or intravenous infusions for which you are receiving Benefits.

In addition, you must have filed a request for an expedited internal appeal.

- A final appeal decision, that either:
 - Involves a medical condition where the timeframe for completion of a standard external review would either jeopardize the life or health of the individual or jeopardize the individual's ability to regain maximum function.
 - Concerns an admission, availability of care, continued stay, or health care service, procedure or product for which the individual received emergency care services, but has not been discharged from a facility.

Immediately upon receipt of the request, we will assign an *IRO* in the same manner we utilize to assign standard external reviews to *IROs*. We will provide all required documents and information we used in making the Adverse Benefit Determination or final Adverse Benefit Determination to the assigned *IRO* electronically or by telephone or facsimile or any other available method in a timely manner. The *IRO*, to the extent the information or documents are available and the *IRO* considers them appropriate, must consider the same type of information and documents considered in a standard external review.

In reaching a decision, the *IRO* will review the claim as new and not be bound by any decisions or conclusions reached by us. The *IRO* will provide notice of the final external review decision for an expedited external review as quickly as the claimant's medical condition or circumstances require, but in no event more than 72 hours after the *IRO* receives the request. If the *IRO's* final external review decision is first communicated verbally, the *IRO* will follow-up with a written confirmation of the decision within 48 hours of that verbal communication.

You may call us at the telephone number on your ID card for more information regarding external review rights, or if making a verbal request for an expedited external review.

Section 7: General Legal Provisions

What Is Your Relationship with Us?

It is important for you to understand our role with respect to the *Contract* and how it may affect you. We administer the *Contract* under which you are insured. We do not provide medical services or make treatment decisions. This means:

- We communicate to you decisions about whether the *Contract* will cover or pay for the health care that you may receive. The *Contract* pays for Covered Health Care Services, which are more fully described in this *EOC*.
- The *Contract* may not pay for all treatments you or your Physician may believe are needed. If the *Contract* does not pay, you will be responsible for the cost.

We may use individually identifiable information about you to identify for you (and you alone) procedures, products or services that you may find valuable. We will use individually identifiable information about you as permitted or required by law, including in our operations and in our research. We will use de-identified data for commercial purposes including research.

Please refer to our *Notice of Privacy Practices* for details.

What Is Our Relationship with Providers?

We have agreements in place that govern the relationship between us and Network Providers, some of which are affiliated Providers. Network Providers enter into an agreement with us to provide Covered Health Care Services to Covered Persons.

We do not provide health care services or supplies, or practice medicine. We arrange for health care Providers to participate in a Network and we pay Benefits. Network Providers are independent practitioners who run their own offices and facilities. Our credentialing process confirms public information about the Providers' licenses and other credentials. It does not assure the quality of the services provided. We are not responsible for any act or omission of any Provider.

What Is Your Relationship with Providers?

The relationship between you and any Provider is that of Provider and patient.

You are responsible for all of the following:

- Choosing your own Provider.
- Paying, directly to your Provider, any amount identified as a member responsibility, including Co-payments, Cost Share Percentages and any amount that exceeds the Allowed Amount, when applicable.
- Paying, directly to your Provider, the cost of any non-Covered Health Care Service.
- Deciding if any Provider treating you is right for you. This includes Network Providers you choose and Providers that they refer.
- Deciding with your Provider what care you should receive.

Your Provider is solely responsible for the quality of the services provided to you.

Do We Pay Incentives to Providers?

We pay Network Providers through various types of contractual arrangements. Some of these arrangements may include financial incentives to promote the delivery of health care in a cost efficient and effective manner. These financial incentives are not intended to affect your access to health care.

Examples of financial incentives for Network Providers are:

- Bonuses for performance based on factors that may include quality, member satisfaction and/or cost-effectiveness.
- Capitation - a group of Network Providers receives a monthly payment from us for each Covered Person who selects a Network Provider within the group to perform or coordinate certain health care services. The Network

Providers receive this monthly payment regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment.

- Bundled payments - certain Network Providers receive a bundled payment for a group of Covered Health Care Services for a particular procedure or medical condition. Your Co-payment and/or Cost Share Percentage will be calculated based on the Provider type that received the bundled payment. The Network Providers receive these bundled payments regardless of whether the cost of providing or arranging to provide the Covered Person's health care is less than or more than the payment. If you receive follow-up services related to a procedure where a bundled payment is made, an additional Co-payment and/or Cost Share Percentage may not be required if such follow-up services are included in the bundled payment. You may receive some Covered Health Care Services that are not considered part of the inclusive bundled payment and those Covered Health Care Services would be subject to the applicable Co-payment and/or Cost Share Percentage as described in your *Schedule of Benefits*.

We use various payment methods to pay specific Network Providers. From time to time, the payment method may change. If you have questions about whether your Network Provider's contract with us includes any financial incentives, we encourage you to discuss those questions with your Provider. You may also call us at the telephone number on your ID card. We can advise whether your Network Provider is paid by any financial incentive, including those listed above.

Are Incentives Available to You?

Sometimes we may offer coupons, enhanced Benefits, or other incentives to encourage you to take part in various programs, including wellness programs, certain disease management programs, surveys, discount programs, administrative programs, and/or programs to seek care in a more cost-effective setting and/or from Designated Providers. In some instances, these programs may be offered in combination with a non-UnitedHealthcare entity. The decision about whether or not to take part in a program is yours alone. However, we recommend that you discuss taking part in such programs with your Physician. We will notify you of the opportunity to participate in available programs and of any criteria for eligibility. Contact us at www.myuhc.com/exchange or the telephone number on your ID card if you have any questions.

As determined by us, incentives may include, but are not limited to, the following:

- A digital fitness program.
- Gift card incentives valued at a maximum of \$500 for completing certain activities throughout the year, such as having a wellness visit with your Primary Care Physician or taking other plan communication-related actions (e.g., signing up for text messages or paperless communications).

Digital Fitness Program

We may make a digital fitness program available to you in combination with a non-UnitedHealthcare entity. The purpose of this program is to encourage you to take a more active role in managing your health and well-being. Participation in this program is voluntary. There are no financial benefits or incentives provided to you by this program.

The program provides access to digital fitness content at no additional cost to you. Activities may include, but are not limited to cycling, treadmill, strength, yoga, and meditation may be included in the fitness app.

To be eligible for this program, you must be a Covered Person who is 18 years or older as of your coverage effective or renewal date. We will notify you of the opportunity to enroll in the program. If you would like additional information regarding this program, you may call us at the telephone number on your ID card.

Do We Receive Rebates and Other Payments?

We may receive rebates for certain drugs that are administered to you in your home or in a Physician's office, or at a Hospital or Alternate Facility. As determined by us, we may pass a portion of these rebates on to you. When rebates are passed onto you, they may be taken into account in determining your Co-payment and/or Cost Share Percentage.

The identity of the service Providers and the nature of the services they provide may be changed from time to time as we determine. - *Amendments* to the *Contract* are effective upon renewal, except as otherwise permitted by law.
- No agent has the authority to change the *Contract* or to waive any of its provisions.

- As otherwise permitted or required by law.

We may request additional information from you to decide your claim for Benefits. We will keep this information confidential. We may also use de-identified data for commercial purposes, including research, as permitted by law. More detail about how we may use or disclose your information is found in our *Notice of Privacy Practices*.

By accepting Benefits under the *Contract*, you authorize and direct any person or institution that has provided services to you to furnish us with all information or copies of records relating to the services provided to you, including provider billing and provider payment records. We have the right to request this information at any reasonable time. This applies to all Covered Persons, including Enrolled Dependents whether or not they have signed the Subscriber's enrollment form. We agree that such information and records will be considered confidential.

We have the right to release records concerning health care services when any of the following apply:

- Needed for medical review or quality assessment.
- Required by law or regulation.

During and after the term of the *Contract*, we and our related entities may use and transfer the information gathered under the *Contract* in a de-identified format for commercial purposes, including research and analytic purposes. Please refer to our Notice of Privacy Practices.

For complete listings of your medical records or billing statements you may contact your health care Provider. Providers may charge you reasonable fees to cover their costs for providing records or completing requested forms.

In some cases, as permitted by law, we will designate other persons or entities to request records or information from or related to you, and to release those records as needed. Our designees have the same rights to this information as we have.

Do We Require Examination of Covered Persons?

In the event of a question or dispute regarding your right to Benefits, we may require that a Network Physician of our choice examine you at our expense.

Is Workers' Compensation Affected?

Benefits provided under the *Contract* do not substitute for and do not affect any requirements for coverage by workers' compensation insurance.

Subrogation and Reimbursement

We have the right to subrogation and reimbursement. References to “you” or “your” in this *Subrogation and Reimbursement* section shall include you, your Estate and your heirs and beneficiaries unless otherwise stated.

Subrogation

Subrogation applies when we have paid Benefits on your behalf for a Sickness or Injury for which any third party is allegedly responsible. The right to subrogation means that we are substituted to and shall succeed to any and all legal claims that you may be entitled to pursue against any third party for the Benefits that we have paid that are related to the Sickness or Injury for which any third party is considered responsible.

Subrogation Example:

Suppose you are injured in a car accident that is not your fault, and you receive Benefits under the Contract to treat your injuries. Under subrogation, the Plan has the right to take legal action in your name against the driver who caused the accident and that driver's insurance carrier to recover the cost of those Benefits.

Reimbursement

Reimbursement is the payment by you out of the recovery received from any third party to us to be limited to the amount of medical Benefits paid by us. We may request and receive reimbursement of any type of recovery for the reasonable value of any services and Benefits we provided to you subject to *Section 140.005 of the Civil Practice and Remedies Code*. We may receive reimbursement for the total amount of past Benefits paid, not to exceed the amount you receive from any third party.

Reimbursement Example:

Suppose you are injured in a boating accident that is not your fault, and you receive Benefits under the Contract as a result of your injuries. In addition, you receive a settlement in a court proceeding from the individual who caused the accident. You must use the settlement funds to return to the Plan 100% of any Benefits you received to treat your injuries.

The following persons and entities are considered third parties:

- A person or entity alleged to have caused you to suffer a Sickness, Injury or damages, or who is legally responsible for the Sickness, Injury or damages.
- Any insurer or other indemnifier of any person or entity alleged to have caused or who caused the Sickness, Injury or damages.

- Your employer in a workers' compensation case or other matter alleging liability.
- Any person or entity who is or may be obligated to provide Benefits or payments to you, including Benefits or payments for underinsured or uninsured motorist protection, no-fault or traditional auto insurance, medical payment coverage (auto, homeowners or otherwise), workers' compensation coverage, other insurance carriers or third party administrators. We may pursue recovery against an underinsured or uninsured motorist for medical payments coverage if the Covered Person or their immediate family did not pay the premiums for the coverage.
- Any person or entity against whom you may have any claim for professional and/or legal malpractice arising out of or connected to a Sickness or Injury you allege or could have alleged were the responsibility of any third party.
- Any person or entity that is liable for payment to you on any equitable or legal liability theory.

You agree as follows:

- You will cooperate with us in protecting our legal and equitable rights to subrogation and reimbursement in a timely manner, including, but not limited to:
- Notifying us, in writing, of any potential legal claim(s) you may have against any third party for acts which caused Benefits to be paid or become payable.
- Providing any relevant information requested by us.
- Signing and/or delivering such documents as we or our agents reasonably request to secure the subrogation and reimbursement claim.
- Responding to requests for information about any accident or injuries.
- Making court appearances.
- Contacting us to obtain our consent or our agents' consent before releasing any party from liability or payment of medical expenses.
- Complying with the terms of this section.

Your failure to cooperate with us is considered a breach of contract. As such, we have the right to terminate or deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits we have paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by us due to you or your representative not cooperating with us. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to us.

- We have a first priority right to receive payment on any claim against any third party before you receive payment from that third party. Further, our first priority right to payment is superior to any and all claims, debts or liens asserted by any medical Providers, including but not limited to Hospitals or emergency treatment facilities, that assert a right to payment from funds payable from or recovered from an allegedly responsible third party and/or insurance carrier.
- Our subrogation and reimbursement rights apply to full and partial settlements, judgments, or other recoveries paid or payable to you or your representative, your Estate, your heirs and beneficiaries, no matter how those proceeds are captioned or characterized. Payments include, but are not limited to, economic, non-economic, pecuniary, consortium and punitive damages. We are not required to help you to pursue your claim for damages or personal injuries.
- Regardless of whether you have been fully compensated or made whole, we may collect from you the proceeds of any full or partial recovery that you or your legal representative obtain, whether in the form of a settlement (either before or after any determination of liability) or judgment, no matter how those proceeds are captioned or characterized. Proceeds from which we may collect include, but are not limited to, economic, non-economic, and punitive damages. No "collateral source" rule, any "Made-Whole Doctrine" or "Make-Whole Doctrine," claim of unjust enrichment, nor any other equitable limitation shall limit our subrogation and reimbursement rights.
- Benefits paid by us may also be considered to be Benefits advanced.

- If you receive any payment from any party as a result of Sickness or Injury, and we allege some or all of those funds are due and owed to us, you and/or your representative shall hold those funds in trust, either in a separate bank account in your name or in your representative's trust account.
- By participating in and accepting Benefits under the *Contract*, you agree that (i) any amounts recovered by you from any third party shall constitute plan assets (to the extent of the amount of Benefits provided on behalf of the Covered Person), (ii) you and your representative shall be fiduciaries with respect to such amounts, and (iii) you shall be liable for and agree to pay any costs and fees (including reasonable attorney fees) incurred by us to enforce its reimbursement rights.
- Our right to recovery will not be reduced due to your own negligence.
- By participating in and accepting Benefits from us, you agree to assign to us any Benefits, claims or rights of recovery you have under any automobile policy - including no-fault Benefits, PIP Benefits and/or medical payment Benefits - other coverage or against any third party, to the full extent of the Benefits we have paid for the Sickness or Injury. By agreeing to provide this assignment in exchange for participating in and accepting Benefits, you acknowledge and recognize our right to assert, pursue and recover on any such claim, whether or not you choose to pursue the claim, and you agree to this assignment voluntarily.
- We may, at our option, take necessary and appropriate action to preserve our rights under these provisions, including but not limited to, providing or exchanging medical payment information with an insurer, the insurer's legal representative or other third party; filing reimbursement lawsuit to recover the full amount of medical Benefits you receive for the Sickness or Injury out of any settlement, judgment or other recovery from any third party considered responsible; and filing suit in your name or your Estate's name, which does not obligate us in any way to pay you part of any recovery we might obtain. Any reimbursement lawsuit stemming from a refusal to refund Benefits as required under the terms of the *Contract* is governed by the applicable statute of limitations. We may also file a lawsuit to enforce our right of subrogation or reimbursement.
- You may not accept any settlement that does not fully reimburse us, without our written approval.
- We have the authority to resolve all disputes regarding the interpretation of the language stated herein.
- In the case of your death, giving rise to any wrongful death or survival claim, the provisions of this section apply to your estate, the personal representative of your estate, and your heirs or beneficiaries. In the case of your death our right of reimbursement and right of subrogation shall apply if a claim can be brought on behalf of you or your estate that can include a claim for past medical expenses or damages. The obligation to reimburse us is not extinguished by a release of claims or settlement agreement of any kind.
- No allocation of damages, settlement funds or any other recovery, by you, your estate, the personal representative of your estate, your heirs, your beneficiaries or any other person or party, shall be valid if it does not reimburse us for 100% of our interest unless we provide written consent to the allocation.
- The provisions of this section apply to the parents, guardian, or other representative of a Dependent child who incurs a Sickness or Injury caused by any third party. If a parent or guardian may bring a claim for damages arising out of a minor's Sickness or Injury, the terms of this subrogation and reimbursement clause shall apply to that claim.
- If any third party causes or is alleged to have caused you to suffer a Sickness or Injury while you are covered under the *Contract*, the provisions of this section continue to apply, even after you are no longer covered.
- In the event that you do not abide by the terms of the *Contract* pertaining to reimbursement, we may terminate Benefits to you, your Dependents or the Subscriber, deny future Benefits, take legal action against you, and/or set off from any future Benefits the value of Benefits we have paid relating to any Sickness or Injury alleged to have been caused or caused by any third party to the extent not recovered by us due to your failure to abide by the terms of the *Contract*. If we incur attorneys' fees and costs in order to collect third party settlement funds held by you or your representative, we have the right to recover those fees and costs from you. You will also be required to pay interest on any amounts you hold which should have been returned to us.
- We and all Administrators administering the terms and conditions of the Plan's subrogation and reimbursement rights have such powers and duties as are necessary to discharge its duties and functions, including the exercise of our final authority to (1) construe and enforce the terms of the *Contract's* subrogation and reimbursement rights and (2) make determinations with respect to the subrogation amounts and reimbursements owed to us.

When Do We Receive Refunds of Overpayments?

If we pay Benefits for expenses incurred on your account, you, or any other person or organization that was paid, must make a refund to us if any of the following apply:

- All or some of the expenses were not paid or did not legally have to be paid by you.
- All or some of the payment we made exceeded the Benefits under the *Contract*.
- All or some of the payment was made in error.

The refund equals the amount we paid in excess of the amount we should have paid under the *Contract*. If the refund is due from another person or organization, you agree to help us get the refund when requested.

If the refund is due from you and you do not promptly refund the full amount, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part, your future Benefits that are payable under the *Contract*. If the refund is due from a person or organization other than you, we may recover the overpayment by reallocating the overpaid amount to pay, in whole or in part; (i) future Benefits that are payable in connection with services provided to other Covered Persons under the *Contract*; or (ii) future Benefits that are payable in connection with services provided to persons under other plans for which we make payments, pursuant to a transaction in which our overpayment recovery rights are assigned to such other plans in exchange for such plans' remittance of the amount of the reallocated payment.

The reductions will equal the amount of the required refund. We may have other rights in addition to the right to reduce future Benefits.

Is There a Limitation of Action?

You cannot bring any legal action against us to recover reimbursement until you have completed all the steps in the appeal process described in *Section 6: Questions, Complaints and Appeals*. After completing that process, if you want to bring a legal action against us you must do so within three years of the date we notified you of our final decision on your appeal or you lose any rights to bring such an action against us.

Statements Made by Subscriber

All statements made by a Subscriber shall, in the absence of fraud, be deemed representations and not warranties. A statement will not be used in a contest to void, cancel, non-renew coverage or reduce Benefits unless it is in a written enrollment application signed by the Subscriber that is or has been furnished to the Subscriber or the Subscriber's personal representative. We will not use any statement made by the Subscriber to void the *Contract* after it has been in force for two years unless it is a fraudulent statement.

What Is the Entire Contract?

This *EOC*, the *Schedule of Benefits*, the Subscriber's *Application* and any *Amendments*, make up the entire *Contract*.

Continuity of Care

If you are undergoing a course of treatment from a Network Physician or Provider at the time that Network Physician or Provider's contract terminates with us, you may be entitled to continue that care at the Network Benefit level. Special circumstances include Covered Persons with a disability, acute condition, life-threatening illness, is pregnant from one-23 weeks, and undergoing a course of treatment for the Pregnancy from the Provider or facility, or is past the 24th week of Pregnancy. An additional special circumstance includes a Covered Person who is undergoing a course of institutional or inpatient care from the provider or facility, or a Covered Person who is scheduled to undergo non-elective surgery from the Provider, including receipt of postoperative care from such Provider or facility with respect to such a surgery.

If continuity of care is approved, it may not be continued beyond 90 days after the Physician or Provider's contract is terminated, or nine months after the Physician or Provider's contract is terminated, if the Covered Person has been diagnosed as having a terminal illness at the time of termination. If the Covered Person is past the 24th week of Pregnancy at the time of termination,

Exceptions:

- Clinical trials for which Benefits are available as described under *Clinical Trials* in *Section 1: Covered Health Care Services*.

 - You are not a participant in a qualifying clinical trial, as described under *Clinical Trials* in *Section 1: Covered Health Care Services*; and
 - You have a Sickness or condition that is likely to cause death within one year of the request for treatment.

Prior to such a consideration, we must first establish that there is sufficient evidence to conclude that, even though unproven, the service has significant potential as an effective treatment for that Sickness or condition.

Generally Accepted Standards of Medical Practice are standards that are based on credible scientific evidence published in peer-reviewed medical literature generally recognized by the relevant medical community, relying primarily on controlled clinical trials, or, if not available, observational studies from more than one institution that suggest a causal relationship between the service or treatment and health outcomes.

If no credible scientific evidence is available, then standards that are based on Physician specialty society recommendations or professional standards of care may be considered. We have the right to consult expert opinion in determining whether health care services are Medically Necessary. The decision to apply Physician specialty society recommendations, the choice of expert and the determination of when to use any such expert opinion, shall be determined by us.

We develop and maintain clinical policies that describe the *Generally Accepted Standards of Medical Practice* scientific evidence, prevailing medical standards and clinical guidelines supporting our determinations regarding specific services. Section 9: Coordination of Benefits

Benefits When You Have Coverage under More than One Plan

This section describes how Benefits under the *Contract* will be coordinated with those of any other plan that provides Benefits to you. The language in this section is specific to *Texas* law regarding coordination of Benefits.

When Does Coordination of Benefits Apply?

This *Coordination of Benefits (COB)* provision applies when a person has health care coverage under more than one Plan. Plan is defined below.

The order of Benefit determination rules below govern the order in which each Plan will pay a claim for Benefits.

- **Primary Plan.** The Plan that pays first is called the Primary Plan. The Primary Plan must pay Benefits in accordance with its policy terms without regard to the possibility that another Plan may cover some expenses.
- **Secondary Plan.** The Plan that pays after the Primary Plan is the Secondary Plan. The Secondary Plan may reduce the Benefits it pays so that payments from all Plans do not exceed 100% of the total Allowable Expense. Allowable Expense is defined below.

Definitions

For purposes of this section, terms are defined as follows:

- A. **Plan.** A Plan is any of the following that provides Benefits or services for medical, pharmacy, vision, or dental care or treatment. If separate contracts are used to provide coordinated coverage for members of a group, the separate contracts are considered parts of the same plan and there is no COB among those separate contracts.
1. Plan includes: group, blanket, or franchise accident and health insurance policies, excluding disability income protection coverage; individual and group health maintenance organization evidences of coverage; individual accident and health insurance policies; individual and group preferred Provider Benefit plans and exclusive Provider Benefit plans; group insurance contracts that pay or reimburse for the cost of dental care; medical care components of individual and group and long-term care contracts; limited Benefit coverage that is not issued to supplement individual or group in-force policies; uninsured arrangements of group or group type coverage; medical Benefits coverage in automobile insurance contracts; and Medicare or any other federal governmental plan, as permitted by law.
 2. Plan does not include: disability income protection coverage; the *Texas Health Insurance Pool*; workers' compensation insurance coverage; Hospital confinement indemnity coverage or other fixed indemnity coverage; specified disease coverage; supplemental Benefit coverage; accident only coverage, specified accident coverage; school accident-type coverage that covers students for accidents only, including athletic injuries either on 24-hour basis or a to and from school basis; Benefits provided in long-term care insurance contracts for non-medical services, for example, personal care, adult day care, homemaker services, assistance with activities of daily living, respite care, and custodial care or for contracts that pay a fixed daily Benefit without regard to expenses incurred or the receipt of services; Medicare supplement policies; a state mandated plan under Medicaid; a governmental plan that, by law, provides Benefits that are in excess of those of any private insurance plan; or other nongovernmental plan; or an individual accident and health insurance policy that is designed to fully integrate with other policies through a variable deductible.
 3. Each contract for coverage under 1. or 2. above is a separate Plan. If a Plan has two parts and COB rules apply only to one of the two, each of the parts is treated as a separate Plan.
- B. **This Plan.** This Plan means, in a COB provision, the part of the contract providing the health care Benefits to which the COB provision applies and which may be reduced because of the Benefits of other plans. Any other part of the contract providing health care Benefits is separate from This Plan. A contract may apply one COB provision to certain Benefits, such as dental Benefits, coordinating only with similar Benefits, and may apply another COB provision to coordinate other Benefits.

- C. **Order of Benefit Determination Rules.** The order of Benefit determination rules determine whether This Plan is a Primary Plan or Secondary Plan when the person has health care coverage under more than one Plan. When This Plan is primary, it determines payment for its Benefits first before those of any other Plan without considering any other Plan's Benefits. When This Plan is secondary, it determines its Benefits after those of another Plan and may reduce the Benefits it pays so that all Plan Benefits do not exceed 100% of the total Allowable Expense. A *Contract* may not reduce Benefits on the basis that: another Plan exists and the Covered Person did not enroll in that Plan; a person is or could have been covered under another Plan, except with respect to Part B of Medicare; or a person has elected an option under another Plan providing a lower level of Benefits than another option that could have been elected.
- D. **Allowable Expense.** Allowable Expense is a health care expense, including deductibles, Cost Share Percentages and Co-payments, that is covered at least in part by any Plan covering the person. When a Plan provides Benefits in the form of services, the reasonable cash value of each service will be considered an Allowable Expense and a Benefit paid. An expense that is not covered by any Plan covering the person is not an Allowable Expense. In addition, any expense that a Provider by law or according to contractual agreement is prohibited from charging a Covered Person is not an Allowable Expense.
- The following are examples of expenses or services that are not Allowable Expenses:
1. The difference between the cost of a semi-private Hospital room and a private room is not an Allowable Expense unless one of the Plans provides coverage for private Hospital room expenses.
 2. If a person is covered by two or more Plans that do not have negotiated fees and compute their Benefit payments on the basis of usual and customary fees, Allowed Amounts, or relative value schedule reimbursement methodology or other similar reimbursement methodology, any amount in excess of the highest reimbursement amount for a specific Benefit is not an Allowable Expense.
 3. If a person is covered by two or more Plans that provide Benefits or services on the basis of negotiated fees, an amount in excess of the highest of the negotiated fees is not an Allowable Expense.
 4. If a person is covered by one Plan that does not have negotiated fees and calculates its Benefits or services on the basis of usual and customary fees, Allowed Amounts, or relative value schedule reimbursement methodology or other similar reimbursement methodology and another Plan that provides its Benefits or services on the basis of negotiated fees, the Primary Plan's payment arrangement must be the Allowable Expense for all Plans. However, if the health care Provider or Physician has contracted with the Secondary Plan to provide the Benefit or service for a specific negotiated fee or payment amount that is different than the Primary Plan's payment arrangement and if the health care Provider's or Physician's contract permits, the negotiated fee or payment shall be the Allowable Expense used by the Secondary Plan to determine its Benefits.
 5. The amount of any Benefit reduction by the Primary Plan because a Covered Person has failed to comply with the Plan provisions is not an Allowable Expense. Examples of these types of plan provisions include second surgical opinions, precertification of admissions and preferred health care Provider or Physician's arrangements.
- E. **Allowed Amount.** Allowed amount is the amount of a billed charge that a carrier determines to be covered for services provided by an Out-of-Network health care Provider or Physician. The allowed amount includes the carrier's payment and any applicable deductible, Co-payment, or Cost Share Percentage amounts for which the insured is responsible.
- F. **Closed Panel Plan.** Closed Panel Plan is a Plan that provides health care Benefits to Covered Persons primarily in the form of services through a panel of Providers that have contracted with or are employed by the Plan, and that excludes coverages for services provided by other health care Providers and Physicians, except in cases of Emergency or referral by a panel member.
- G. **Custodial Parent.** Custodial Parent is the parent with the right to designate the primary residence of a child by a court order under the *Texas Family Code* or other applicable law, or, in the absence of a court decree, is the parent with whom the child resides more than one half of the calendar year excluding any temporary visitation.

What Are the Rules for Determining the Order of Benefit Payments?

When a person is covered by two or more Plans, the rules for determining the order of Benefit payments are as follows:

- A. The Primary Plan pays or provides its Benefits according to its terms of coverage and without regard to the Benefits under any other Plan.
- B. Except as provided in the next paragraph, a Plan that does not contain a coordination of Benefits provision that is consistent with this provision is always primary unless the provisions of both Plans state that the complying plan is primary.

Coverage that is obtained by virtue of membership in a group that is designed to supplement a part of a basic package of Benefits and provides that this supplementary coverage shall be in excess of any other parts of the Plan provided by the contract holder. Examples of these types of situations are major medical coverages that are superimposed over base plan Hospital and surgical Benefits and insurance type coverages that are written in connection with a Closed Panel Plan to provide Out-of-Network Benefits.

- C. A Plan may consider the Benefits paid or provided by another Plan in determining its Benefits only when it is secondary to that other Plan.
- D. If the Primary Plan is a Closed Panel Plan and the Secondary Plan is not, the Secondary Plan must pay or provide Benefits as if it were the Primary Plan when a Covered Person uses an Out-of-Network Physician, except for Emergency services or authorized referrals that are paid or provided by the Primary Plan.
- E. When multiple contracts providing coordinated coverage are treated as a single Plan under this subchapter, this section applies only to the Plan as a whole, and coordination among the component contracts is governed by the terms of the contracts. If more than one carrier pays or provides Benefits under the Plan, the carrier designated as primary within the Plan must be responsible for the Plan's compliance with this subchapter.
- F. If a person is covered by more than one Secondary Plan, the Order of Benefit Determination Rules of this subchapter decide the order in which Secondary Plans' Benefits are determined in relation to each other. Each Secondary Plan must take into consideration the Benefits of the Primary Plan or Plans and the Benefits of any other Plan that, under the rules of this subchapter, has its Benefits determined before those of that Secondary Plan.
- G. Each Plan determines its order of Benefits using the first of the following rules that apply:
 - 1. **Non-Dependent or Dependent.** The Plan that covers the person other than as a dependent, for example as an employee, member, policyholder, subscriber or retiree is the Primary Plan and the Plan that covers the person as a dependent is the Secondary Plan. However, if the person is a Medicare beneficiary and, as a result of federal law, Medicare is secondary to the Plan covering the person as a dependent; and primary to the Plan covering the person as other than a dependent (e.g. a retired employee); then the order of Benefits between the two Plans is reversed so that the Plan covering the person as an employee, member, policyholder, subscriber or retiree is the Secondary Plan and the other Plan is the Primary Plan. An example includes a retired employee.
 - 2. **Dependent Child Covered Under More Than One Coverage Plan.** Unless there is a court decree stating otherwise, plans covering a dependent child shall determine the order of Benefits as follows:
 - a) For a dependent child whose parents are married or are living together, whether or not they have ever been married:
 - (1) The Plan of the parent whose birthday falls earlier in the calendar year is the Primary Plan; or
 - (2) If both parents have the same birthday, the Plan that covered the parent longest is the Primary Plan.
 - b) For a dependent child whose parents are divorced or separated or are not living together, whether or not they have ever been married:
 - (1) If a court order states that one of the parents is responsible for the dependent child's health care expenses or health care coverage and the Plan of that parent has actual knowledge of those terms, that Plan is primary. If the parent with responsibility has no health care coverage for the dependent child's health care expenses, but that parent's spouse does, that parent's spouse's plan is the Primary Plan. This shall not apply with respect to any plan year during which Benefits are paid or provided before the entity has actual knowledge of the court decree provision.

- (2) If a court order states that both parents are responsible for the dependent child's health care expenses or health care coverage, the provisions of subparagraph a) above shall determine the order of Benefits.
 - (3) If a court order states that the parents have joint custody without specifying that one parent has responsibility for the health care expenses or health care coverage of the dependent child, the provisions of subparagraph a) above shall determine the order of Benefits.
 - (4) If there is no court order allocating responsibility for the child's health care expenses or health care coverage, the order of Benefits for the child are as follows:
 - (a) The Plan covering the Custodial Parent.
 - (b) The Plan covering the Custodial Parent's spouse.
 - (c) The Plan covering the non-Custodial Parent.
 - (d) The Plan covering the non-Custodial Parent's spouse.
 - c) For a dependent child covered under more than one plan of individuals who are not the parents of the child, the order of Benefits shall be determined, as applicable, under subparagraph a) or b) above as if those individuals were parents of the child.
 - d)
 - (i) For a dependent child who has coverage under either or both parents' plans and also has his or her own coverage as a dependent under a spouse's plan, the rule in paragraph (5) applies.
 - (ii) In the event the dependent child's coverage under the spouse's plan began on the same date as the dependent child's coverage under either or both parents' plans, the order of Benefits shall be determined by applying the birthday rule in subparagraph (a) to the dependent child's parent(s) and the dependent's spouse.
3. **Active Employee or Retired or Laid-off Employee.** The Plan that covers a person as an active employee, that is, an employee who is neither laid off nor retired is the Primary Plan. The same would hold true if a person is a dependent of an active employee and that same person is a dependent of a retired or laid-off employee. If the other Plan does not have this rule, and, as a result, the Plans do not agree on the order of Benefits, this rule is ignored. This rule does not apply if the rule labeled G.1. can determine the order of Benefits.
 4. **COBRA or State Continuation Coverage.** If a person whose coverage is provided pursuant to COBRA or under a right of continuation provided by state or other federal law is covered under another Plan, the Plan covering the person as an employee, member, subscriber or retiree or covering the person as a dependent of an employee, member, subscriber or retiree is the Primary Plan, and the COBRA or state or other federal continuation coverage is the Secondary Plan. If the other Plan does not have this rule, and as a result, the Plans do not agree on the order of Benefits, this rule is ignored. This rule does not apply if the rule labeled G.1. can determine the order of Benefits.
 5. **Longer or Shorter Length of Coverage.** The Plan that covered the person the longer period of time is the Primary Plan and the Plan that covered the person the shorter period of time is the Secondary Plan.
 6. If the preceding rules do not determine the order of Benefits, the Allowable Expenses shall be shared equally between the Plans meeting the definition of Plan. In addition, This Plan will not pay more than it would have paid had it been the Primary Plan.

Effect on the Benefits of This Plan

- A. When This Plan is secondary, it may reduce its Benefits so that the total Benefits paid or provided by all Plans are not more than the total Allowable Expenses. In determining the amount to be paid for any claim, the Secondary Plan will calculate the Benefits it would have paid in the absence of other health care coverage and apply that calculated amount to any Allowable Expense under its Plan that is unpaid by the Primary Plan. The Secondary Plan may then reduce its payment by the amount so that, when combined with the amount paid by the Primary Plan, results in the total Benefits paid or provided by all Plans for the claim equaling 100 percent of the total Allowable Expense for that claim. In addition, the Secondary Plan shall credit to its plan deductible any amounts it would have credited to its deductible in the absence of other health care coverage.

- B. If a Covered Person is enrolled in two or more Closed Panel Plans and if, for any reason, including the provision of service by a non-panel Provider, Benefits are not payable by one Closed Panel Plan, COB shall not apply between that Plan and other Closed Panel Plans.

Right to Receive and Release Needed Information

Certain facts about health care coverage and services are needed to apply these COB rules and to determine Benefits payable under This Plan and other Plans. We may get the facts we need from, or give them to, other organizations or persons for the purpose of applying these rules and determining Benefits payable under This Plan and other Plans covering the person claiming Benefits.

We need not tell, or get the consent of, any person to do this. Each person claiming Benefits under This Plan must give us any facts we need to apply those rules and determine Benefits payable. If you do not provide us the information we need to apply these rules and determine the Benefits payable, your claim for Benefits will be denied.

Payments Made

A payment made under another Plan may include an amount that should have been paid under This Plan. If it does, we may pay that amount to the organization that made the payment. That amount will then be treated as though it were a Benefit paid under This Plan. We will not have to pay that amount again. The term "payment made" includes providing Benefits in the form of services, in which case "payment made" means reasonable cash value of the Benefits provided in the form of services.

Does This Plan Have the Right of Recovery?

If the amount of the payments we made is more than we should have paid under this COB provision, we may recover the excess from one or more of the persons we have paid or for whom we have paid; or any other person or organization that may be responsible for the Benefits or services provided for you. The "amount of the payments made" includes the reasonable cash value of any Benefits provided in the form of services.

How Are Benefits Paid When This Plan is Secondary to Medicare?

If This Plan is secondary to Medicare, then Benefits payable under This Plan will be based on Medicare's reduced Benefits.

Section 10: Outpatient Prescription Drugs

This section of the *EOC* provides Network Benefits for Prescription Drug Products.

Because this section is part of a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in either the *EOC* in *Section 8: Defined Terms* or in this section under the heading *Defined Terms for Outpatient Prescription Drugs*.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare Benefits of Texas, Inc. When we use the words "you" and "your" we are referring to people who are Covered Persons, as the term is defined in the *EOC* in *Section 8: Defined Terms*.

NOTE: The Coordination of Benefits provision in the *EOC* in Section 9: Coordination of Benefits applies to Prescription Drug Products covered through this section. Benefits for Prescription Drug Products will be coordinated with those of any other health plan in the same manner as Benefits for Covered Health Care Services described in the *Contract*.

Introduction

Coverage Policies and Guidelines

Our Individual and Family Plan Pharmacy Management Committee (IPMC) makes tier placement changes on our behalf. The IPMC places *FDA-approved* Prescription Drug Products into tiers by considering a number of factors including clinical and economic information. Clinical factors may include review of the place in therapy or use as compared to other similar product or services, site of care, relative safety or effectiveness of the Prescription Drug Product, as well as if certain supply limits or prior authorization requirements should apply. Economic factors may include the Prescription Drug Product's total cost including any rebates and evaluations of the cost effectiveness of the Prescription Drug Product.

Some Prescription Drug Products are more cost effective for treating specific conditions as compared to others; therefore, a Prescription Drug Product may be placed on multiple tiers according to the condition for which the Prescription Drug Product was prescribed to treat.

We may, from time to time, change the placement of a Prescription Drug Product among the tiers. These changes generally will happen up to monthly. These changes may happen without prior notice to you. In the event that a Prescription Drug Product that you are currently taking moves to a higher tier or is removed from the Prescription Drug List (PDL), we will notify you no less than 60 days prior to the effective date of the change. Any prescription drug covered at the beginning of the plan year will continue to be covered throughout the plan year, regardless of whether the drug has been removed from the PDL. Please contact us at www.myuhc.com/exchange or the telephone number on your ID card for the most up-to-date tier placement.

When considering a Prescription Drug Product for tier placement, the IPMC reviews clinical and economic factors regarding Covered Persons as a general population. Whether a particular Prescription Drug Product is appropriate for you is a determination that is made by you and your prescribing Physician.

NOTE: Tier status for a Prescription Drug Product may be determined by accessing your Benefits for Prescription Drug Products by contacting us at www.myuhc.com/exchange or the telephone number on your ID card. The tier to which a Prescription Drug Product is assigned may change as detailed in the *Contract*.

Prescription Drug Products that are considered to be PPACA Zero Cost Share Preventive Care Medications will be provided at \$0 cost share for Covered Persons.

Identification Card (ID Card) - Network Pharmacy

You must either show your ID card at the time you obtain your Prescription Drug Product at a Network Pharmacy or you must provide the Network Pharmacy with identifying information that can be verified by us during regular business hours.

If you don't show your ID card or provide verifiable information at a Network Pharmacy, you must pay the Usual and Customary Charge for the Prescription Drug Product at the pharmacy.

You may seek reimbursement from us as described in *Section 5: How to File a Claim*. When you submit a claim on this basis, you may pay more because you did not verify your eligibility when the Prescription Drug Product was dispensed. The amount you are reimbursed will be based on the Prescription Drug Charge, less the required Co-payment and/or Cost Share Percentage.

Submit your claim to:

OptumRx Claims Department
PO Box 650540
Dallas, TX 75265-0540

When Do We Limit Selection of Pharmacies?

To support optimal therapy for the management of members with pain and minimize the occurrence of drug abuse, diversion, and inappropriate use of opioids, if we determine that you may be using opioid-containing Prescription Drug Products and meet the following criteria, we may require you to choose one Network Pharmacy that will provide and coordinate all your future opioid prescription services.

If you meet the following criteria in the past 90 days, you may be required to choose a Network Pharmacy:

- At least nine (9) pharmacy claims for any opioid-containing products AND
- Opioid pharmacy claims from at least three (3) different prescribers OR
- Opioid pharmacy claims filled at least three (3) different pharmacies

Benefits will be paid for opioid-containing Prescription Drug Products only if you obtain these drugs at your chosen Network Pharmacy. If you don't make a choice within 31 days of the date we notify you, we will choose a Network Pharmacy for you.

Coupons, Incentives and Other Communications

At various times, we may send mailings or provide other communications to you, your Physician, or your pharmacy that communicate a variety of messages, including information about Prescription and non-prescription Drug Products. These communications may include offers that enable you, as you determine, to purchase the described product at a discount. In some instances, non-UnitedHealthcare entities may support and/or provide content for these communications and offers. Only you and your Physician can determine whether a change in your Prescription and/or non-prescription Drug regimen is appropriate for your medical condition.

We will apply any third-party payments, financial assistance, discounts, product vouchers, or any other reduction in out-of-pocket expenses made by you or on your behalf for covered Prescription Drug Products toward your Co-payment, Cost Share Percentage or Out-of-Pocket Limit.

Special Programs

We may have certain programs in which you may receive an enhanced Benefit based on your actions such as adherence/compliance to medication or treatment regimens, and/or taking part in health management programs. You may access information on these programs by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

Refill Synchronization

We have a procedure to align the refill dates of Prescription Drug Products so drugs that are refilled at the same frequency may be refilled concurrently.

On the initial synchronization, a pro-rated cost-share amount will be charged for a partial supply based on the number of days' supply of the drug actually dispensed if the following requirements are met:

- The pharmacy or prescribing Physician or health care Provider notifies us that the quantity dispensed is to synchronize the dates that the pharmacy dispenses the prescription drugs.
- Is in the best interest of the Covered Person.
- The Covered Person agrees to the synchronization.

You may obtain additional information on these procedures by contacting us at www.myuhc.com/exchange or the telephone number on your ID card.

Are Discounts and Incentives Available to You?

From time to time, we may make access available to discounts or incentive programs. Incentive programs may be available only to targeted populations and may include other incentives.

These discount and incentive programs are not insurance and are not an insurance Benefit or promise in the *Contract*. Your access to these programs is provided by us separately or independently from the *Contract*, and may be discontinued at any time. There is no additional charge for you to access these discount and incentive programs.

These programs may be offered or administered directly by us or through a third party vendor. If we receive any funds from a third party vendor in conjunction with making the discount or incentive programs available to you, we will use those funds to offset our costs of providing you access to the programs.

Section 11: Pediatric Dental Care Services

How Do You Use This Document?

This section of the *Contract* provides Benefits for Covered Dental Care Services, as described below, for Covered Persons under the age of 19. Benefits under this section will end on the last day of the month the Covered Person reaches the age of 19.

What Are Defined Terms?

Because this section is part of a legal document, we want to give you information about the document that will help you understand it. Certain capitalized words have special meanings. We have defined these words in either the *EOC* in *Section 8: Defined Terms* or in this section under the heading *Defined Terms for Pediatric Dental Care Services*.

When we use the words "we," "us," and "our" in this document, we are referring to UnitedHealthcare Benefits of Texas, Inc. When we use the words "you" and "your" we are referring to people who are Covered Persons, as the term is defined in the *EOC* in *Section 8: Defined Terms*.

What Are Covered Dental Care Services?

You are eligible for Benefits for Covered Dental Care Services listed in this section if such Dental Care Services are Necessary and are provided by or under the direction of a Network Dental Provider.

Benefits are available only for Necessary Dental Care Services. The fact that a Dental Provider has performed or prescribed a procedure or treatment, or the fact that it may be the only available treatment for a dental disease, does not mean that the procedure or treatment is a Covered Dental Service under this section.

What Is a Pre-Treatment Estimate?

If the charge for a Dental Service is expected to exceed \$500 or if a dental exam reveals the need for fixed bridgework, you may notify us of such treatment before treatment begins and receive a pre-treatment estimate. If you desire a pre-treatment estimate, you or your Dental Provider should send a notice to us, via claim form, within 20 calendar days of the exam. If requested, the Dental Provider must provide us with dental x-rays, study models or other information necessary to evaluate the treatment plan for purposes of Benefit determination.

We will determine if the proposed treatment is a Covered Dental Service and will estimate the amount of payment. The estimate of Benefits payable will be sent to the Dental Provider and will be subject to all terms, conditions and provisions of the *Contract*. Clinical situations that can be effectively treated by a less costly, clinically acceptable alternative procedure will be given a Benefit based on the less costly procedure.

A pre-treatment estimate of Benefits is not an agreement to pay for expenses. This procedure lets you know in advance approximately what portion of the expenses will be considered for payment.

Does Prior Authorization Apply?

Prior authorization is required for orthodontic services. Speak to your Dental Provider about obtaining a prior authorization before Dental Care Services are provided. It is your Dental Provider's responsibility for obtaining a prior authorization. If you do not obtain a prior authorization, we have a right to deny your claim for failure to comply with this requirement.

Benefits for Pediatric Dental Care Services

Benefits are provided for the Dental Care Services stated in this section when such services are:

- A. Necessary.
- B. Provided by or under the direction of a Dental Provider.

11. Setting of facial bony fractures and any treatment related with the dislocation of facial skeletal hard tissue.

Defined Terms for Pediatric Dental Care Services

The following definitions are in addition to those listed in *Section 8: Defined Terms of the Contract*:

Allowed Dental Amounts - Allowed Dental Amounts for Covered Dental Care Services, incurred while the *Contract* is in effect, are our contracted fee(s) for Covered Dental Care Services with that Provider.

Covered Dental Care Service - a Dental Care Service or Dental Procedure for which Benefits are provided under this section.

Dental Provider - any dentist or dental practitioner who is duly licensed and qualified under the law of jurisdiction in which treatment is received to provide Dental Care Services, perform dental surgery or provide anesthetics for dental surgery.

Dental Care Service or Dental Procedures - dental care or treatment provided by a Dental Provider to a Covered Person while the *Contract* is in effect, provided such care or treatment is recognized by us as a generally accepted form of care or treatment according to prevailing standards of dental practice.

Necessary - Dental Care Services and supplies under this section which are determined by us through case-by-case assessments of care based on accepted dental practices to be appropriate and are all of the following:

- Necessary to meet the basic dental needs of the Covered Person.
- Provided in the most cost-efficient manner and type of setting appropriate for the delivery of the Dental Care Service.
- Consistent in type, frequency and duration of treatment with scientifically based guidelines of national clinical, research, or health care coverage organizations or governmental agencies that are accepted by us.
- Consistent with the diagnosis of the condition.
- Required for reasons other than the convenience of the Covered Person or his or her Dental Provider.
- Demonstrated through prevailing peer-reviewed dental literature to be either:
 - Safe and effective for treating or diagnosing the condition or sickness for which their use is proposed; or
 - Safe with promising efficacy
 - ♦ For treating a life threatening dental disease or condition.
 - ♦ Provided in a clinically controlled research setting.
 - ♦ Using a specific research protocol that meets standards equivalent to those defined by the *National Institutes of Health*.

(For the purpose of this definition, the term life threatening is used to describe dental diseases or sicknesses or conditions, which are more likely than not to cause death within one year of the date of the request for treatment.)

The fact that a Dental Provider has performed or prescribed a procedure or treatment or the fact that it may be the only treatment for a particular dental disease does not mean that it is a Necessary Covered Dental Care Service as defined in this section. The definition of Necessary used in this section relates only to Benefits under this section and differs from the way in which a Dental Provider engaged in the practice of dentistry may define necessary.

Section 13: Consolidated Appropriations Act Summary

The EOC complies with the applicable provisions of the *Consolidated Appropriations Act (the "Act")* (P.L. 116-260).

No Surprises Act

Balance Billing

Under the Act, the *No Surprises Act* prohibits balance billing by out-of-Network providers in the following instances:

- When Ancillary Services are received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians.
- When non-Ancillary Services are received at certain Network facilities on a non-Emergency basis from out-of-Network Physicians who have not satisfied the notice and consent criteria or for unforeseen or urgent medical needs that arise at the time a non-Ancillary Service is provided for which notice and consent has been satisfied as described in the Act.
- When Emergency Health Care Services are provided by an out-of-Network provider.
- When Air Ambulance services are provided by an out-of-Network provider.

In these instances, the out-of-Network provider may not bill you for amounts in excess of your applicable Co-payment or Cost Share Percentage (cost share). Your cost share will be provided at the same level as if provided by a Network provider and is determined based on the Recognized Amount.

For the purpose of this Summary, "certain Network facilities" are limited to a hospital (as defined in 1861(e) of the *Social Security Act*), a hospital outpatient department, a critical access hospital (as defined in 1861(mm)(1) of the *Social Security Act*), an ambulatory surgical center described in section 1833(i)(1)(A) of the *Social Security Act*, and any other facility specified by the Secretary.

Determination of Our Payment to the Out-of-Network Provider:

When Covered Health Care Services are received from out-of-Network providers for the instances as described above, Allowed Amounts, which are used to determine our payment to out-of-Network providers, are based on one of the following in the order listed below as applicable:

- The reimbursement rate as determined by a state *All Payer Model Agreement*.
- The reimbursement rate as determined by state law.
- The initial payment made by us or the amount subsequently agreed to by the out-of-Network provider and us.
- The amount determined by *Independent Dispute Resolution (IDR)*.

Continuity of Care

The Act provides that if you are currently receiving treatment for Covered Health Care Services from a provider whose network status changes from Network to out-of-Network during such treatment due to termination (non-renewal or expiration) of the provider's contract, you may be eligible to request continued care from your current provider under the same terms and conditions that would have applied prior to termination of the provider's contract for specified conditions and timeframes. This provision does not apply to provider contract terminations for failure to meet applicable quality standards or for fraud. If you would like help to find out if you are eligible for continuity of care Benefits, please call the telephone number on your ID card.

Provider Directories

The Act provides that if you receive a Covered Health Care Service from an out-of-Network provider and were informed incorrectly by us prior to receipt of the Covered Health Care Service that the provider was a Network provider, either through our database, our provider directory, or in our response to your request for such information (via telephone, electronic, web-based or internet-based means), you may be eligible for cost sharing that would be no greater than if the service had been provided from a Network provider.

Amendment: Off-Exchange Qualified Health Plan

As described in this *Amendment*, the Qualified Health Plan *EOC* is modified to support coverage for Eligible Persons who wish to purchase the same Qualified Health Plan coverage off the individual exchange.

1. Section 3: When Coverage Begins and Premiums is replaced in its entirety with the following:

Section 3: When Coverage Begins and Premiums

How Do You Enroll?

Eligible Persons must complete and submit an application for insurance and make the required Premium payment. We will not provide Benefits for health care services that you receive before your effective date of coverage.

What If You Are Hospitalized When Your Coverage Begins?

We will pay Benefits for Covered Health Care Services when all of the following apply:

- You are an inpatient in a Hospital, Skilled Nursing Facility or Inpatient Rehabilitation Facility on the day your coverage begins.
- You receive Covered Health Care Services on or after your first day of coverage related to that Inpatient Stay.
- You receive Covered Health Care Services in accordance with the terms of the *Contract*.

These Benefits are subject to your prior carrier's obligations under state law or contract.

You should notify us of your hospitalization within 48 hours of the day your coverage begins, or as soon as is reasonably possible. Network Benefits are available only if you receive Covered Health Care Services from Network Providers.

Who is Eligible for Coverage?

Who is eligible to enroll and who qualifies as a Dependent will be determined by us under the terms of the *Contract*.

Eligible Person

Eligible Person refers to a person who meets the eligibility rules for coverage under this *EOC* and as determined based on information submitted in the application for coverage. When an Eligible Person enrolls, we refer to that person as a Subscriber. For a complete definition of Eligible Person and Subscriber, see *Section 8: Defined Terms*.

Eligible Persons must live within the Service Area.

Dependent

Dependent generally refers to the Subscriber's spouse and children. When a Dependent enrolls, we refer to that person as an Enrolled Dependent. For a complete definition of Dependent and Enrolled Dependent, see *Section 8: Defined Terms*.

Dependents of an Eligible Person may not enroll unless the Eligible Person is also covered under the *Contract*.

When Do You Enroll and When Does Coverage Begin?

Except as described below, Eligible Persons may not enroll themselves or their Dependents.

Open Enrollment Period

The open enrollment period is the period of time when Eligible Persons can apply for insurance for themselves and their Dependents, as determined by state or federal law.

Coverage begins on the date identified in this *EOC* if we receive the completed application and the required Premium.

Special Enrollment Period

An Eligible Person and/or Dependent may also be able to enroll during a special enrollment period, as determined by state or federal law.

Adding New Dependents

Subscribers may apply for insurance for Dependents only as described below.

The Subscriber must notify us of a new Dependent to be added to the *Contract*. Additional Premium may also be required, and it will be calculated from the date coverage is effective.

Dependent Eligibility

Your Dependents become eligible for insurance on the later of following:

- The date you became insured under the *Contract*.
- The first day of the first full calendar month after the date of becoming your Dependent.

Effective Date for Initial Dependents:

The effective date for your initial Dependents, if any, is shown on the face page of this *EOC*. Only Dependents included in the application for insurance will be covered on your effective date.

Adding a Newborn Child:

A Dependent child born to you or your spouse will be covered from the time of birth until the 61st day after birth, unless you or your spouse advises us not to add the newborn child.

Adding an Adopted Child:

A Dependent child legally placed for adoption with you or your spouse will be covered from the date of placement until the 31st day after placement.

As used in this provision, "placement" means the earlier of the following:

- The date that you or your spouse assume physical custody of the child for the purpose of adoption.
- The date of entry of an order granting you or your spouse custody of the child for the purpose of adoption.
- The date the adoptees or children have become the subject of a suit for adoption by the Subscriber, where the Subscriber has legal responsibility for the health care of the dependents.

Additional Premium:

Additional Premium may be required to continue coverage beyond the 31st day following the birth or placement of the child. The required Premium will be calculated from the date of birth or date of placement for adoption. Coverage of the child will terminate on the 31st day following birth or placement, unless we have received both verbal or written notice of the child's birth or your or your spouse's intent to adopt the child and the required premium within 90 days of the date of birth or date of placement.

Adding Other Dependents:

If you submit an application for insurance on a Dependent and you pay the required Premiums, then the effective date will be shown in the written notice to you that the Dependent is insured.

Premiums

All Premiums are payable on a monthly basis, by the Subscriber. The first Premium is due and payable on the effective date of the *Contract*. Subsequent Premiums are due and payable no later than the first day of the month thereafter that the *Contract* is in effect.

We will also accept Premium payments from the following third parties:

- *Ryan White HIV/AIDS Program* under title XXVI of the *Public Health Service Act*.
- Indian tribes, tribal organizations or urban Indian organizations.

- Local, State and Federal Government programs, including grantees directed by government programs to make payments on their behalf consistent with the program's statutory authority.

Each Premium is to be paid by you, or a third party identified above, without contribution or reimbursement by or on behalf of any other third party including, but not limited to, any health care Provider or any health care Provider sponsored organization.

Premiums shall not be pro-rated based upon your effective date of coverage. A full month's Premium shall be charged for the entire month in which your coverage becomes effective.

Upon prior written notice, we may impose an administrative fee for credit card payments. This does not obligate us to accept credit card payments. We will charge a \$20 fee for any check or automatic payment deduction that is returned unpaid.

Misstatement of Age or Tobacco Use

If your age or tobacco use status has been misstated, Benefits may be adjusted based on the relationship of the Premium paid to the Premium that should have been paid, based on the correct age or tobacco use status.

Change or Misstatement of Residence

If you change your residence, you must notify us of your new residence. Your Premium will be based on your new residence beginning on the date determined by us. If the change in residence results in the Subscriber no longer living in the Service Area, the *Contract* will terminate as described in *Section 4: When Coverage Ends*.

Grace Period

A grace period of 31 days shall be granted for the payment of any Premium, during which time coverage under the *Contract* shall continue in force. If payment is not received within this 31-day grace period, coverage may be canceled after the 31st day and the Subscriber shall be held liable for the cost of services received during the grace period. In no event shall the grace period extend beyond the date the *Contract* terminates.

We may pay Benefits for Covered Health Care Services incurred during this 31-day grace period. Any such Benefit payment is made in reliance on the receipt of the full Premium due from you by the end of the grace period.

However, if we pay Benefits for any claims during the grace period, and the full Premium is not paid by the end of the grace period, we will require repayment of all Benefits paid from you or any other person or organization that received payment on those claims. If repayment is due from another person or organization, you agree to assist and cooperate with us in obtaining repayment. You are responsible for repaying us if we are unsuccessful in recovering our payments from these other sources.

Adjustments to Premiums

We reserve the right to change the schedule of Premiums on January 1st of each calendar year. We shall give written notice of any change in Premium to the Subscriber at least 60 days prior to the effective date of the change.

2. Section 4: When Coverage Ends is replaced in its entirety with the following:

Section 4: When Coverage Ends

General Information about When Coverage Ends

As permitted by law, we may end the *Contract* and/or all similar Contracts for the reasons explained in this *EOC*.

Your right to Benefits automatically ends on the date that coverage ends, even if you are hospitalized or are otherwise receiving medical treatment on that date.

When your coverage ends, we will still pay claims for Covered Health Care Services that you received before the date your coverage ended. However, once your coverage ends, we will not pay claims for any health services received after that date (even if the medical condition that is being treated occurred before the date your coverage ended).

Unless otherwise stated, an Enrolled Dependent's coverage ends on the date the Subscriber's coverage ends.

We will refund any Premium paid and not earned due to *Contract* termination.

The *Contract* may also terminate due to changes in the actuarial value requirements under state or federal law. If the *Contract* terminates for this reason, a new *Contract*, if available, may be issued to you.

You may keep coverage in force by timely payment of the required Premiums under the *Contract* or under any subsequent Coverage you have with us.

The *Contract* will renew on January 1 of each calendar year. However, we may refuse renewal if any of the following occur:

- We refuse to renew all Contracts issued on this form, with the same type and level of Benefits, to residents of the state where you then live, as explained under *The Entire Contract Ends* below.
- There is fraud or intentional misrepresentation made by or with the knowledge of a Covered Person in filing a claim for Benefits, as explained under *Fraud or Intentional Misrepresentation* below.
- Your eligibility would otherwise be prohibited under applicable law.

Events Ending Your Coverage

Coverage ends on the earliest of the dates specified below:

- **The Entire Contract Ends**

Your coverage ends on the date the *Contract* ends. That date will be one of the following:

- The date we terminate as a Qualified Health Plan Issuer.
- The date this Benefit plan is decertified as a *Qualified Health Plan*.

- The date we specify, after we give you and the applicable state authority at least 180 days prior written notice, that we will terminate the *Contract* because we will discontinue offering and refuse to renew all individual Contracts/certificates in the individual market in the state where you reside.

- **You Are No Longer Eligible**

Your coverage ends on the date you are no longer eligible to be an Enrolled Dependent. Please refer to *Section 8: Defined Terms* for complete definitions of the terms "Eligible Person," "Subscriber," "Dependent" and "Enrolled Dependent."

- **We Receive Notice to End Coverage**

Your coverage ends on the date you request if we receive notice from you instructing us to end your coverage.

Other Events Ending Your Coverage

When any of the following happen, we will provide written notice to the Subscriber that coverage has ended on the date we identify in the notice:

- **Failure to Pay**

You fail to pay the required Premium.

- **Fraud or Intentional Misrepresentation of a Material Fact**

We will provide at least 30 days advance required notice to the Subscriber that coverage will end on the date we identify in the notice because you committed an act, practice, or omission that constituted fraud, or an intentional misrepresentation of a material fact. Examples include knowingly providing incorrect information

relating to another person's eligibility or status as a Dependent. You may appeal this decision during the notice period. The notice will contain information on how to appeal the decision.

If we find that you have performed an act, practice, or omission that constitutes fraud, or have made an intentional misrepresentation of material fact we have the right to demand that you pay back all Benefits we paid to you, or paid in your name, during the time you were incorrectly covered under the *Contract*.

- **You Accept Reimbursement for Premium**

You accept any direct or indirect contribution or reimbursement by or on behalf of any third party including, but not limited to, any health care Provider or any health care Provider sponsored organization for any portion of the Premium for coverage under the *Contract*. This prohibition does not apply to the following third parties:

- *Ryan White HIV/AIDS Program* under title XXVI of the *Public Health Service Act*.
- Indian tribes, tribal organizations or urban Indian organizations.
- Local, State and Federal Government programs, including grantees directed by government programs to make payments on their behalf consistent with the program's statutory authority.

Coverage for a Disabled Dependent Child

Coverage for an unmarried Enrolled Dependent child who is disabled will not end just because the child has reached a certain age. We will extend the coverage for that child beyond this age if both of the following are true:

- The Enrolled Dependent child is not able to support him/herself because of mental, developmental, or physical disability.
- The Enrolled Dependent child depends mainly on the Subscriber for support.

Coverage will continue as long as the Enrolled Dependent is medically certified as disabled and dependent unless coverage is otherwise terminated in accordance with the terms of the *Contract*.

You must furnish us with proof of the medical certification of disability within 31 days of the date coverage would otherwise have ended because the child reached a certain age. Before we agree to this extension of coverage for the child, we may require that a Physician chosen by us examine the child. We will pay for that exam.

We may continue to ask you for proof that the child continues to be disabled and dependent. Such proof might include medical exams at our expense. We will not ask for this information more than once a year.

If you do not provide proof of the child's disability and dependency within 31 days of our request as described above, coverage for that child will end.

Reinstatement

When coverage under the *Contract* terminates for any reason, we will not reinstate coverage. You must make application for coverage under another *Contract*.

Continuance of Coverage Due to Change in Marital Status

If a Covered Person loses coverage due to a change in marital status, that person will be issued coverage in compliance with 28 TAC §21.407.

3. The definition of Eligible Person in Section 8: Defined Terms is replaced with the following:

Eligible Person - a person who meets the eligibility requirements for coverage under the *Contract* and as determined based on information submitted in the application. An Eligible Person must live within the Service Area.

Important Information About Coverage Under The Texas Life And Health Insurance Guaranty Association
(For Insurers declared insolvent or impaired on or after September 1, 2011)

Texas law establishes a system to protect Texas policyholders if their life or health insurance company fails. The Texas Life and Health Insurance Guaranty Association ("the Association") administers this protection system. Only the policyholders of insurance companies that are members of the of the Association are eligible for this protection which is subject to the terms, limitations, and conditions of the Association law. - Residents of other states, ONLY if the following conditions are met:

These limits are applied for each insolvent insurance company.
