

**Disclaimer:**

Your costs, the amount you pay for a covered drug, will depend on your coverage tier. Each covered drug is in one of several tiers. Each drug's tier amount may be different. Each drug tier may have a different copayment or coinsurance amount. Please refer to your Annual Evidence of Coverage for additional information. To find out the cost of your drugs, call the toll-free number on your ID card. If a drug is considered medically necessary and administered by your provider, the cost share you pay for such covered expenses will be included in your deductible (if applicable) and out of pocket maximum. The "Coins Band" (or estimated member cost share) listed below is based on a rolling 12 months' of UHC claims data for drugs administered in a provider's office. The band was calculated based on the number of claims received during that period and then divided by the total cost per drug. Please note the member cost share listed may vary based on the number of claims each month.

After satisfaction of the applicable deductible, based on the individuals medical plan, the member's medical drugs costs will be any of the following:

- A) \$100 and under
- B) Over \$100 to \$250
- C) Over \$250 to \$500
- D) Over \$500 to \$1,000
- E) Over \$1000
